The Maryland Parole Commission originated in 1914 as the Advisory Board of Parole (Chapter 500, Acts of 1914). In 1922, Board functions were assumed by the Parole Commissioner (Chapter 29, Acts of 1922). The Board of Parole and Probation succeeded the Parole Commissioner in 1939 (Chapter 406, Acts of 1939). In 1968, the Board of Parole and Probation was reformed as the Board of Parole (Chapter 457, Acts of 1968). It was replaced by the Maryland Parole Commission in 1976 (Chapter 540, Acts of 1976).

Parole is considered for persons sentenced for a term of six months or more to the jurisdiction of the Division of Correction, or to any other place of confinement or detention for violators of State criminal laws, when the prisoner has served one-fourth of the term or consecutive terms in confinement. Commission jurisdiction extends to persons sentenced under State law to any penal or correctional institution, including local jails and detention centers.

The Commission uses hearing examiners to hear certain cases for parole release. The Commission itself has exclusive power to hear certain serious cases for parole release and to conduct hearings for revocation of parole. The Commission can issue warrants for the return to custody of alleged violators of parole and to suspend or revoke parole upon a showing of its violation.

Decisions of Commission hearing examiners, if concurred with by the Commission on summary review, become final. A final decision of the hearing examiner may be appealed to a panel of Commission members for review upon the record. The decision of the appeal panel is final.

On its own initiative, the Commission must ask the Division of Parole and Probation, the Division of Correction, or the Division of Pretrial Detention and Services to make investigations that aid the Commission in determining the advisability of granting parole. The Commission evaluates information from the Division of Parole and Probation on the behavior of parolees. In addition, the Commission directs the Division of Parole and Probation to conduct investigations from which recommendations are made to the Governor on pardons, commutations of sentences, and parole of persons sentenced to life imprisonment.

The Commission also is authorized to negotiate and execute tri-party contracts for the release on parole of an inmate at a predetermined future date, conditioned upon the fulfillment of the conditions specified in the contract. Signatories to such mutual agreements are the Maryland Parole Commission, the Commissioner of Correction, and the inmate.

The Commission is composed of seven members. All are appointed for six-year terms by the Secretary of Public Safety and Correctional Services with the Governor's approval and Senate advice and consent. Each member must be a State resident with training and experience in law, sociology, psychology, psychiatry, education, social work, or criminology. With the approval of the Governor, the Secretary of Public Safety and Correctional Services designates the chairperson (Code 1957, Art. 41, secs. 4-501 through 4-512).

DIVISION OF PAROLE & PROBATION

W. Roland Knapp, *Director of Parole & Probation*

6776 Reisterstown Road, Suite 305
Baltimore, MD 21215—2341 (410) 764-4276

The Division of Parole and Probation was constituted in 1939 to administer State parole and probation laws (Chapter 406, Acts of 1939). In 1953, the Division was renamed the Department of Parole and Probation (Chapter 653, Acts of 1953). The Department was reorganized in 1968 separate from the Board of Parole (Chapter 457, Acts of 1968). In 1970, the Department was renamed the Division of Parole and Probation (Chapter 401, Acts of 1970).

The Division supervises the conduct of parolees and adult probationers. It regularly informs the Maryland Parole Commission of parolees' activities and notifies the District or Circuit Courts of probationers' activities. At its discretion, the Division recommends that the Commission issue warrants to retake parolees charged with violation of parole. Warrants also are requested from the courts to apprehend probationers charged with violating conditions of their probation.

The Division uses a case management system to classify offenders based upon the risk of their continued criminal activity and need for services. For parolees and probationers, the Division offers counseling, case-work, and diagnosis of substance abuse and other problems. The Division also refers clients to community treatment programs. Citizen volunteers help counsel and supervise parolees and probationers.

The Division undertakes various types of investigations, when requested, for the courts of Maryland, the Maryland Parole Commission, and the Governor. Unless otherwise ordered, a presentence investigation is completed for the court when the sentencing of a defendant convicted of felony in a Circuit Court may result in the defendant being remanded to the jurisdiction of the Division of Correction or referred to Patuxent Institution.

At the direction of the Court of Special Appeals, the Division investigates, reports, and makes recommendations regarding applications for review of criminal sentences. Where a felony offense caused physical, psychological or economic injury, the Division prepares a victim impact statement as part of the presentence investigation. A victim impact statement also is prepared when a misdemeanor offense has caused serious physical injury or death.

Division investigations help the Maryland Parole Commission determine whether to grant parole. The Division also investigates the home and employment proposals of parolees and probationers from other states wanting to live in Maryland under the Uniform Out-of-State Parolee Supervision Act.

At the request of the Governor or the Governor's designee, the Division also investigates and reports on persons applying for pardon, commutation of sentence, or clemency.

The Director of Parole and Probation is appointed by the Secretary of Public Safety and Correctional Services with the approval of the Governor and Senate advice and consent. The Director serves at the pleasure of the Secretary. (Code 1957, Art. 41, secs. 4-601 through 4-613).

ORIGIN & FUNCTIONS

Established in 1970, the Department of Transportation provides Maryland citizens with a transportation network encompassing aviation, highway, marine, mass transit, motor vehicle, railroad and toll facilities (Chapter 526, Acts of 1970). Because transportation's role in the State's economic development always has been vital, the evolution of Maryland's transportation systems directly reflects Maryland's growth.

The Department was formed by the consolidation of independent State agencies, each responsible for a specific transportation sphere. Despite State support for the expansion of transportation networks, none of these agencies was created prior to 1900. Yet, because the ability of citizens to travel from place to place

affected the conduct of government, defense, and trade, Maryland government's concern with ensuring modes of transportation dates from the seventeenth century.

In the colonial period, ships brought settlers and provided a link to Europe, the Caribbean, and Africa. Maryland's abundant waterways, including Chesapeake Bay and navigable tidal rivers and creeks, served travel and communication needs until settlement moved inland. Ferries were the first form of transport covered by law. An act of 1638⁹ provided for a ferry across St. George's River to enable persons to attend provincial assemblies in St. Mary's City; toll was set at one pound of tobacco. By 1658, a more general need for ferries was expressed, and the Assembly required each county, except Kent, to maintain a ferry out of the county tax levy. The 1658 act made the county courts responsible for ferries, though ferry operations soon were assumed by private enterprise. The county courts later became responsible for roads as well, and over the next two centuries, while the legislature authorized the laying out, building, and repairing of roads and bridges, both public and private, the counties, through commissioners or elected road commissioners, actually built and paid for them.

Public Roads. Maryland's first road law was passed in 1666. It ordered county commissioners to make highways and paths passable for persons on horse and foot by 1668. In each county, overseers were to be appointed, and either tobacco or labor was to be assessed against county taxables. Compelling county residents to work a certain number of days per year on county roads was rooted in English custom, dating from feudal times, and became a long-lasting tradition in Maryland. An act of 1704 also required roads to be made passable but was more specific: the roads were to be cleared and grubbed to a width of twenty feet; substantial bridges built where needed; trees alongside notched in such a way that the traveler could tell if the road led to a ferry, courthouse, church, or to Annapolis or Williamstadt; the public roads recorded annually in the county records; and fines set for any person failing to do his road duty. Despite the volume of road legislation in the eighteenth century, travel on Maryland roads remained a harrowing experience according to contemporary accounts. Plenty of roads were cleared, but few had improved surfaces of any kind. In 1787, Baltimore County was called upon to fund and oversee several turnpikes leading to Baltimore Town (Chapter 23, Acts of 1787). The movement westward required roads able to bear heavy wagons; the French and Indian War required a military supply road to Fort Cumberland; post roads were needed for efficient communication and trade between colonies. County labor and tax levies were unequal to growing demand. In 1793, convicts and vagrants were sentenced to work on public roads (Chapter 57, Acts of 1793).

Private Turnpikes. Turnpikes played an important role in road development in Maryland. Although more turnpike companies failed than succeeded, the best roads in the State were turnpikes. Some fell into disuse, others reverted to the counties, but Maryland was unique in the number of private turnpikes which existed into the twentieth century. The State Roads Commission purchased the last one in 1921. Turnpikes relieved the counties of the financial burden of building and maintaining roads by investing private capital in what had proved to be a monumental task and by making road users pay for upkeep. The legislature chartered any number of private turnpike companies between 1787 and 1804 with limited success, as indicated by an act of 1804 which mentions "the public expectation almost entirely frustrated" (Chapter 51, Acts of 1804). The companies incorporated under the 1804 act compensated Baltimore County for work accomplished under the 1787 act and succeeded in building most of Maryland's major routes west. However, no company sought incorporation to build the last connecting link to the National Road in Cumberland without which trade from the interior would be lost. The legislature came up with a complex scheme which tied together the renewal of bank charters, construction of the Cumberland Turnpike, and funding for free schools (Chapter 122, Acts of 1813). By 1825, the major turnpikes in Maryland were completed and, in their heyday, Baltimore was the terminus for seven pikes. In 1834, the federal government turned over to Virginia, Pennsylvania, and Maryland those sections of the National Road within their respective borders to become turnpikes. Maryland's legislature, in anticipation of federal action, had already set tolls and provided for the appointment of one of the earliest State transportation officials, the Superintendent of the National Road (Chapter 85, Acts of 1831).

Canals and Railroads. Paralleling the turnpike movement was the nationwide craze for internal improvements, i.e., canals and railroads. George Washington himself was instrumental in setting up the Potomac Company to open navigation on the Potomac River up to Cumberland by means of canals around the worst rapids. In 1784, Maryland confirmed the charter issued by Virginia, and although the Potomac Company did overcome some obstacles to navigation, it soon ran into debt (Chapter 33, Acts of 1784). A bi-state commission in 1821 recommended abandoning the charter and the riverbed, and instead, perhaps inspired by the near-completion of the Erie Canal, building a canal in the river valley from the Potomac to the Ohio River. The legislature, hoping to recoup in part its financial investment in the Potomac Company, chartered the Chesapeake and Ohio Canal Company in 1823 (Chapter 140, Acts of 1823). Baltimore interests expected no benefit from the proposed canal, although a feeder canal to Baltimore had been considered, and on July 4, 1828, as ground was broken for the canal, it also was broken for the Baltimore and Ohio Railroad (Chapter 123, Acts of 1826),

with the advice of the Secretary of Transportation. The seven regional members of the State Roads Commission serve ex officio. The Governor designates the chairperson (Code Transportation Article, secs. 2-201 through 2-205).

BOARD OF REVIEW

Elmer E. Horsey, *Chairperson*, 1996

Julianne Stoll, *Secretary*

(410) 859-7260

The Board of Review of the Department of Transportation hears and determines appeals from certain decisions of the Secretary of Transportation or of any agency within the Department.

The Board consists of seven members appointed to three-year terms by the Governor with the advice of the Secretary of Transportation and Senate advice and consent. At least four must represent the public and three must have knowledge and experience in one or more of the fields under the Department's jurisdiction (Code Transportation Article, secs. 2-501 through 2-506).

TRANSPORTATION PROFESSIONAL SERVICES SELECTION BOARD

William M. Corun, *Chairperson*, 1997

Dorothy E. Runkles, *Executive Secretary*

(410) 859-7142

The Transportation Professional Services Selection Board was created in 1974 (Chapter 732, Acts of 1974). For architectural or engineering services needed by the Department or a Department unit, the Board makes recommendations to the Board of Public Works on the award of contracts when the contract exceeds \$100,000. Actions of the Selection Board are governed by the Maryland Procurement Act—Transportation Agencies (Code State Finance and Procurement Article, secs. 13-301 through 13-323) and the requirements of the State Procurement Regulations (COMAR 21.12.02).

The Board has four members. The Governor appoints two public members to five-year terms and, upon recommendation of the Secretary of Transportation, also selects a member from the Department of Transportation. The Secretary of Transportation, or designee, serves ex officio. On recommendation of the Secretary of Transportation, the Governor may designate an alternate member.

BOARD OF AIRPORT ZONING APPEALS

John T. Cookson, Jr., *Chairperson*, 1995

Julianne Stoll, *Secretary*

(410) 859-7260

The Board of Airport Zoning Appeals was formed in 1968 to help enforce noise zone regulations for Baltimore/Washington International (BWI) Airport

(Chapter 450, Acts of 1968). These regulations establish a "noise zone" around BWI Airport. In this zone, new land development is prohibited if it is incompatible with airport noise levels. The Board grants specific variances from airport zoning regulations in cases of practical difficulty or unnecessary hardship.

The Board's ten members are appointed to four-year terms by the Governor with the advice of the Secretary of Transportation and Senate advice and consent. Three members must reside in Anne Arundel County, three in Baltimore County and two in Howard County. Two members, including the chairperson, must be residents of other counties. The Governor designates the chairperson (Code Transportation Article, secs. 5-501 through 5-511).

STATE HIGHWAY ADMINISTRATION

Hal Kassoff, *State Highway Administrator*

Elizabeth L. Homer, *Deputy Administrator*

707 North Calvert St.

Baltimore, MD 21202

(410) 333-1111

Created in 1970, the State Highway Administration constructs and maintains State roads and bridges (Chapter 526, Acts of 1970; Code Transportation Article, secs. 8-101 through 8-812). Prior to 1970, State highway programs had been administered by the State Roads Commission.

The Department of Transportation administers the State Highway Safety Program and the State Highway Administrator is the Governor's Highway Safety Representative. The Program is conducted by the Office of Traffic and Safety (Code Transportation Article, secs. 2-401 through 2-409).

Under the State Highway Administration are the State Roads Commission, the District Engineers, the Chief Engineer, and four offices: Administration; Finance and Program Management; Real Estate; and Planning and Preliminary Engineering.

STATE ROADS COMMISSION

Chairperson: Hal Kassoff, State Highway Administrator

Timothy F. Crofoot, *Secretary*

P.O. Box 717

707 North Calvert St.

Baltimore, MD 21203

(410) 333-1208

Origins of the State Roads Commission date to 1904 when highway survey functions were assigned to the Maryland Geological and Economic Survey. In 1908, the State Roads Commission assumed those duties and additional responsibilities as well (Chapter 141, Acts of 1908). The Chairperson of the State Roads Commission was the Director of Highways. In 1970, the State Roads Commission

became part of the Department of Transportation (Chapter 526, Acts of 1970). At that time, most Commission duties were assumed by the State Highway Administration, and the Director became State Highway Administrator.

By condemnation proceedings, the State Roads Commission acquires property needed for highway purposes (Code Transportation Article, secs. 8-210 through 8-339; Constitution, Art. III, sec. 40B).

The Commission consists of eight members appointed to four-year terms by the Secretary of Transportation with the Governor's approval. Seven members serve part-time. They are Regional Commissioners appointed from seven geographic areas: the Eastern Shore; Anne Arundel, Calvert, Charles, or St. Mary's County; Allegany, Carroll, Frederick, Garrett, or Washington County; Montgomery County; Prince George's County; Baltimore, Harford, or Howard County; and Baltimore City. At least two members must belong to a leading political party in the State which is not the party of the Governor. The chairperson, who is also the State Highway Administrator, is appointed by the Secretary of Transportation with the Governor's approval (Code Transportation Article, secs. 8-210 through 8-218).

DISTRICT ENGINEERS

The State Highway Administration has divided the State into seven engineering districts where right-of-way and legal offices are maintained. District Engineers are responsible for these offices.

District Engineers work to provide the traveling public with safe roads. Within their geographic areas, District Engineers administer and implement programs and policies of the State Highway Administration and Department of Transportation. They oversee bridge and road construction and maintenance; develop and manage district budgets; and recommend improvements for traffic. District Engineers represent the State Highway Administration in all public matters at the district level. They also make recommendations to and coordinate their work with representatives of the Federal Highway Administration, the Department of Transportation, other State agencies, local government, and the public.

OFFICE OF CHIEF ENGINEER

C. Robert Olsen, *Chief Engineer*

707 North Calvert St.
Baltimore, MD 21202

(410) 333-1200

The Office of Chief Engineer began in 1908 with the creation of the State Roads Commission. The Chief Engineer is responsible for the engineering of highways and bridges under the State Highway Administration. The Chief Engineer provides guidance to the District Engineers and monitors the overall program.

Under the Chief Engineer are six deputies who oversee construction, maintenance, materials and research, traffic and safety, highway development, and bridge development.

OFFICE OF ADMINISTRATION

Marsha J. Allender, *Director*
(410) 333-1234

The Office of Administration was organized in 1964 as the Administrative Division under the State Roads Commission. The Office administers daily management and administrative operations of the State Highway Administration.

OFFICE OF FINANCE & PROGRAM MANAGEMENT

Gayle M. Seward, *Director*
(410) 333-1470

The Office of Finance and Program Management was formed in 1964 as the Finance and Accounting Division under the State Roads Commission. The Office administers and coordinates daily financial operations and long-term financial planning for the annual program and operating budget of the State Highway Administration.

OFFICE OF REAL ESTATE

Robert J. Finck, *Director*
(410) 333-1666

The Office of Real Estate dates from 1930, when the Right of Way Department was created under the State Roads Commission. The Office directs statewide acquisition of land and relocation of people and businesses necessary for the construction of State Highway Administration projects in the Consolidated Transportation Program. The Office also leases properties of the State Highway Administration, sells excess land parcels, and licenses billboards and other outdoor advertising along State highways.

OFFICE OF PLANNING & PRELIMINARY ENGINEERING

Neil J. Pedersen, *Director*
(410) 333-1110

Created in 1985, the Office of Planning and Preliminary Engineering directs and manages systems planning and project planning for the State Highway Administration and develops the six-year capital program of the Administration.

MARYLAND PORT COMMISSION

Chairperson: O. James Lighthizer, Secretary of Transportation
(410) 859-7397

The Maryland Port Commission was formed in 1988 (Chapter 541, Acts of 1988). The Commission oversees the Maryland Port Administration. By devising flexible procedures, particularly for personnel and procurement, the Commission works to give the Port of Baltimore the competitive edge in maritime trade.

The Commission is composed of seven members. Six are appointed to three-year terms by the Governor with Senate advice and consent. The Secretary of Transportation serves as chairperson (Code Transportation Article, secs. 6-201 through 6-204).

The Maryland Transportation Authority governs and sets policy for the State's toll roads, bridges, and tunnels (Code Transportation Article, secs. 4-201 through 4-404). The Authority was created in 1970 (Chapter 526, Acts of 1970).

The Transportation Authority operates and maintains four toll bridges, the Baltimore Harbor Tunnel, the Fort McHenry Tunnel, and the John F. Kennedy Memorial Highway. These facilities were constructed with proceeds from the sale of revenue bonds and from toll revenues. They are operated and maintained solely through the tolls charged to users.

The Authority consists of the Secretary of Transportation as chairperson and six public members appointed for three-year terms by the Governor with Senate advice and consent (Code Transportation Article, secs. 4-101 through 4-404).

Administrative, engineering and finance operations of the Authority are centralized at the Francis Scott Key Bridge over Baltimore's outer harbor.

BRIDGES

(410) 288-8420

The office of Bridges Administrator originated in 1975 as the Administrator of Toll Facilities. The title was changed to Administrator, Bridges, in May 1985, and to Maryland Transportation Authority Administrator, Bridges, in November 1987. The Administrator directs and manages the collection,

safeguarding, and disposition of tolls; control and movement of traffic; and the physical maintenance of roads, structures, and facilities of toll bridges and approaches.

Francis Scott Key Bridge was opened to traffic in March of 1977 and connects Sollers Point in Baltimore County with Hawkins Point in Baltimore City. It also is the final link in the 52-mile Baltimore Beltway (Interstate 695).

William Preston Lane, Jr., Memorial Bridge is one of the longest over-water steel structures in the world. It spans 4.35 miles of the Chesapeake Bay between Sandy Point on the Western Shore to a point near Stevensville on the Eastern Shore. Traffic lanes between the suspension towers are 2,922-1/2 feet in length and 198-1/2 feet above the Bay. The Bridge rises to a total height of 354 feet. This span was opened to traffic on July 30, 1952. At the request of the General Assembly, the State Roads Commission in 1967 renamed the Chesapeake Bay Toll Bridge as the William Preston Lane, Jr., Memorial Bridge (Joint Resolution no. 21, Acts of 1967).

In 1968, Bridge and Tunnel Revenue Bonds were issued to construct a parallel bridge across the Chesapeake Bay, a crossing of the Patapsco River (Baltimore Outer Harbor) from Hawkins Point to Sparrows Point, and a connection on the Harbor Tunnel Thruway between U.S. Route 1 and Interstate 95 near Elkridge. On June 28, 1973, the parallel Bay Bridge was opened to traffic. Also named the William Preston Lane, Jr., Memorial Bridge, this parallel bridge now is referred to as the westbound span, while the original bridge is the eastbound span.

Thomas J. Hatem Memorial Bridge, formerly the Susquehanna River Toll Bridge, spans the Susquehanna River from a point near Perryville, Cecil County, to a point near Havre de Grace, Harford County. Opened to traffic on August 28, 1940, the Bridge is 1.4 miles long.

Governor Harry W. Nice Memorial Bridge across the Potomac River in Charles County was opened to traffic in December 1940. It links U.S. 301 between Maryland and Virginia. Originally called the Potomac River Toll Bridge, the 1.7 mile structure received its present name in 1967 from the State Roads Commission.

Baltimore Harbor Tunnel and its eighteen-mile thruway opened to traffic on November 30, 1957. Designated Interstate 895, the Tunnel provides a major north-south bypass of Baltimore City.

Fort McHenry Tunnel is the world's only eight-lane underwater tunnel for vehicular traffic. It is located just south of Fort McHenry between Locust Point and Canton, crossing Baltimore's harbor under the Patapsco River. As part of Interstate 95, the Tunnel links the southern and eastern areas of Baltimore City. The Tunnel opened to traffic on November 24, 1985.

John F. Kennedy Memorial Highway, formerly Northeastern Expressway, was constructed with revenue bond proceeds authorized in 1956 (Chapter 1, Acts of the Special Session of 1956). This toll road, a part of Interstate 95, opened to traffic on November 14, 1963. Its fifty miles extend from Delaware south to the northern limits of Baltimore City. Administrative offices of the Kennedy Memorial Highway are located at the Perryville Plaza Barrier, where tolls for through traffic are collected.

Formed in 1975, the Office on Aging administers, consolidates, and coordinates statewide programs to meet the needs of Maryland senior citizens (Chapter 261, Acts of 1975). Origins of the Office trace to 1959 when the State Coordinating Commission on the Problems of the Aging was created (Chapter 1, Acts of 1959). The Commission was renamed Commission on the Aging in 1971 (Chapter 595, Acts of 1971). The Governor, in 1974, established the Governor's Coordinating Office on Problems of the Aging. In 1975, staff from the Commission and the Governor's Coordinating Office were merged to form the Office on Aging, a cabinet-level agency. The Commission on Aging was reassigned both as an advisory and as a policy-making board to the Director.

Appointed by and responsible to the Governor, the Director on Aging serves on the Governor's Executive Council; the Governor's Volunteer Council; the Advisory Council on Landlord-Tenant Affairs; the State Advisory Council on Nutrition; the State Commission on Neighborhoods; and the Domiciliary Care Facilities Board. To evaluate services needed by elderly persons and to set priorities for meeting these needs, the Director chairs the Interagency Committee on Aging Services. The Director also serves as advocate for the elderly at all levels of government.

The Office on Aging has four divisions: Management; Housing and Long-Term Care; Planning and Intergovernmental Affairs; and Community Services and Nutrition. The Office is aided by the Commission on Aging and the Financial Review Committee (Code 1957, Art. 70B).

COMMISSION ON AGINGBishop Monroe R. Saunders, Sr., *Chairperson*, 1995

The Commission on Aging advises the Director on Aging about programs and responsibilities of the Office on Aging. The Commission consists of thirteen members appointed by the Governor to four-year terms. At least seven members must be fifty-five years of age or older. Eleven members representing various regions are selected because of their interest in the problems of the elderly. One member of the State Senate and one member of the House of Delegates serve as nonvoting Commission members. The Governor designates the chairperson (Code 1957, Art. 70B, sec. 3).

FINANCIAL REVIEW COMMITTEEFrederick M. Hudson, *Chairperson*, 1995

The Financial Review Committee was created in 1985 (Chapter 752, Acts of 1985). Upon referral by the Office on Aging, the Committee evaluates the financial condition of providers of continuing care who are experiencing financial difficulty. The Committee then recommends what action the Office should take.

The Committee's seven members are appointed to three-year terms by the Director on Aging (Code 1957, Art. 70B, sec. 17A).

MANAGEMENT DIVISION

Bernard Popick, *Chief*
(410) 225-1064

The Management Division is responsible for budgeting and financial management, personnel, training, procurement, general administration, and monitoring and auditing.

HOUSING & LONG-TERM CARE DIVISION

Ilene W. Rosenthal, *Chief*
(410) 225-1118

The Housing and Long-Term Care Division began as the Housing and Continuing Care Division. It was reorganized under its present name in 1993 and assigned functions of the former Long-Term Care Division.

The Division administers home- and community-based long-term care for vulnerable older persons who need assistance with activities of daily living and may be at risk of entering a nursing home. Senior Assisted-Housing combines housing with support services for frail residents of senior apartment projects and group homes. Senior Care, a system of coordinated in-home services, enables seniors with medical disabilities to continue residing in their homes. The Division also regulates continuing-care retirement communities which provide housing and health-related services for the payment of an entrance fee and a monthly service fee.

PLANNING & INTERGOVERNMENTAL AFFAIRS DIVISION

Violet Sloat, *Chief*
(410) 225-1270

The Planning and Intergovernmental Affairs Division started as the Planning and Evaluation Division. It was reorganized under its current name in 1993. The Division plans, develops, and assesses programs and sets their priorities. The Division also coordinates the evaluation of area agency on aging plans and is responsible for the public information activities of the Office. In addition, the Division develops and recommends State and federal legislation, as well as projects for program and statistical research.

COMMUNITY SERVICES & NUTRITION DIVISION

Janette C. Martin, *Chief*
(410) 225-1095

The Community Services and Nutrition Division was formerly the Nutrition and Community Services Division. It received its present name in 1993. The Division gives statewide direction to the local administration of aging programs and services. These include

nutrition, transportation, senior information and assistance, health promotion, physical fitness, senior center operations and construction, and senior advocacy (legal assistance, long-term care ombudsman, public guardianship, elder abuse prevention and senior health insurance counseling and advocacy). The Division monitors and technically aids a network of nineteen area agencies on aging. The agencies receive grants of federal and State funds from the Office on Aging to serve the elderly in their geographic areas. Area agencies encompass all counties and Baltimore City. Funding sources for grants include Title III of the federal Older Americans Act; Section 700 of the federal Food and Agriculture Act; and State general funds.

SENIOR INFORMATION & ASSISTANCE PROGRAM

Under the Community Services and Nutrition Division, Senior Information and Assistance is a coordinated statewide program that helps older persons obtain information and services. In each county and in Baltimore City, the Senior Information and Assistance office is the point of contact for older persons seeking services and benefits from public and private agencies.

The State Archives is the historical agency for Maryland. It serves as the central depository for government records of permanent value. These records date from the founding of the Maryland colony in 1634 to the 1990s. Among the holdings of the Archives are colonial and State executive, legislative, and judicial records; county probate, land, and court records; records of religious bodies; business records; State publications and reports; and special collections of maps, newspapers, photographs, and private papers.

Origins of the State Archives trace to the State's tercentenary celebrations in 1934. As the 300th anniversary of Maryland's founding approached, the Maryland Tercentenary Commission made a modern, centralized archives a key feature of the State's commemoration. A "Memorial Hall of Records" was proposed as early as 1928 and in 1931 the General Assembly appropriated funds to erect an archives building. Construction began in 1934; the Hall of Records opened to the public a year later. It was the first building in this country designed specifically to hold state government archives.

The General Assembly provided for the management of the public records to be housed in the new facility. A 1935 statute created the Hall of Records Commission and provided for the collection, custody, and preservation of the official records, documents, and publications of the State (Chapter 18, Acts of 1935). The Hall of Records was formed in 1935 as an independent agency of State government and remained so until its incorporation into the Department of General Services in 1970 (Chapter 97, Acts of 1970). In 1984, the Hall of Records was renamed the State Archives and became an independent agency within the office of the Governor (Chapter 286, Acts of 1984). The 1984 law defined an advisory role for the Hall of Records Commission and placed the Commission on Artistic Property under the State Archives (Code State Government Article, secs. 2-1513(b), 3-404(b), 7-213(a), 9-1001 through 9-1027, 10-604 through 10-608, 10-631 through 10-634, 10-637 through 10-642, 10-701, 10-702). In 1986, the State Archives moved to the new Hall of Records located on Rowe Boulevard across from the Courts of Appeals Building.

Within the State Archives are the Commission on Artistic Property, and a number of units, including Education and Outreach; Exhibits; Geographical Services; Government Publications and Library; Land Patents; Photographic Collections; Photographic Services; Preservation and Conservation; Publications; Reference Services; Special Collections; and State and Local Records. The State Archives is aided by the Hall of Records Commission.

HALL OF RECORDS COMMISSION

Chairperson: Robert C. Murphy, Chief Judge,
Court of Appeals

Secretary: Edward C. Papenfuse, Ph.D., State Archivist
(410) 974-3867

The Hall of Records Commission was created in 1935 (Chapter 18, Acts of 1935). As an advisory body to the State Archives, the Commission reviews and comments upon policies of the Archives that concern proposed budgets, publications, and public access to records.

The Commission is composed of eleven members. Nine serve ex officio. Two are members of the General Assembly: one senator, appointed by the Senate President, and one delegate, appointed by the House Speaker (Code State Government Article, secs. 9-1001 through 9-1006).

COMMISSION ON ARTISTIC PROPERTY

Oden Bowie, *Chairperson*

Elaine M. Rice, *Curator*

State Archives

350 Rowe Blvd.

Annapolis, MD 21401

(410) 974-3867

The Commission on Artistic Property was formed in 1969 (Chapter 111, Acts of 1969). It was incorporated into the State Archives in 1984 (Chapter 286, Acts of 1984).

The Commission keeps a continuing inventory of all valuable paintings and other decorative arts located in a public area of any State building in the Annapolis area, except a State room of the Governor's Mansion. The Commission also provides for the acquisition, location, proper care, custody, restoration, display, and preservation of these paintings and decorative arts. Every person, agency, or organization desiring to acquire a painting or other decorative art work for display in a State building or premises in the Annapolis area, except in a room of the Governor's Mansion, must secure from the Commission both prior approval and final acceptance of the painting or decorative art work. In such instances, the Commission considers the competence of the artist, the proposed location, and the quality, historical significance, and appropriateness of the work.

The Commission may, with the approval of the Governor and the State Archivist, receive and accept gifts and loans of paintings and decorative art works. With the approval of the Governor, the State Archivist may accept gifts of money for the Commission from any source, public or private, and thereafter administer and expend the funds according to the conditions and terms of the gift.

The Commission consists of eight members appointed by the State Archivist with the approval of the Governor. At least one member must represent a cultural institution in Maryland. Three members

serve ex officio. The State Archivist, with the approval of the Governor, designates the chairperson (Code State Government Article, secs. 9-1016 through 9-1023).

Documents for the Classroom. This program makes facsimiles of original documents available for use by teachers and students in elementary and secondary schools, as well as colleges and universities.

Teachers' Institutes. Each summer, the State Archives conducts teachers' institutes on how to use original sources in the classroom. Throughout the year, Education and Outreach personnel also assist teachers and school systems in developing curriculum incorporating original sources.

Biographical Initiative. Education and Outreach conducts biographical research projects focused on government officials, Civil War veterans, or other historical figures.

College Internships. Each summer, internships are offered for college students to learn archival and historical methods at the State Archives.

Research Outreach. State Archives staff make presentations to requesting groups on the use of archival materials in historical or genealogical research.

EXHIBITS

Mimi Calver, *Director*

(410) 974-3914

The State Archives creates historical exhibits. Currently showing in the new Hall of Records Building are "Charting the Chesapeake, 1590-1990," and "Providence Plantation, Anne Arundel County's First Settlement." At the State House are exhibits relating to the history of the State House; Annapolis, the Capital; and Maryland and the U.S. Constitution. Traveling exhibits include "Colonial Encounters in the Chesapeake: The Natural World of Native Americans, Europeans, and Africans, 1585-1800;" and an exhibit relating to the Chesapeake Bay Agreement.

Geographic records useful to planners, surveyors, title professionals, and others concerned with land use in Maryland are maintained by the State Archives. These materials include land records; sur-

veys; plats of subdivisions and condominiums; and other court records. Reproductions of original documents and microfilm of many records, as well as scanned images in a number of graphic formats, may be obtained at the Archives. Finding aids are available to assist in the use of these records.

Survey Materials. Many retrospective collections of survey materials are available on microfilm. The State Archives offers a subscription service furnishing aperture cards of plats received from the courts on a weekly basis.

Land Records. The State Archives distributes microfilm of land records on a subscription basis as they are received from the courts. Retrospective collections of microfilm also are available.

For geographical services, the State Archives provides telephone reference from 8:00 a.m. until 5:00 p.m., Monday through Friday. In many instances, requests for information can be answered within 24 hours.

GOVERNMENT PUBLICATIONS & LIBRARY

Shashi P. Thapar, *Librarian*

(410) 974-3914

Government Publications. Publications and reports of State government agencies date to the early 19th century. They, with the publications and reports of county and municipal governments, have been collected by the State Archives since 1947.

The State Archives also is an official depository for county charters, codes, and laws (Code 1957, Art. 25, sec. 32A; Art. 25A, secs. 3B(3), 7(b); Art. 25B, secs. 7(b)(3), 12(b)). Municipal charter amendments and annexations, after publication, are deposited annually with the State Archives by the Department of Legislative Reference (Code 1957, Art. 23A, sec. 17C).

Library. Formally organized in 1940, the Library is a reference collection which focuses on works that supplement the holdings of the State Archives. These include published records and sources on Maryland history, government biography, geography, and natural resources; county, city and town histories; regional studies; Chesapeake Bay; research guides; genealogies; and archives administration, conservation, and preservation.

The Library of the Department of Natural Resources (DNR) was transferred to the State Archives in June 1987. The DNR Library includes materials collected since 1942 on Maryland natural resources, wildlife, fisheries, forestry, water resources, and the environment.

LAND PATENTS

Edward C. Papenfuse, *State Archivist &
Commissioner of Land Patents*
Richard H. Richardson, *Deputy Commissioner*
(410) 974-3916

The State Archives became responsible for the functions of the Land Office and its collections in 1965. The Records Management Division, then a part of the Archives, took charge of recording and filing plats. When the Division was separated from the Archives in 1975, plats and other Land Office records became the responsibility of the Archives.

The State Archivist is designated as the Commissioner of Land Patents and is responsible for issuing land patents and conducting court hearings (Chapter 355, Acts of 1967). In performing these duties, the State Archivist acts independently of the duties imposed as State Archivist (Code Real Property Article, secs. 13-101 through 13-504).

The land patent process is the mechanism for granting land in Maryland. Land patents were issued by the proprietors during the colonial period, and later by the State. Virtually all land in Maryland has been patented. Through survey errors or due to the inaccessibility of a tract, however, some land never may have been included in a patent. This land, when it is discovered, may be patented, with title passing to the patentee upon payment of the fair market value of the land to the State.

An applicant for a patent must present evidence based on a title search of the property in question proving that no former patent encompasses any portion of the land. Information concerning the land patent process and an application for a patent can be obtained from the Commissioner of Land Patents.

PHOTOGRAPHIC COLLECTIONS

Mame Warren, *Curator*
(410) 974-3916

Preservation of the photographic record is an essential part of the work of the State Archives. The State Archives is the repository for thousands of photographs that document Maryland's cultural diversity. These images provide an invaluable asset to understanding the historical record from the mid-nineteenth century to the present.

The first major gift of photographs was received by the Archives in 1941. Today more than three hundred collections include photographs, many by the State's foremost photographers. The State Archives specializes in images taken in Maryland: outdoor scenes; city and townscapes; portraits of citizens; domestic life; commercial, agricultural and leisure activities.

Archives photographs come from many sources, both as gifts and as loans to be copied and preserved as part of the public record. Photographs from

Special Collections of the State Archives have been used to illustrate books, articles, motion pictures, and video productions. Copies of photographs may be purchased for reference, exhibition, commercial use, or publication.

PHOTOGRAPHIC SERVICES

Teresa M. Fountain, *Director*
(410) 974-3916

Photographic Services began in 1935. This office supports all aspects of State Archives work by various forms of imaging. An in-house photo lab, Photographic Services helps preserve and make accessible copies of records through the creation and duplication of microfiche, microfilm, photocopy, photography, and digital imaging. In this way, Photographic Services assists government agencies; promotes Maryland scholarship by aiding students, historians, and genealogists; provides evidential materials for legal matters; and supports State Archives exhibits and publications.

Services to Government Agencies. Photographic Services preserves the records of State and county government agencies while providing those agencies with working copies. In some instances, the office processes and inspects microfilm from other agencies.

Services to the Public. Photocopies, photographs, microfilm, and other forms of imaging of archival material may be ordered from Photographic Services. Through this office, microfilm of records is prepared and made available for interlibrary loans.

Preservation Microfilming. Records are microfilmed to archival standards that allow for the best resolution and density. These standards are defined by the American National Standard Institute (ANSI). Duplicates are provided on diazo and vesicular film. Other media, such as aperture cards, also are available.

Digital Imaging. Photographic Services scans record material to convert images into electronic form. By this process, a document can be reproduced in many formats.

PRESERVATION & CONSERVATION

Douglas P. McElrath, *Director*
(410) 974-3914

Conservation Laboratory. The Conservation Laboratory preserves the physical integrity of archives in many forms, including manuscript papers and record books, microfilm, microfiche, photographs, published books, government publications, maps, newspapers, and electronic files. The Conservation Lab monitors environmental conditions in temperature- and humidity-controlled storage areas. Where appropriate, conservation measures are used. These include chemical deacidification, repair

and restoration, mylar encapsulation, phase boxing, and archival bookbinding.

Preservation and Access. The State Archives preserves information with microfilm and digital imaging to expand access to historical documents. Sophisticated computer-scanning technology and microfilm produced to national preservation standards preserve images of original materials. These procedures help individuals who are not able to use originals at the Archives, and they preserve the information value of fragile manuscripts, maps, newspapers, and photographs.

Preservation Outreach. The State Archives participated in the work of the Task Force to Initiate Preservation Planning in Maryland and has assumed a leading position in promoting preservation to organizations and individuals across the State. The State Archives was designated by the Task Force to coordinate public information, workshops, and low-cost conservation services. The goal is to ensure preservation of significant collections of books and documents in Maryland libraries, museums, historical societies, government offices, private organizations, and private homes.

PUBLICATIONS

Vacancy, *Director*

(410) 974-3916

The State Archives produces a variety of finding aids, guides to records, historical monographs, essays, and directories. Every two years, the State Archives compiles, edits, publishes, and distributes the *MARYLAND MANUAL*. In addition, the State Archives prepares, edits, and publishes volumes of the new series of the *Archives of Maryland*. Some examples of publications currently available are:

Archives of Maryland, new series I: An Historical List of Public Officials of Maryland—Governors, Legislators, and other Principal Officers of Government, 1632 to 1990.

Guide to County Records on Microfilm at the Maryland State Archives.

A Guide to Government Records at the Maryland State Archives: A Comprehensive List by Agency and Record Series.

Guide to Montgomery County Plats of Surveys, Subdivisions, and Condominiums, 1783-1993.

Guide to the Newspaper Collection on Microfilm at the Maryland State Archives.

Marylanders Who Served the Nation: A Biographical Dictionary of Federal Officials from Maryland.

Brochures describing publications and educational outreach programs, and providing guidance for research are available on request.

REFERENCE SERVICES

Patricia V. Melville, *Director*

(410) 974-3914

Records are made accessible to the public and government agencies through the search room, by telephone, fax, and mail. The search room is open Tuesday through Saturday. Telephone, fax and mail reference services are available Monday through Friday.

Records are used for historical research, title searches, geographical information, vital record research, legal documentation, and genealogy. Copies of records can be produced on paper or microform by Photographic Services, an in-house photolab. Self-service copying from film and xeroxing of some materials also is available. Records on microforms may be borrowed through interlibrary loan.

SPECIAL COLLECTIONS

Nancy M. Bramucci, *Registrar*

(410) 974-3914

The State Archives is authorized to collect public and private records and other information that relates to the history of the Province and State of Maryland from the earliest times. At the discretion of the State Archivist, the State Archives also is authorized to acquire collections of private records as permanent gifts (Code State Government Article, sec. 9-1010).

Special Collections supervises the care, preservation, accessioning, and description of private records. These nongovernmental records usually are given to the State Archives by private donors and generally consist of personal letters, diaries, photographs, maps, church records, architectural plans, and other manuscript documents.

With the exception of collections of fine arts and photographs, the Registrar, in conjunction with the State Archivist, reviews offers of materials as gifts to Special Collections. Offers of photographic collections are reviewed by the Curator of Photographs in conjunction with the Registrar and State Archivist, while gifts of fine arts are reviewed by the Curator of Artistic Property and the State Archivist. Materials are accepted on the basis of their relevance to the holdings of the State Archives, their condition, and the need to provide for their proper storage and care.

While collections generally are offered as gifts to the State Archives, occasionally materials are accepted on deposit. The decision to accept a collection of original materials as a deposit is made by the Registrar in conjunction with the State Archivist based upon the relevance of the collection to the holdings of the State Archives, its condition, and the historical value of the collection. A collection may be placed on deposit if its contents are to be photographed or microfilmed as a reference collection at the Archives and the original materials returned to the owner.

STATE & LOCAL GOVERNMENT RECORDS

Kevin J. Swanson, *Director*
(410) 974-3862

State, county and municipal government agencies in Maryland may offer the State Archives all files, documents, and records not in current use.

State Government Records. The records of all State agencies, boards, and commissions that are abolished or that otherwise conclude their work must be transferred to the custody of the State Archives. By law, State agencies have their records placed on retention and disposal schedules. No public records can be destroyed without scheduling and the prior approval of the State Archives.

The State Archives shares responsibility with the Division of Vital Records of the Department of Health and Mental Hygiene for preservation of and access to vital records information (Code State Government Article, sec. 9-1015).

County and Municipal Government Records. All records that are in the courthouses of the State and that were created prior to April 28, 1788 (when Maryland ratified the U.S. Constitution) must be deposited at the State Archives. All current deeds, mortgages, and releases recorded in the courthouses of the State are microfilmed and preserved at the State Archives for security purposes. Limited facilities are available for the filming of records of State agencies. The State Archives also serves as the official depository for the duplicate copies of subdivision plats formerly sent to the Land Office as insurance against the loss of the originals.

Rules and regulations promulgated in the Code of Maryland Regulations give the State Archives a role in the establishment of archives in local jurisdictions (COMAR 14.18.03).

Functions of the State Department of Assessments and Taxation originated in 1878 when the office of the State Tax Commissioner was established (Chapter 178, Acts of 1878). In 1914, the State Tax Commission replaced the office of the State Tax Commissioner (Chapter 841, Acts of 1914). In 1959, the quasi-judicial appeal responsibilities of the State Tax Commission were replaced by the Maryland Tax Court, and Commission administrative duties were assumed by the State Department of Assessments and Taxation (Chapter 757, Acts of 1959). In 1973, the State took over administration of local assessment offices and bore their full operational costs as well (Chapter 784, Acts of 1973). Maryland is the only state where the assessment process is centralized fully at the State level.

Appointed by the Governor, the Director of Assessments and Taxation administers and enforces the property assessment and property tax laws of Maryland. Specifically, the Director supervises assessment of all property in the counties and cities so that similar kinds of taxable property are assessed alike. The Director must establish a continuing method of assessment for both real and business personal property (Code Tax—Property Article, Title 2).

BUSINESS SERVICES & FINANCE DIVISION

Dean W. Kitchen, *Administrator*
(410) 225-1194

The Business Services and Finance Division was formed in 1992 from the merger of the Corporate Charter Division and the Corporate Assessments Division. The Division oversees the annual reassessment of personal property, including operating property of railroads and public utilities.

The Division is custodian of domestic charters for Maryland corporations and of qualifications and registrations for limited partnerships and foreign corporations. Specified fees are collected, and the personal property of such corporations is assessed by the Division. Thereafter, the values are certified to the subdivisions for application of local tax rates. The Division also administers franchise taxes applicable to the net income of banks and savings and loan associations, and to the gross receipts of public service corporations.

TAXPAYER SERVICES DIVISION

Robert E. Young, *Associate Director*
(410) 225-4205

The Taxpayer Services Division began as Special Programs and was reorganized under its present name in 1992. The Division administers the Home Owners' and Renters' Property Tax Credit Programs. These Programs provide more than \$51 million in State-funded property tax credits to home owners and renters who qualify based on an income test. The Home Owners' Program is available to all home owners in Maryland, regardless of age, while the Renters'

Program applies to renters aged 60 or over; the permanently disabled; and renters who are under age 60, with dependent children, and who meet certain income requirements.

Within the Taxpayer Services Division, the Property Maps unit prepares property location maps, which delineate property boundaries and comprise a complete inventory of all land in the State. They are drawn to scale and are integrated into the State Grid System. Because they show ownership, sizes, references, and natural and manmade features, the maps are very useful to the general public and invaluable for property assessments.

REAL PROPERTY VALUATION DIVISION

Joseph L. Szabo, *State Supervisor of Real Property Assessments*

(410) 225-1199

Real property is reassessed on a three-year cycle by reviewing one-third of all property in Maryland every year. The review includes an exterior physical inspection of the property. The Real Property Valuation Division participates in all court proceedings where assessment questions are involved. The Division also provides clerical assistance to several local Property Tax Assessment Appeal Boards.

For each county and Baltimore City, the Director of Assessments and Taxation appoints a Supervisor of Assessments from a list of five qualified applicants submitted by the Mayor of Baltimore City, the County Commissioners, or, under charter government, by the County Council or the County Executive with the approval of the Council. Supervisors may be relieved for incompetency or other cause only after a hearing by the Division.

Brochures explaining the assessment process and related matters, such as appeals and tax credits, are available at each local assessment office and from the State office in Baltimore.

The Maryland Automobile Insurance Fund (MAIF) began as the Unsatisfied Claim and Judgment Fund Board in 1957 (Chapter 836, Acts of 1957). The Maryland Automobile Insurance Fund was created to replace the Maryland Automobile Insurance Plan and the Unsatisfied Claim and Judgment Fund in 1972 (Chapter 73, Acts of 1972).

The Maryland Automobile Insurance Fund performs two basic functions: 1) it processes and pays

certain claims against uninsured motorists; and 2) it sells automobile liability insurance to Marylanders who have been rejected by at least two private insurers or who have had their automobile liability insurance cancelled or not renewed for any reason other than nonpayment of premiums. In providing insurance, the Fund acts as any private insurance company and is subject to regulation by the Maryland Insurance Commissioner.

Every owner of a motor vehicle registered in Maryland must maintain the basic required primary coverage of \$20,000/ \$40,000 bodily injury, \$10,000 property damage, and \$2,500 economic loss coverage. Such compulsory insurance reduces substantially the number of uninsured claims. Nonetheless, uninsured claims continue due to hit-and-run accidents, out-of-state uninsured drivers, and Marylanders who do not comply with the law.

The Fund receives no general funds from the State, and its assets are not part of the State Treasury. Current Fund assets are derived from insurance premiums; earnings from investments; assessments, when required, levied against all automobile insurers; funds recovered from uninsured motorists by the Uninsured Division; and penalties imposed by the Motor Vehicle Administration against uninsured motorists (Code Transportation Article, secs. 17-101 through 17-110; Code 1957, Art. 48A, secs. 243-243N).

The Fund is governed by an eleven-member Board of Trustees. Five members of the Board are appointed by the Governor with Senate advice. Five are appointed by the Board of Directors of the Industry Automobile Insurance Association. The Executive Director of the Maryland Automobile Insurance Fund serves ex officio (Code 1957, Art. 48A, sec. 243M). The chairperson is selected by the Board and the position alternates between industry and government appointees. The Board advises the Executive Director and formulates policy for the Fund.

The Governor's Award Panel was authorized in 1991 with the Innovative Idea Award Program for State employees (Chapter 459, Acts of 1991). The Program offers incentives for ideas to save State money, increase State revenues, improve public services, or otherwise significantly benefit the State. Initially, the head of a unit of State government awards cash to an employee with an innovative idea

and then submits the idea to the Governor's Award Panel for review. At least once a year, the Panel notifies the Governor of innovative ideas recommended for additional awards. The Panel also must concur with regulations adopted by the Secretary of Personnel to implement the Program.

The Panel's five members are appointed by the Governor. Authorization for the Panel continues until June 30, 1996 (Code State Personnel and Pensions Article, secs. 8-201 through 8-207).

Baltimore City Community College originated in 1947 when Baltimore Junior College was established. The College was reformed as the Community College of Baltimore in 1968. As the New Community College of Baltimore, it was made a State institution of higher education in 1990 (Chapter 220, Acts of 1990). In 1992, the school received its present name (Chapter 208, Acts of 1992).

Baltimore City Community College offers programs for associate degrees and certificates in more than thirty fields, including computer information, electronics, nursing, business, allied health, legal assisting, and office technology. In addition to job training and transfer programs, the College offers extensive noncredit programs in basic literacy, General Education Development (G.E.D.) test preparation, and English as a second language. The College also works to meet the needs of Baltimore employers through courses and programs at its downtown Business and Continuing Education Center.

With a faculty of 120 full-time and over 500 part-time instructors, the College annually serves more than 8,000 students at the Liberty Heights campus, the Harbor campus, and many other sites throughout Baltimore.

The College is governed by a nine-member Board of Trustees, appointed by the Governor with Senate advice and consent. Eight members serve

six-year terms. A student member serves a one-year term. The Board of Trustees appoints the President of the College (Code Education Article, secs. 16-601 through 16-610).

All profits from blind industries are used to further the agency's mission (Code 1957, Art. 30, secs. 3-10, 30A).

To carry out these programs, Blind Industries and Services of Maryland operates four divisions: Vending Services; Industrial Products; Sewn Products; and Rehabilitation. The agency also transcribes braille and runs an aids and appliances store.

The Chesapeake Bay Trust was created as a non-profit organization by the General Assembly in 1985 (Chapter 789, Acts of 1985). The Trust's mandate is to promote public awareness and participation in restoring and protecting the water quality and the aquatic and land resources of Chesapeake Bay.

To accomplish its mission, the Trust seeks contributions from the business community and private citizens and distributes that financial support to groups undertaking projects to help the Bay. Grant recipients are nonprofit organizations, civic and community groups, schools, and local public agencies that have conducted stream cleanups, tree and marsh grass plantings, erosion control projects, water quality studies, and habitat restorations. The Trust also has supported enhancement of environmental education centers and development of educational materials to inform people of all ages about the Bay.

In addition to donations from businesses and private citizens, the Trust receives the proceeds from sales of the commemorative Chesapeake Bay license plate, as well as a portion of gifts to the Chesapeake Bay and Endangered Species Fund via the tax check-off on the Maryland State income tax return. The tax check-off, created in 1989, enables Marylanders to contribute for Bay cleanup and programs to aid endangered species.

The Trust is governed by a nineteen-member Board of Trustees. The Governor appoints fourteen members to represent the interests of local government, education, environmental conservation, business, and the public. Appointed members serve four-year terms. Five members serve ex officio: the President of the Senate, Speaker of the House of Delegates, Secretary of Agriculture, Secretary of the Environment, and Secretary of Natural Resources, or their designees (Code Natural Resources Article, secs. 8-1901 through 8-1910).

The Maryland State Board of Contract Appeals was formed in 1980 (Chapter 775, Acts of 1980). The Board, with expanded jurisdiction, replaced the Department of Transportation Board of Contract Appeals (Chapter 418, Acts of 1978).

The Maryland State Board of Contract Appeals adjudicates disputes concerning the formation of State contracts, except those for procurement of architectural and engineering services. Contract formation disputes pertain to the qualification of bidders or offerers and the determination of the successful bidder or offerer. The Board also adjudicates disputes relating to a contract that has been entered into by the State, including disagreements about the performance, breach, modification, or termination of a contract. Decisions of the Appeals Board are subject to judicial review, and any aggrieved party, including a State agency, may appeal a final decision or any part thereof. At the request of a party to a proceeding, the Board may subpoena witnesses and documents and may compel the testimony of witnesses.

Published opinions of the Board are available at the Board's offices, Circuit Courts, and through the Maryland Institute for the Continuing Professional Education of Lawyers (MICPEL).

The Governor appoints the Board's three members to five-year terms with Senate advice and consent. Members serve in a quasi-judicial capacity and must have a thorough knowledge of procurement practices and processes. They serve full-time and receive compensation as provided for in the budget. MANDATED REPORTS

*Annual Report to Governor & General Assembly on
development & operation of Criminal Justice
Information System.*

The Criminal Justice Information Advisory Board was created in 1976 (Chapter 239, Acts of 1976). For budgetary and administrative purposes only the Board is within the Department of Public Safety and Correctional Services.

The Board advises the Secretary of Public Safety and Correctional Services and the Chief Judge of the Court of Appeals on the development, operation, and maintenance of the Criminal Justice Information System. The Board monitors the System and recommends procedures and methods for the use of criminal history record information in research, evaluation, and statistical analysis of crime. The Board also recommends legislation to implement, operate, and maintain the System.

The Secretary of Public Safety and Correctional Services and the Chief Judge of the Court of Appeals adopt rules and regulations to establish, operate, and maintain the Criminal Justice Information System. These rules and regulations govern the collection, reporting, and release of criminal history record information by the courts and other criminal justice agencies; ensure the security of the System and all criminal history record information; and control the dissemination of criminal history record information consistent with federal law and regulations. Rules and regulations of the System also govern procedures for inspecting and challenging criminal history record information. In addition, they regulate the auditing of criminal justice agencies to ensure that criminal history records are accurate and complete, and that their information is distributed in accordance with the law.

Under the Department of Public Safety and Correctional Services, the System's Central Repository collects, stores, and disseminates criminal history record information. Every criminal justice agency must report criminal history record information to the Repository within certain time limits by specified reporting methods. To avoid duplicate reporting, the Secretary of Public Safety and Correctional Services and the Chief Judge of the Court of Appeals may determine the events to be reported by each criminal justice agency.

Any person may inspect their own criminal history record information as maintained by a criminal justice agency. The person may challenge the completeness, content, accuracy, or distribution of such information by giving written notice; and the person has a right to have errors corrected.

The Criminal Justice Information Advisory Board consists of eighteen members who serve three-year terms. The Governor appoints ten members: three persons recommended by the Secretary of Public Safety and Correctional Services; two

executive officials of police agencies; two elected county officials; one elected municipal official; one State's Attorney; and one public member. The Senate President appoints a Senate member and the Speaker of the House of Delegates appoints a House member. The Chief Judge of the Court of Appeals also appoints three Board members. Ex officio members include the Attorney General; the Executive Director of the Office of Justice Administration; and the Director of the Institute of Criminal Justice and Criminology, University of Maryland College Park. The Governor designates the chairperson (Code 1957, Art. 27, secs. 742-755).

The Maryland School for the Deaf was established at Frederick in 1868 (Chapter 247, Acts of 1867; Chapter 409, Acts of 1868). It is a free public residential school for deaf and hard-of-hearing children who reside in Maryland. Authorized in 1968, the Columbia campus of the Maryland School for the Deaf opened in September 1973 (Chapter 462, Acts of 1968).

At the Frederick and Columbia campuses, the School offers an academic education similar to that of public schools. The School also teaches communications skills, including speech and speech reading, signs and finger spelling, and auditory training; and use of individual hearing aids. In addition to the academic program, vocational education also is provided. The School offers a broad athletic and physical education program, as well as social and recreational activities. Vocational rehabilitation services are available for all graduating students to help secure employment, vocational or technical training, or higher education.

In 1992, the School's Board of Visitors was reorganized as the Board of Trustees of the Maryland School for the Deaf (Chapter 493, Acts of 1992). The Board governs the School. With Senate advice and consent, the Governor appoints the Board's nineteen members to six-year terms (Code Education Article, sec. 8-304).

The Domiciliary Care Facilities Board was created by the Governor at the request of the General Assembly in 1984 (Joint Resolution no. 23, Acts of 1984). In 1986, the Board was established by law (Chapter 726, Acts of 1986).

Because the Department of Health and Mental Hygiene, the Department of Human Resources, and the Office on Aging all license and regulate domiciliary care facilities, the Board formulates and implements policy and coordinates agency responsibility. The Board also reviews and approves policies and regulations that govern domiciliary care facilities and related programs. Such facilities provide domiciliary, personal or nursing care to unrelated individuals who are dependent on the facility for assistance with daily living activities in a safe, sanitary and healthful environment.

The Board has nine members. Four are appointed to four-year terms by the Governor and include a domiciliary care facility provider, and three consumers. One member, appointed by the Governor, represents the Maryland Disability Law Center. Four serve *ex officio*. The Governor designates the chairperson (Code 1957, Art. 41, sec. 10-601).

Created in 1969, the State Administrative Board of Election Laws supervises the conduct of voter registration and elections in Maryland (Chapter 555, Acts of 1969). The Board adopts rules and regulations to help the boards of supervisors of elections in each county and Baltimore City with elections, voting, and voter registration. The Board reviews, approves, certifies, and decertifies voting systems and adopts regulations relating to them. To regulate the financing of campaigns for State and county offices, the Board also administers the Fair Election Practices Act. In addition, the Board serves

as a depository for election records and other relevant election information.

In odd-numbered years, the Board convenes a meeting with all members of boards of supervisors of elections of the counties and Baltimore City to instruct them, their designated employees, and counsel on their duties in the conduct of elections. The Board also administers the voter registration-by-mail program.

The Board reviews and monitors all election bills, constitutional amendments, and related referenda. Staff assistance is available to members of the General Assembly for consultation on election-related legislation. Local boards of supervisors of elections are advised of legislative hearings and the status of pertinent bills.

The Board publishes *Registration and Election Laws of Maryland*, which is for sale to the public. The Board also has available primary and general election returns beginning with 1948. More recent returns are published in booklet form.

The Board consists of five members appointed to four-year terms by the Governor with Senate advice and consent. Three members must be of the same political party as the Governor, while two members represent the party that received the second greatest number of votes in the most recent gubernatorial election.

The Governor appoints the State Administrator of Election Laws for a six-year term. The State Administrator receives and audits financial reports of candidates required under the Election Code. The State Administrator also serves as Secretary to the Board of State Canvassers (Code 1957, Art. 33, secs. 1A-1, 3-1(c), 16B-2, 18-1).

The Maryland Institute for Emergency Medical Services Systems (MIEMSS), formerly under the University of Maryland Medical System, was made an independent agency in 1993 (Chapter 592, Acts of 1993). The Institute's Charles McC. Mathias, Jr., National Study Center for Trauma and Emergency Medical Systems was reassigned to the University of Maryland at Baltimore at that time. The R Adams Cowley Shock Trauma Center, however, continued under the University of Maryland Medical System.

STATEWIDE EMERGENCY MEDICAL SERVICES ADVISORY COUNCIL

Established in 1993, the Statewide Emergency Medical Services Advisory Council advises the State Emergency Medical Services Board on finances, policies, guidelines, regulations and procedures necessary to operate the Statewide Emergency Medical System. Origins of the Maryland Energy Administration trace to 1973 when the Governor by Executive Order formed the Office of Energy Policy. Two years later, the Energy and Coastal Zone Administration was established within the Department of Natural Resources, first by the Secretary of Natural Resources in 1975, and then by statute in 1976 (Chapter 320, Acts of 1976). The Secretary of Natural Resources reorganized the Administration in 1979 and renamed it the Energy Administration. In 1982, the Administration was reformed as the Energy Office. The Office became part of the Department of Housing and Community Development in 1987 (Chapter 311, Acts of 1987). The Office was abolished in 1991 and its functions were transferred to the new Maryland Energy Administration (Chapter 468, Acts of 1991).

The Maryland Energy Administration implements the State Energy Conservation Plan, funded under the National Energy Policy and Conservation Act. For all energy-related matters coming under the purview of the Governor, the Administration is the central coordinating agency. The Administration also sponsors educational programs for users of energy in homes, commerce, industry, transportation, and government. It implements the federal Institutional Conservation Program, the

federal Energy Extension Service, and certain oil overcharge projects.

During energy supply emergencies, the Administration is responsible for fuel allocations and contingency planning. It also advises State agencies on matters of fuel oil shortage (Code 1957, Art. 41, secs. 10-701 through 10-705).

**GOVERNOR'S SUBCABINET FOR

The Governor's Subcabinet for Energy Management was formed in January 1991 (Executive Order 01.01.1991.04). The Subcabinet develops State energy policy to make Maryland a national model for energy management.

MARYLAND COUNTIES ENERGY COUNCIL

F. Douglas Johnson, *President*
(410) 974-5450

In response to the Governor's challenge to the counties to reduce energy consumption, the Maryland Counties Energy Council was formed in October 1990. The Council promotes energy conservation practices in county government in collaboration with the Maryland Energy Administration, the Maryland Association of Counties, public utilities, and other organizations responsible for energy resources. The energy coordinator for each county and Baltimore City is a voting member.

Formerly under the Department of Natural Resources, the Service was made a public instrumentality of the State in 1993 (Chapter 196, Acts of 1993). The Service plans and establishes major recycling facilities, solid waste management plans, and hazardous waste management programs. It operates over 100 water and wastewater treatment facilities, as well as the Mid-Shores Regional Landfill, the Hawkins Point Hazardous Waste Landfill, and the Hart-Miller Island Dredged Material Containment Facility. The Service may issue revenue bonds.

The Maryland Environmental Service is governed by a nine-member Board of Directors. The Board consists of a Director, appointed by the Governor with Senate advice and consent; a Deputy Director, Secretary, and Treasurer, appointed by the Director with the Governor's approval; three members representing the public sector, and two the private sector appointed by the Governor. The State Ethics Commission was established in 1979 (Chapter 513, Acts of 1979). The Commission replaced the Maryland Public Disclosure Advisory Board and the State Board of Ethics. The Commission guards against improper influence on public officials or the appearance of conflict of interest. The Commission's authority encompasses conflicts of interest, financial disclosure, and lobbying disclosure.

With the Joint Committee on Legislative Ethics and the Commission on Judicial Disabilities, the Commission administers and implements the Maryland Public Ethics Law. That law requires disclosure of the financial affairs of public officials and sets minimum standards for the conduct of State and local government. At the request of persons subject to the Maryland Public Ethics Law and to Commission jurisdiction, the State Ethics Commission renders advisory opinions concerning the application of that law.

The Commission investigates alleged violations of the public ethics law. On its own initiative, the Commission may issue and investigate complaints. The Commission receives and reviews financial disclosure statements and lobbyist registration and activity reports. It approves county and city laws where these are enacted as required by State law. The Prince George's County program relating to zoning and ethics also provides for Commission oversight. The

Commission provides training and information for those covered by the statute and for the public.

The Commission prepares a directory of firms that conduct a certain amount of business with the State. A pamphlet describing the Commission's program is available in limited quantities. Financial disclosure forms and lobbyists' reports are available for public inspection.

The Commission consists of five members appointed to five-year terms by the Governor. One member is nominated by the Senate President and one by the Speaker of the House of Delegates. Of the three remaining members, one must be a member of the principal political party to which the incumbent governor does not belong. The Commission appoints an executive director, general counsel, and staff counsel (Code 1957, Art. 40A).

The Maryland Food Center Authority originated in 1967 as the Greater Baltimore Consolidated Wholesale Food Market Authority (Chapter 145, Acts of 1967). The Authority was formed to establish and operate a consolidated food center within the Greater Baltimore Region. In 1975, the Authority was reorganized as the Maryland Wholesale Food Center Authority (Chapter 729, Acts of 1975). The Authority received its present name in 1979 (Chapter 482, Acts of 1979).

With many different types of food operations at one site, the Center provides quality food products efficiently and inexpensively and employs over 3,100 people. As of October 1993, approximately 3,611,190 square feet of food warehousing space had been completed or was under construction within the Center.

In 1989, the Authority acquired the Rock Hall Seafood Processing Plant in Kent County. This water-side plant is accessible to both Chesapeake Bay watermen and land-based operations which depend upon Bay natural resources, such as finfish and shellfish.

The Authority consists of twelve members. Four serve ex officio and eight are appointed to five-year terms by the Governor with Senate advice and consent. One appointed member must be a resident of Howard County.

ADVISORY COUNCIL

The Authority has an eleven-member Advisory Council. Five Council members are appointed by the Maryland Agricultural Commission, and five are appointed by produce merchants who are tenants in the Maryland Wholesale Produce Market. The Health Claims Arbitration Office was established in 1976 (Chapter 235, Acts of 1976). For any person asserting a medical injury claim against a health care provider for damages in excess of \$10,000, the claim must be filed with the Office.

Appointed by the Governor with Senate advice and consent, the Director notifies all affected parties and supplies a list of qualified arbitrators, six from each of three categories. From each of these categories, one mutually agreed upon arbitrator is chosen to sit on a three-person arbitration panel. That panel must determine who is liable with respect to the claim and, if a health care provider is liable, must consider and assess damages. The decision of the arbitration panel is final, unless rejected by any party, in which case the rejecting party must file an appeal with the Circuit Court to reverse or modify the award.

The Director is responsible for preparing three lists of qualified persons willing to serve as arbitrators of health care malpractice claims. One list consists of attorneys, one of health care providers, and one of persons from the general public who are neither attorneys, health care providers, nor in the employ of insurance interests (Code Courts and Judicial Proceedings Article, sec. 3-2A-03).

Origins of the Maryland Higher Education Commission trace to 1963, when the Advisory Council on Higher Education was formed (Chapter 41, Acts of 1963). The Council was renamed as the Maryland Council on Higher Education in 1968 (Chapter 130, Acts of 1968). The State Board for Higher Education replaced the Council in 1976 (Chapter 538, Acts of 1976). The Board in turn was superseded by the Maryland Higher Education Commission in 1988. The Commission implemented a reorganization of Maryland universities and colleges (Chapter 246, Acts of 1988).

In consultation with the governing boards and agencies concerned with higher education, the Commission develops and updates an overall plan, consistent with the Maryland Charter for Higher Education, to coordinate the growth and development of post-secondary education in Maryland. The Maryland Charter for Higher Education, adopted in 1988, sets forth State goals for higher education (Code Education Article, secs. 10-201 through 10-212).

Appointed by the Governor, the Secretary of Higher Education oversees the State's system of higher education. The Secretary also serves on the Governor's Executive Council; the Governor's Drug and Alcohol Abuse Commission; the Education Coordinating Committee; the Peabody Institute Oversight Committee; the Maryland Education Council; the Interdepartmental Advisory Committee for Minority Affairs; the Education Coordinating Council for Correctional Institutions; and the Southern Regional Education Board.

The Commission has twelve members. Eleven are appointed to five-year terms by the Governor with Senate advice and consent. The Human Relations Commission originated in 1927 as the Interracial Commission (Chapter 559, Acts of 1927). In 1943, it was reorganized as the Commission to Study Problems Affecting the Colored Population (Chapter 431, Acts of 1943). Renamed in 1951 as the Commission on Interracial Problems and Relations, it became the Human Relations Commission in 1969 (Chapter 548, Acts of 1951; Chapter 83, Acts of 1968).

The Commission's goal is to eliminate discrimination based on race, color, national origin, religion, sex, marital status, physical or mental handicap, and age. The Commission administers and enforces Maryland anti-discrimination statutes for housing, employment, and public accommodations. It also initiates and investigates complaints of discrimination in State government agencies.

The Commission is authorized to conduct public hearings, administer oaths, and issue subpoenas. It also compels attendance or testimony of witnesses and oversees exhibits of books, papers, records, and documents relevant or necessary for proceeding under these laws. In addition to other relief, the Commission can issue a cease and desist order if evidence shows that a respondent has engaged in a discriminatory act. In cases of employment discrimination, it may award back pay of up to two years' duration.

Commission work on behalf of fair employment practices is supplemented by a deferral relationship and funding from the U.S. Equal Employment Opportunity Commission. Similarly, Commission efforts in fair housing are funded by the U.S. Department of Housing and Urban Development under cooperative agreements which fund case processing and community education.

The Commission consists of nine members appointed to six-year terms by the Governor with Senate advice and consent. The Governor appoints the Executive Director (Code 1957, Art. 49B).

The Injured Workers' Insurance Fund began in 1914 as the State Accident Fund, established as part of the State Industrial Accident Commission (Chapter 800, Acts of 1914). As the Commissioners of the State Accident Fund, it was made a separate agency in 1941 (Chapter 504, Acts of 1941). Formerly under the Commissioner of Personnel, the agency was made part of the Department of Personnel in 1970 (Chapter 98, Acts of 1970). The Commissioners of the State Accident Fund became an independent State agency on July 1, 1988 (Chapter 585, Acts of 1987). In 1990, it was renamed the Injured Workers' Insurance Fund (Chapter 71, Acts of 1990).

The Injured Workers' Insurance Fund insures those employers who are unable or choose not to obtain insurance from private companies, and who are not self-insurers. The Fund also acts as claims administrator for all State employees for Workers' Compensation Insurance.

As required by the Workers' Compensation Law, employers carry insurance through the Fund to pay claims arising from accidents and injuries to their employees. All expenses of the Fund are paid out of income from premiums paid and interest on Fund investments. The State Treasury is prepaid for operating expenses of the Fund.

The Board for the Injured Workers' Insurance Fund consists of seven members. They are appointed to five-year terms by the Governor with Senate advice and consent (Code Labor and Employment Article, secs. 10-101 through 10-141).

The Maryland Insurance Administration originated in 1872 as the Insurance Department under the Comptroller of the Treasury (Chapter 388, Acts of 1872). Renamed the State Insurance Department, it became an independent agency in 1878 (Chapter 106, Acts of 1878). In 1970, as the Insurance Division, it was placed within the Department of Licensing and Regulation (Chapter 402, Acts of 1970). Reorganized as the Maryland Insurance Administration, it became an independent agency again in 1993 (Chapter 538, Acts of 1993).

The Administration is directed by the Maryland Insurance Commissioner who ensures that all State laws governing insurance companies or relating to the business of insurance are faithfully executed. The Commissioner authorizes and licenses insurance companies, agents, brokers, approved attorneys, and advisors for fire, casualty, life, accident, health, title and other insurance and annuities. The Commissioner also approves all insurance policies offered for sale in Maryland by authorized companies, authorizes rating bureaus and advisory organizations, and approves or rejects the rates for most lines of insurance.

Periodically, the Administration examines all companies organized under the laws of Maryland and scrutinizes nonresident companies doing business in the State. The Administration also investigates and resolves consumer complaints and questions concerning insurance companies operating in the State (Code 1957, Art. 48A, secs. 14-16).

The Administration is organized into five sections: Executive Direction; Professional and Consumer Services; Examination and Auditing; Life and Health; and Property and Casualty.

The Maryland Insurance Commissioner is appointed by the Governor with Senate advice and consent (Code 1957, Art. 48A).

Formed in 1980, the Judicial Compensation Commission makes recommendations on judicial compensation to attract highly qualified persons to the bench and enable judges to serve without economic hardship (Chapter 717, Acts of 1980). Every two years, the Commission reviews judicial salaries and pensions and must submit its recommendations at least every four years to the Governor and General Assembly.

The Commission's salary recommendations are introduced as a joint resolution in each house of the General Assembly by the fifteenth day of the session. While the General Assembly may not increase recommended salaries, it may decrease them. If it fails to adopt or amend the joint resolution within fifty days after its introduction, the salaries recommended by the Commission do apply. Commission recommendations with respect to pensions are introduced in the form of legislation by the Senate President and the House Speaker and become effective only if passed by both houses.

The Governor appoints the Commission's seven members to six-year terms. No more than three members may be individuals admitted to practice law in the State. In nominating and appointing members, special consideration is given to persons knowledgeable in compensation practices and financial matters. Two members are nominated by the Senate President, two by the House Speaker, and one by the Maryland State Bar Association. Two members are appointed at large. Members serve without compensation (Code Courts and Judicial Proceedings Article, sec. 1-708).

The State Lottery Agency was formed in 1972 to generate revenue for the support of State government (Chapter 365, Acts of 1972). Establishment of the Agency was contingent upon the adoption of a constitutional amendment, which was ratified by the voters on November 7, 1972. The Agency began operation on January 2, 1973.

The Agency conducts statewide lotteries for instant, daily, keno and lotto games, as well as a lotto subscription game. Revenues from the State Lottery are deposited with General Funds in the State Treasury.

In 1976, the Agency began a pick-your-own three-digit daily lottery called "The Numbers Game" and, in 1983, a pick-your-own, four-digit lottery and a pick-six-out-of-forty Lotto Game. The Lotto Game was revamped in February 1989 with a larger jackpot as a pick-six-out-of-forty-four with set prizes of \$5, \$50, and \$600 for correct picks of three, four and five numbers. It was revamped again in May 1990 as a pick-six-out-of-forty-nine Lotto Game with jackpots of over \$1 million. In January 1991, the Lotto became a twice-weekly drawing. The Agency also conducts "Match 5," a pick five of thirty-nine numbers game started in October 1991. If five numbers match, a player wins \$50,000; for four numbers, \$400; or for three numbers, \$15.

Lottery ticket sales outlets are located in licensed retail establishments. Each location provides How-to-Play brochures and other game information. Prizes of \$600 or less may be claimed through any of these sales outlets. Through a terminal connected to a computerized on-line real-time system, licensed sales outlets sell and cash in daily lottery tickets.

Official winning numbers are drawn on live television. For "The Numbers Game," they are drawn daily; for the four-digit lottery, daily immediately following the three-digit drawing; for the Lotto Game, Saturday and Wednesday evenings; and for the "Match 5" cash game, Monday, Tuesday, Thursday, Friday and Sunday evenings.

The Director of the Agency is appointed by the Governor with Senate advice and consent. The Director appoints the Deputy Directors (Code State Government Article, secs. 9-101 through 9-125).

STATE LOTTERY COMMISSION

John F. Gore, *Chairperson*, 1997

The State Lottery Commission serves as an advisory board to the State Lottery Agency. The Commission's five members are appointed to four-year terms by the Governor with Senate advice and consent (Code State Government Article, secs. 9-104 through 9-106).

The Maryland Charter of 1632 empowered Lord Baltimore to raise troops to put down insurrection or rebellion and subdue enemies of the province. Since that time, the training, organization, maintenance, and administration of the Maryland Militia have been an integral part of State government. The present military establishment of Maryland conforms to Title 32 of the U.S. Code and regulations issued pursuant thereto, and to the Militia Law of Maryland (Code 1957, Art. 65).

The office of Adjutant General was authorized first in 1793 (Chapter 53, Acts of 1793). The Adjutant General heads the Military Department and exercises powers and duties under the Militia Law of Maryland. The Military Department prepares all State forms and records required for militia use and the reports and returns required by the federal government. Service records of all officers and enlisted persons who have served or are serving

in the Maryland National Guard are maintained by the Military Department as well.

The Adjutant General is responsible for the budget of the Military Department and is the custodian of all State and federal property used by the organized militia. The Adjutant General maintains all State-owned armories located in Maryland and all other properties that may be occupied, purchased, or leased by the Military Department. The Adjutant General regulates the use of such facilities; applications for their use should be made to the Adjutant General. In addition, the Adjutant General is responsible for the administration, training, and supply of approximately 9,500 National Guard troops, including 1,519 full-time employees (253 State paid; 1,266 federally paid).

The Adjutant General is appointed by the Governor with Senate advice and consent. The Assistant Adjutant General for Army and the Assistant Adjutant General for Air are both appointed by the Governor (Const., Art. IX, sec. 2).

The Military Department is responsible for the Maryland State Guard, the Army National Guard of Maryland, the Air National Guard of Maryland, and the Maryland Emergency Management Agency.

AGENCY**

Formerly under the Department of Public Safety and Correctional Services, the State Emergency Management and Civil Defense Agency was restructured as the Maryland Emergency Management Agency in 1989 when it was made part of the Military Department (Chapter 674, Acts of 1989). The Agency derives its main purpose from the Federal Civil Defense Act of 1950 (P.L. 920) as amended. The act provides for a civil defense system to protect life and property from attack and offer relief and assistance to people struck by natural disasters.

Known as the Maryland Civil Defense Agency from 1950 to 1970, the Agency, in its earliest years, was concerned primarily with statewide nuclear attack preparedness and related missions (Chapter 563, Acts of 1949). Later, responsibilities were broadened to encompass disaster relief and emergency resources management as well. Changes in State law and the agency name reflected this shift: Maryland Civil Defense and Emergency Planning Agency (1970-74) and Maryland Civil Defense and Disaster Preparedness Agency (1975-80). Duties concerned floodplain management, flood insurance initiatives, community preparedness programs for weather emergencies, earthquake hazard reduction,

dam safety, emergency broadcast system, emergency warning, and terrorist incidents.

The 1970s also brought changes in Agency responsibilities for nuclear attack preparedness. In 1972, the Defense Civil Preparedness Agency was established in the U.S. Department of Defense. At this time, the Population Protection Program (PPP) also was developed. The Program is adaptable to all natural disasters, peacetime emergencies, and nuclear attack. In-place shelter protection is to be used when time does not permit relocation.

The Three Mile Island Incident of 1979 focused more federal emphasis on radiological emergency planning. In 1980 and 1981, the Agency produced radiological emergency plans to cope with accidents at Calvert Cliffs Nuclear Power Plant in Maryland, and Peach Bottom Atomic Power Station near Maryland's northern border in Delta, Pennsylvania. These plans were tested in 1981 and 1982. Annually, the State Radiological Plan is tested with a full-scale operational exercise.

The Agency was renamed in 1981 as the State Emergency Management and Civil Defense Agency. At the same time, the Governor was made responsible for emergency management in the State. The Governor has emergency powers to suspend State statutes temporarily, direct evacuations, control access, clear debris, and use private property when necessary. When the Governor declares a state of emergency, the Director of the Maryland Emergency Management Agency coordinates the emergency activities of State government offices and those political subdivisions included in the declaration.

The Agency is responsible for the Integrated Emergency Management System (IEMS). The System applies emergency preparedness and response resources to all hazards. It also uses similarities that exist in planning and response functions for all hazards. In 1984, the System was implemented at all levels of government statewide. The System consists of three components: Hazard Analysis, Capability Assessment, and Multi-Year Development Planning (Code 1957, Art. 16A, secs. 1-12).

To help local governments respond to an emergency, the Director of the Agency was authorized, in 1991, to form a Rapid Response Team, as needed (Executive Order 01.01.1991.02). The Team evaluates emergencies on site and provides State resources to aid local jurisdictions.

To aid another state in time of emergency, the Governor was empowered, in 1993, to authorize the use of State and local resources (Chapter 193, Acts of 1993). By the same act, the Governor was authorized to accept aid from another state in the event of an emergency in Maryland.

Formed in 1981, the Emergency Management Advisory Council advises the Governor on matters of State emergency management and civil defense (Chapter 505, Acts of 1981). The Council is appointed by the Governor and includes representatives from State and local government, and volunteer organizations, such as firefighters and rescue squads.

In 1987, the Governor designated the Emergency Management Advisory Council to serve as the Maryland Emergency Response Commission (Executive Order 01.01.1987.11). The designation was made in accordance with Title III of the Federal Superfund Amendments and Reauthorization Act of 1986 (P.L. 99-499).

To protect people and the environment from hazardous chemical material, the Maryland Emergency Response Commission established Emergency Response Planning Districts and local Emergency Planning Committees. The Commission also receives and distributes certain material safety data sheets, hazardous chemical inventories, and toxic chemical release forms.

MARYLAND STATE GUARD

As commander-in-chief of the militia, the Governor has the power to organize and maintain additional military forces, known as the Maryland State Guard, which are separate and distinct from the Maryland National Guard. Such forces are composed of officers, commissioned or assigned, and all able-bodied citizens of the State who volunteer and are accepted for service. They may be ordered to active duty in the State by the Governor whenever the National Guard has been called into the military service of the United States. Members of the State Guard are uniformed as prescribed by the Governor, who also may reduce or disband such forces (Code 1957, Art. 65, secs. 62-77).

Morgan State University originated in 1867 as the Centenary Biblical Institute under the auspices of the Methodist Episcopal Church. Classes for the Institute were held first at the Sharp Street Methodist Episcopal Church in Baltimore. In 1890, the Institute was renamed Morgan College in honor of Dr. Lyttleton F. Morgan, whose support enabled the school to offer academic work at the college

level. The College remained under church jurisdiction until purchased by the State in 1939. In 1975, Morgan State College was granted university status (Chapter 550, Acts of 1975).

A public university, Morgan now includes the Schools of Business and Management, Education and Urban Studies, Engineering, and Graduate Studies; and a College of Arts and Sciences. The University offers a comprehensive undergraduate program built upon basic degree offerings in the liberal arts. Baccalaureate degrees are offered in many disciplines, including preprofessional programs. The University's School of Graduate Studies first offered advanced degrees in education in 1964. Since then, the scope of graduate studies has broadened to include a wide range of degrees in the arts and sciences, and professional fields.

Encompassing thirty departments, the University offers forty-five baccalaureate and twenty-seven master's degree programs, as well as a doctoral program in Urban Educational Leadership. All academic programs are approved by the faculty, which consists of 44 professors, 59 associate professors, 102 assistant professors, 18 instructors, and 17 lecturers. During the fall of the 1993-94 academic year, 5,729 students were enrolled at Morgan. Of these, 4,724 attended full-time and 1,005 part-time.

The University is governed by an independent Board of Regents. The Board's thirteen members are appointed by the Governor with Senate advice and consent. Twelve members serve six-year terms. The student member serves a one-year term (Code Education Article, secs. 14-101 through 14-107).

MANDATED REPORTS

Annual Report to Governor & General Assembly due July 1.

The State Open Meetings Law Compliance Board was authorized in 1991 (Chapter 655, Acts of 1991). The Board receives, reviews, and resolves complaints alleging a violation of the Open Meetings Act and issues a written opinion on whether or not a violation has occurred. The Board evaluates

how well public bodies comply with the Open Meetings Act and recommends improvements in the law to the General Assembly.

In conjunction with the Office of the Attorney General and interested organizations or persons, the Board develops and conducts educational programs on the requirements of the Open Meetings Act for the staffs and attorneys of public bodies, the Maryland Municipal League, and the Maryland Association of Counties.

ment was restructured further in 1989 when the Office of Planning was created (Chapter 540, Acts of 1989). The Office is the principal staff agency for planning matters concerned with the resources and development of the State.

The Director of Planning is appointed by the Governor with Senate advice and consent. The Director serves on the Governor's Executive Council; the Chesapeake Bay Critical Area Commission; the Advisory Commission on Federal-State-Local Relations; the Maryland Advisory Council on Historic Preservation; the State Commission on Neighborhoods; the Patuxent River Commission; the Scenic and Wild Rivers Review Board; the Tri-County Council for Southern Maryland; the Interagency Committee on School Construction; and the Interdepartmental Advisory Committee for Minority Affairs.

Under the Office are State and Local Planning, and Planning Data Services. The Office also is aided by the State Economic Growth, Resource Protection, and Planning Commission; and the Patuxent River Commission.

STATE ECONOMIC GROWTH, RESOURCE PROTECTION, & PLANNING COMMISSION

Florence B. Kurdle, *Chairperson*, 1994

(410) 225-4510

In 1992, the State Planning Commission was reorganized as the State Economic Growth, Resource Protection, and Planning Commission (Chapter 437, Acts of 1992). The Commission serves as an advisory board to the Office of Planning. The Commission considers current operations and activities of the Office, development issues, and the establishment of regional or metropolitan planning areas. The Commission fosters public awareness and understanding of the objectives and functions of State and local planning.

The Commission has seventeen members. Fifteen are appointed by the Governor to four-year terms. The Senate President names a senator and the House Speaker chooses a delegate to serve on the Commission. Members are selected to reflect the various regional, economic and social interests in the State. The chairperson is designated by the Governor. Authorization for the Commission continues until July 1, 2003 (Code State Finance and Procurement Article, secs. 5-701 through 5-708).

Under the Commission are four subcommittees: Interjurisdictional Coordination; Planning; Planning Techniques; and the Environment and Economic Development.

PATUXENT RIVER COMMISSION

Baltimore, MD 21201

(410) 225-4562

The Office of Planning originated in 1933 as the State Planning Commission (Chapter 39, Acts of Special Session of 1933). The Commission became part of the State Planning Department in 1959 (Chapter 543, Acts of 1959). In 1985, the Department was reorganized as the Department of State Planning (Chapter 11, Acts of 1985). The Depart-

Created in 1980, the Patuxent River Commission reviews the operation of State and local agencies in regard to the Patuxent River (Chapter 746, Acts of 1980). It provides a clearinghouse for watershed information, reviews plans, and comments on reports and development projects impacting the river. The Commission helped prepare the Patuxent River Policy Plan and is instrumental in carrying out the Plan's purposes.

Appointed by the Governor, the Commission is composed of eleven members—one from each of the seven counties within the watershed and four ex officio members. Members serve four-year terms (Code State Finance and Procurement Article, secs. 5-812 through 5-816).

STATE & LOCAL PLANNING

Ronald N. Young, *Deputy Director*
(410) 225-4500

State and Local Planning oversees Comprehensive State Planning, and Local Planning Assistance.

COMPREHENSIVE STATE PLANNING

Roland E. English III, *Chief*
(410) 225-4562

Comprehensive State Planning prepares studies and plans for the State's development. Special attention is accorded land use and growth, agriculture and forest preservation, restoration and protection of the Chesapeake Bay, outdoor open space and recreation planning, and implementation of the Patuxent River Policy Plan.

LOCAL PLANNING ASSISTANCE

Scribner H. Sheafor, *Chief*
(410) 225-4550

Local Planning Assistance reviews and coordinates plans and programs of local governments and State agencies. Local Planning Assistance also intervenes in land use proceedings of substantial interest and analyzes municipal annexation proposals.

Four regional offices maintain liaison with and provide technical assistance to local governments and planning organizations. The offices are located in Centreville, Cumberland, Salisbury, and Charlotte Hall.

PLANNING DATA SERVICES

Michel A. Lettre, *Assistant Director*
(410) 225-4450

Planning Data Services collects, analyzes, and publishes social, economic and geographic information for planning purposes. Planning Data Services provides a comprehensive data base for use by other State agencies, the Executive Department, the General Assembly, local government, and the general public.

Projections of population, housing, public school enrollment, and employment are prepared for each county and the City of Baltimore. These

projections are used by State and local government agencies as well as the private sector.

Planning Data Services maintains statistical data from the U.S. Bureau of the Census and other information sources. Such data includes population, housing, employment, income, and education. The office also operates the Maryland Automated Geographic Information (MAGI) System, a computerized system that has geographically grid-referenced data on the physical and cultural attributes of the State.

Planning Data Services oversees four units: the State Clearinghouse for Intergovernmental Assistance; Systems Support; Geographic Information Systems; and Research and State Data Center.

STATE CLEARINGHOUSE FOR INTERGOVERNMENTAL ASSISTANCE

Mary J. Abrams, *Chief*
(410) 225-4490

The State Clearinghouse for Intergovernmental Assistance was organized in 1969 in accordance with the federal Intergovernmental Cooperation Act of 1968. Formerly within the Department of State Planning, the Clearinghouse was transferred to the Office of Planning in 1989 (Chapter 540, Acts of 1989). The Clearinghouse facilitates intergovernmental review and coordination of applications for financial assistance, direct federal development programs, draft environmental impact statements, nominations to the National Register of Historic Places, State plans requiring gubernatorial review, and certain specified applications for State assistance.

The Clearinghouse is the State's single point of contact for federal agencies and disseminates notices and announcements of proposed federal and some State actions. The Clearinghouse transmits the views of Maryland public officials to federal agencies, facilitates resolution of disputes, and formulates a single recommended course of action. The Clearinghouse also recommends the disposition of State excess and federal surplus real property.

The Clearinghouse publishes the *Inventory of State-Owned Real Property*; the *Catalog of State Assistance Programs*; quarterly and annual reports of federal financial assistance awards; and the weekly *Intergovernmental Monitor*, which lists proposed federal and State actions (Code State Finance and Procurement Article, sec. 5-509).

SYSTEMS SUPPORT

John Garber, *Chief*
(410) 225-4450

Created in 1989, Systems Support provides technical assistance to State and regional agencies using dBASE IV, PC-SAS, and Quattro-Pro computer software. For Census-related information, the unit assists with data extract design and development, data set design, and development of spreadsheet or ASCII data files.

GEOGRAPHIC INFORMATION SYSTEMS

Thomas S. Nasuta, *Chief*
(410) 225-4450

Geographic Information Systems was organized in 1989 to provide technical assistance to State and local governments in the use of Geographic Information Systems (GIS). Assistance relates to socio-economic information, as well as natural resources and land use. This unit maintains an up-to-date electronic base map of roads and related features with street names, address ranges, and point locations of every property in the State.

RESEARCH & STATE DATA CENTER

Robert F. Dadd, *Manager*
(410) 225-4450

Formed in 1980, the Research and State Data Center provides for the development of data bases to assist in planning for the overall growth and development of the State. The Center provides information from decennial censuses and is concerned with historical and projected data on population, housing, employment, personal income, business establishments, parcels, and school enrollment. The Center works to improve access to and use of statistical data from the U.S. Census Bureau, the U. S. Bureau of Economic Analysis, and other federal and State sources.

Local property tax assessment appeals boards were authorized in 1973 (Chapter 784, Acts of 1973). Earlier, local boards of county commissioners had the option either to hear appeals or appoint a local appeal tax court to do so. For each county and Baltimore City, a property tax assessment appeals board has jurisdiction over all appeals in its area concerning property tax assessments, Homeowner's Tax Credit Program, Renter's Tax Credit Program, Agricultural Land Preservation Easement Program, and any other local tax matters that the General Assembly assigns to the board for hearing. This jurisdiction includes but is not limited to appeals concerning local tax credits, local taxes, and special taxing areas (Code Tax—Property Article, Title 3).

State administration of property tax assessment appeals boards began in 1976 (Chapter 657, Acts of 1976). The Office of the Administrator coordinates administrative, regulatory, budgetary, personnel and legal support to these twenty-four local boards. Appointed by the Governor with Senate advice and consent, the Administrator promulgates uniform rules and regulations and is responsible for their application. The Administrator also devises and provides any statements advising taxpayers of their right to appeal, notices, or other reports required by the local boards.

Each property tax assessment appeals board consists of three members and one alternate. Members are appointed by the Governor for five-year terms. The Governor designates the chairperson.

The Maryland Public Broadcasting Commission began in 1966 as the Maryland Educational-Cultural Television Commission (Chapter 202, Acts of 1966). In 1967, it was reformed as the Maryland Educational-Cultural Broadcasting Commission (Chapter 645, Acts of 1967). The Commission became the Maryland Public Broadcasting Commission in 1969 (Chapter 405, Acts of 1969). Later that year, public television first was broadcast in Maryland from Owings Mills.

The Commission develops, operates, and maintains a system for educational and cultural television programming throughout Maryland. The Commission is responsible for programs for the general public and, with the approval of the State Board of Education, for programs used in public schools (Code Education Article, sec. 24-205).

The educational and cultural television system for Maryland is Maryland Public Television (MPT).

Affiliated with the Public Broadcasting System and the Eastern Educational Network, Maryland Public Television broadcasts on six channels:

- Channel 22 (WMPT), Annapolis
- Channel 28 (WCPB), Salisbury
- Channel 31 (WWPB), Hagerstown
- Channel 36 (WGPT), Oakland
- Channel 62 (WFPT), Frederick
- Channel 67 (WMPB), Baltimore

The Commission also is authorized to conduct educational and cultural radio programming throughout Maryland.

The Commission consists of eleven members appointed for five-year terms by the Governor. Two members are designated by the State Board of Education. One member is the State Superintendent of Schools. Members are chosen for their interest in public education, libraries, art, music, drama, higher education, the television and radio industries, or other fields considered by the Governor to be significant for Commission membership. The Governor designates the chairperson and vice-chairperson (Code Education Article, secs. 24-201 through 24-206).

The Office of Public Defender was created in 1971 (Chapter 209, Acts of 1971). In criminal and juvenile proceedings within the State, the Office provides indigent persons with counsel, and related necessary services and facilities. The Office assures effective assistance and continuity of counsel to accused indigent persons in custody and to indigent defendants in criminal and juvenile proceedings before the courts of the State. The Office of the Public Defender administers and assures enforcement of these provisions.

The Public Defender provides legal representation for indigent defendants in criminal or juvenile proceedings that require the presence of counsel before a commissioner or judge; in post-conviction proceedings; and in any other proceeding where incarceration may result pursuant to a judicial commitment of individuals to public or private institutions.

The Board of Trustees of the Public Defender system consists of three members appointed by the Governor for three-year terms. Two members must be practicing attorneys-at-law.

Appointed by the Board of Trustees, the Public Defender must be an attorney-at-law, who has been admitted to practice law in Maryland by the Court of Appeals and engaged in the practice of law for a period of five years prior to appointment. The Public Defender, with the approval of the Board of Trustees, appoints the Deputy Public Defender and, for each district of the District Court, appoints one District Public Defender who must possess the same qualifications as the Public Defender. With the advice of the District Public Defender, Assistant Public Defenders may be appointed by the Public Defender (Code 1957, Art. 27A, secs. 1-14).

Within the Office of the Public Defender are four divisions: Appellate; Collateral Review; Mental Health; and Capital Defense.

APPELLATE DIVISION

Dennis M. Henderson, Esq., *Chief*
(410) 333-4861

The Appellate Division has statewide responsibility for all appellate litigation involving Public Defender clients and provides research and consultation on legal issues for staff and panel attorneys throughout the twelve Public Defender Districts. The Division also publishes a monthly *Digest*, con-

taining a cumulative summary of all reported Maryland appellate court and U.S. Supreme Court opinions relating to criminal law, as well as comments and articles on procedure, trial tactics, and changes in rules of procedure and criminal statutes.

COLLATERAL REVIEW DIVISION

Carol Chance, Esq., *Chief*
(410) 225-1289

The Collateral Review Division, formerly the Inmate Services Division, offers legal assistance to all indigent inmates who have legal problems concerning their incarceration. The Division provides representation in a wide range of collateral post-trial proceedings, including post-conviction applications, parole revocation, habeas corpus proceedings (including extradition), interstate and intrastate detainers, and requests for credit for time spent in prison prior to trial and sentencing. Informally, without recourse to litigation, the Division also helps resolve inmate complaints and personal problems that arise from incarceration. Referrals are made to the Prisoners Assistance Project of the Legal Aid Bureau, Inc., and the Inmate Grievance Office of the Department of Public Safety and Correctional Services.

MENTAL HEALTH DIVISION

George M. Lipman, Esq., *Chief*
(410) 508-2253

The Mental Health Division furnishes counsel to all persons civilly committed to mental institutions, and to criminal clients in cases where mental health and like issues are present. The civil commitment representation takes place at hospitals throughout the State and in related court proceedings. For criminal cases, Division staff assist virtually every district and division in the Public Defender system and appear in cases from the Court of Appeals through the Circuit Courts to the District and Juvenile Courts.

CAPITAL DEFENSE DIVISION

Thomas J. Saunders, Esq., *Chief*
(410) 333-4840

The Capital Defense Division provides representation statewide to those persons charged with crimes for which they may be subject to the death penalty. The Division also assists public and private attorneys who are representing persons so charged. Office services apply only to representation in or with respect to the courts of Maryland.

DISTRICT ADVISORY BOARDS FOR THE PUBLIC DEFENDER SYSTEM

Each district advisory board for the Public Defender system studies and observes the operation of its district public defender office. The board advises the Public Defender and its district public defender

with respect to panels of attorneys, fees, and other matters pertaining to the operation of the district public defender office and the Public Defender system.

Twelve district advisory boards serve the Public Defender system. Composed of five members, each board represents a district of the District Court of Maryland. One member is the judge of the Circuit Court or the District Court in that district. Four members must be practicing attorneys-at-law; they are appointed by the Governor for three-year terms. Annually, the Governor designates the board chairperson (Code 1957, Art. 27A, sec. 10).

The Public Service Commission was established in 1910 (Chapter 180, Acts of 1910). The Commission exercises jurisdiction over all gas, electric, telephone, telegraph, water, sewage disposal and steam heating companies operating within the State. The Commission has the power to fix rates and to suspend rate schedules pending the determination of the reasonableness of proposed rates. Public utilities may not abandon or discontinue any franchise without permission of the Commission.

Within Maryland, the Commission has jurisdiction over common carriers engaged in the public transportation of passengers (except those carriers of passengers that come within the jurisdiction of the Washington Metropolitan Area Transit Commission), or carriers of flammables in bulk (Chapter 613, Acts of 1959). The Public Service Commission also has jurisdiction over all taxicabs operating in Baltimore City, Baltimore County, Cumberland, and Hagerstown. The Commission licenses taxicab drivers in Baltimore City. Since 1984, it also sets pilotage rates (Chapter 726, Acts of 1984).

The Commission deals with rate adjustments; applications to exercise franchises; approval of issuance of securities; promulgation of new rules and regulations; and quality of utility and common

carrier service. It has authority to issue a Certificate of Public Convenience and Necessity for construction of new generating stations or transmission lines of a certain capacity (Code 1957, Art. 78, secs. 1-107).

The Commission is authorized to make joint investigations, hold joint hearings, and issue joint or other concurrent orders in conjunction with any official state or federal board or commission under agreements and compacts between states, under the concurrent powers of states to regulate interstate commerce as an agency of the federal government, or otherwise (Code 1957, Art. 78, sec. 59). In accordance with the federal Motor Carriers Act, the Commission also is represented on joint boards created by the Interstate Commerce Commission to hear and pass upon applications and proceedings pertaining to interstate motor carrier operations conducted in or through not more than three states.

Each utility and common carrier under Commission jurisdiction is assessed a proportionate share of the Commission's direct and indirect expenses.

Appointed by the Governor with Senate advice and consent, the Commission consists of five members who serve five-year terms. The Governor designates the chairperson. The General Counsel of the Commission is an attorney-at-law of the State and is appointed by the Commission (Code 1957, Art. 78).

St. Mary's College of Maryland originally was chartered as St. Mary's Seminary in 1840 (Chapter 190, Acts of 1839). In 1845, it was incorporated as St. Mary's Female Seminary (Chapter 257, Acts of 1845). The Seminary became St. Mary's Seminary Junior College in 1949 (Chapter 676, Acts of 1949). The College received its present name in 1964 (Chapter 59, Acts of 1964).

In 1967, St. Mary's College of Maryland became a four-year college of liberal arts and sciences. Within the State college system, it is the only four-year institution devoted exclusively to the liberal arts. Enrollment for fall 1993 was 1,524 students, (1,315 full-time; 209 part-time).

The College is governed by a board of seventeen trustees. Sixteen of these are appointed by the Governor with Senate advice and consent. Fifteen are appointed to six-year terms; one student trustee serves a one-year term. The chairperson of the Historic St. Mary's City Commission serves *ex officio* (Code Education Article, secs. 14-201 through 14-206).

FACILITIES MANAGEMENT

Sherman B. Kerbel, *Director*
 (410) 576-0300

The Maryland Stadium Authority was created in 1986 to select a site for new sports stadiums in the Baltimore metropolitan area and acquire, construct, and operate these facilities (Chapter 283, Acts of 1986). The stadiums are for professional football and baseball.

Pursuant to 1987 legislation, the Authority selected the site of Camden Yards in downtown Baltimore for separate baseball and football facilities (Chapters 122, 123, and 124, Acts of 1987). The Authority entered into a long-term lease with the Orioles baseball team in May 1988. Since that time, the Authority acquired the Camden Yards site and constructed Orioles Park at Camden Yards, a baseball park that opened April 6, 1992. The Authority is continuing its efforts to secure a National Football League franchise for Baltimore.

Subject to approval by the Board of Public Works, the Authority may hold an ownership inter-

est in and operate a professional football or major league baseball team or team franchise, on a temporary basis, during a transition of the team or team franchise to private ownership.

In 1992, certain responsibilities of the Baltimore Convention Center Authority were transferred to the Maryland Stadium Authority. To enlarge and improve the Baltimore City Convention Center, the Maryland Stadium Authority was authorized in 1993 to begin design and construction or hire a firm for this work (Chapter 400, Acts of 1993). The Center is located at 100 West Pratt Street.

The Authority is a public corporation of Maryland and may issue tax-exempt bonds for financing its operations. Proceeds from the sale of Authority bonds and revenues collected or received from any other source, including a tax on gate receipts at the facility, are deposited in the Maryland Stadium Authority Financing Fund. The Fund is a revolving fund for carrying out the purposes of the Authority. Receipts in connection with the Convention Center are deposited in a separate Convention Center Financing Fund.

The Authority consists of seven members who serve four-year terms. Six are appointed by the Governor with Senate advice and consent. One is chosen by the Mayor of Baltimore City with Senate advice and consent. The Governor designates the chairperson. With the Governor's approval, the Authority appoints the Executive Director (Code Financial Institutions Article, secs. 13-701 through 13-722).

The office of State Prosecutor was established by Constitutional amendment (Chapter 612, Acts of 1976, ratified Nov. 1976). An independent unit within the Office of the Attorney General, the State Prosecutor's office began operation January 1977.

The State Prosecutor may investigate on his own initiative, or at the request of the Governor, the Attorney General, the General Assembly, the State Ethics Commission, or a State's Attorney, certain criminal offenses. These include: 1) State election law violations; 2) State public ethics law violations; 3) State bribery law violations involving public officials or employees; 4) misconduct in office by public officials or employees; and 5) extortion, perjury, or obstruction of justice related to any of the above.

At the request of the Governor, Attorney General, General Assembly, or a State's Attorney, the State Prosecutor also may investigate alleged crimes conducted partly in Maryland and partly in another jurisdiction, or in more than one political subdivision of the State.

If the violation of the criminal law has occurred, the State Prosecutor makes a confidential report of these findings, with recommendations for prosecution, to the Attorney General and the State's Attorney having jurisdiction to prosecute the matter. Such a report need not be made to the State's Attorney, however, if the State Prosecutor's findings and recommendations contain allegations of offenses committed by the State's Attorney. If the State's Attorney to whom the report is rendered fails to file charges within 45 days in accordance with the State Prosecutor's recommendations, the State Prosecutor may prosecute such offenses. The State Prosecutor may immediately prosecute offenses set forth in the report and recommendations if they are alleged to have been committed by a State's Attorney.

Where no violation of the criminal law has occurred or prosecution is not recommended, the State Prosecutor reports these findings to the person requesting the investigation. The report is made available to the public if the subject of the investigation so requests.

In investigating and prosecuting cases in which he is authorized to act, the State Prosecutor has all the powers and duties of a State's Attorney.

The State Prosecutor is nominated by the State Prosecutor Selection and Disabilities Commission and appointed by the Governor for a term of six years (Code 1957, Art. 10, secs. 33A-33C).

STATE PROSECUTOR SELECTION & DISABILITIES COMMISSION

Eugene M. Feinblatt, *Chairperson*, 1988

Appointed by Governor (who names chair): Russell T. Baker, Jr., 1988; Charles Cahn II, 1989; Barry A. Gold, 1989; Barbara Sue Liebman; one vacancy.

Ex officio: J. Joseph Curran, Jr., Attorney General

233 East Redwood St.
Baltimore, MD 21202—3332 (410) 576-4211

The State Prosecutor Selection and Disabilities Commission was created by a 1976 law which took effect on January 1, 1977 (Chapter 612, Acts of 1976).

When the Governor notifies the Commission that a vacancy exists or is about to occur in the office of the State Prosecutor, the Commission seeks and reviews applications of proposed nominees for the position. The Commission then interviews and evaluates eligible applicants and reports in writing to the Governor (within seventy days after notification) the name of the person or persons it finds to be legally and professionally qualified. The Governor exercises the power of appointment or rejection within thirty days of receiving the Commission's report.

If, after a hearing, the Commission finds the State Prosecutor guilty of misconduct in office, persistent failure to perform the duties of the office, or conduct prejudicial to the proper administration of justice, the Commission may reprimand the State Prosecutor or recommend to the Governor the removal from office of the State Prosecutor. The Commission also is empowered to investigate allegations made against the State Prosecutor which, if true, may warrant removal or discipline. In this regard, the Commission may conduct hearings, administer oaths and affirmations, issue process to compel attendance of witnesses and the production of evidence, and require persons to testify and produce evidence by granting them immunity from prosecution, penalty, or forfeiture.

The Commission is comprised of seven members. The Attorney General serves as an ex officio voting member. Six members are appointed by the Governor. Of those appointed, two (only one of whom may be a lawyer) are nominees of the Senate President, and two (only one of whom may be a lawyer) are nominees of the Speaker of the House of Delegates. These persons may not be members of the General Assembly or full-time State employees. One member, who must be a lawyer admitted to practice law in Maryland, is nominated by the Board of Governors of the Maryland State Bar Association. One member is nominated by the Governing Board of the Maryland State's Attorneys' Association. That person must be an incumbent State's Attorney at the time of appointment and throughout the term of service on the Commission. Members serve four-year terms. The Governor designates the chairperson (Code 1957, Art. 10, secs. 33D-33F).

The Maryland State Retirement and Pension Systems cover State and local government employees, teachers, State police, judges, and legislators. The Board of Trustees for Maryland State Retirement and Pension Systems was created in 1982 (Chapter 506, Acts of 1982).

Under one Board of Trustees, the Maryland State Retirement and Pension Systems consolidates the Pension System for Employees of the State of Maryland and the Employees' Retirement System, the Pension System for Teachers of the State of Maryland and the Teachers' Retirement System, and the State Police Retirement System. Prior to this consolidation, retirement and pension systems functioned separately. The earliest began in 1927 when the Teachers' Retirement System was established (Chapter 344, Acts of 1927). The Employees' Retirement System was formed in 1941 (Chapter 377, Acts of 1941). Thereafter, the State Police Retirement System started in 1949 (Chapter 349, Acts of 1949). In 1970, these three systems were placed under the Department of Personnel. In

1979, the Pension System for Employees of the State of Maryland, and the Pension System for Teachers of the State of Maryland were created (Chapters 23, 24, Acts of 1979). From these systems, the Maryland State Retirement and Pension Systems was formed in 1982.

The Board of Trustees establishes rules and regulations to administer the several pension systems and manage pension funds. From the Board, each member and beneficiary receives a summary of the information in the annual report and the individual's vested benefits.

The Board designates one or more medical boards to arrange and evaluate all medical examinations required under the laws of the several pension systems and to investigate all applications for disability retirement. The medical boards are each composed of three physicians ineligible to participate in these pension systems. On matters concerning the operation of the pension funds in the system, the Board also designates an actuary as its technical adviser.

The Board of Trustees consists of fifteen members. Six serve ex officio and nine are elected or appointed members. Two trustees represent each of the State retirement funds; one represents the interests of participating local governments; and two represent the public. Trustees representing the Employees' and Teachers' Systems are elected by the members and beneficiaries of their respective systems. The trustees representing the State Police Retirement System are appointed by the Board of Public Works. The Governor appoints the trustees representing the interests of local governments and the public. Elected or appointed trustees serve four-year terms (Code 1957, Art. 73B, secs. 1-101 through 1-604).

INVESTMENT COMMITTEE

Arthur N. Caple, Jr., *Chairperson*

Authorized in 1988, the Investment Committee reviews all investment programs to ensure compliance with policies of the Board of Trustees and advises the Board on all matters pertaining to investment programs (Chapter 698, Acts of 1988). The Committee also advises the Board on preparation and maintenance of an investment operations manual and any additional bonding of employees of the Maryland State Retirement Agency. From its membership, the Board of Trustees annually appoints the Investment Committee.

Created in 1959, the Maryland Tax Court performs the judicial and quasi-judicial duties of the former State Tax Commission (Chapter 757, Acts of 1959). The Tax Court hears appeals from the decisions of any State agency or assessing or taxing authority that affects the valuation, assessment, or classification of property, the levy of a tax, or the application for an abatement or reduction of any assessment or tax, or exemption therefrom (Code Tax-General Article, Title 3 and sec. 13-1101; Tax-Property Article, sec. 14-512; Art. 48A, sec. 641). It also hears appeals from allowances or disallowances of claims for refunds of taxes, and from cancellations of Motor Vehicle Fuel Dealers licenses (Code Tax-General Article, sec. 13-510; Tax-Property Article, secs. 9-330, 14-512).

The Tax Court consists of five judges appointed by the Governor for six-year terms. One judge must reside on the Eastern Shore, one on the Western Shore, and one in Baltimore City. Two judges are residents of the State at large. No more than three judges may be of the same political party, and all must be taxpayers and qualified voters of Maryland. At least two must be members of the Maryland Bar, and the Governor designates one of these as Chief Judge.

The University of Maryland System comprises eleven campuses and four major research and service components. The System's earliest unit was founded in Baltimore in 1807 as the College of Medicine of Maryland (Chapter 53, Acts of 1807). In 1812, it enlarged its professional curricula and changed its name to the University of Maryland (Chapter 159, Acts of 1812).

In 1856, the Maryland State College of Agriculture was founded, and in 1920 it merged with the Baltimore professional schools to form the University of Maryland with campuses at Baltimore (UMAB) and College Park (UMCP) (Chapter 480, Acts of 1920). The Baltimore County (UMBC) campus was established in 1966. In 1970, the University of Maryland was organized into a five-campus system. At that time, the Maryland State College in Princess Anne (founded 1886) was restructured to form the University of Maryland Eastern Shore (UMES) and the College of Special and Continuation Studies (founded 1947) became the University of Maryland University College (UMUC).

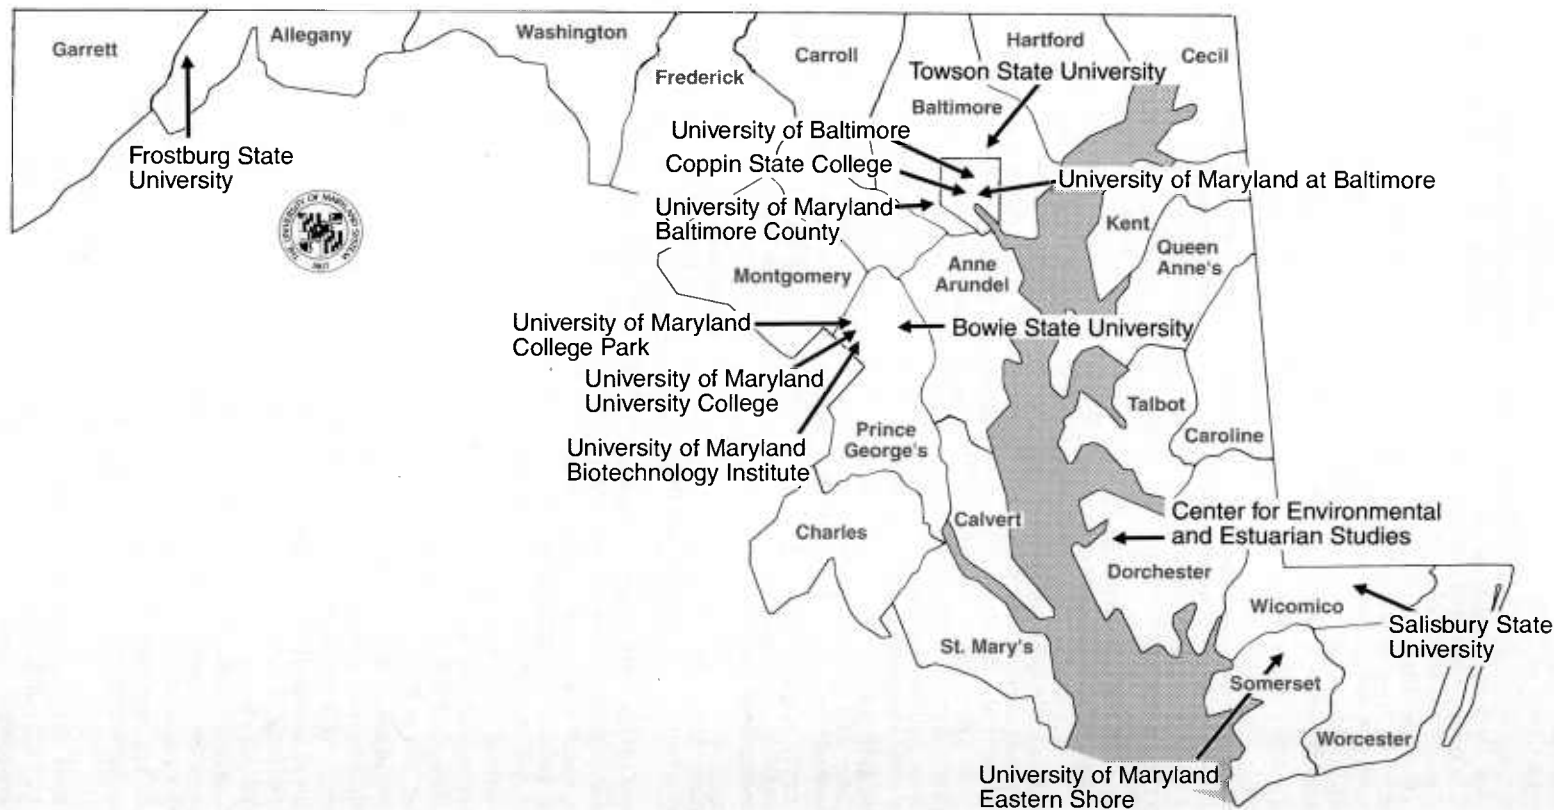

The University of Maryland achieved land-grant status in 1865 (UMCP) and 1890 (UMES) and was designated a national sea grant college in 1982.

As the components of the University of Maryland were evolving, so too were the State's teacher's colleges. The earliest of these was privately founded in 1865 in Baltimore to train Negro teachers. It would later become a State institution, move to Bowie and assume the name Bowie State University. In 1866, the first public teachers' college was created as the Maryland State Normal School, now Towson State University. State Normal School No. 2, now Frostburg State University, followed in 1898. In 1900, the Baltimore City School Board laid the foundation for what would later become Coppin State College. The first normal school on the Eastern Shore opened in 1925 and now bears the name Salisbury State University. In 1963, the five former teachers' colleges were brought together under the direction of a single governing body, the Board of Trustees of the State Universities and Colleges. In 1975, the University of Baltimore, privately founded fifty years earlier, joined the campuses governed by the Board. The University of Maryland System was created in 1988 through the merger of campuses and components of the University of Maryland with those formerly under the Board of Trustees of the State Universities and Colleges (Chapter 246, Acts of 1988).

Campuses of the University are located in Allegany County at Frostburg (Frostburg State University); Baltimore City (UMAB, UMBC, Coppin State College, University of Baltimore); Baltimore County at Towson (Towson State University); Prince George's County at Bowie (Bowie State University) and College Park (UMCP); Somerset County at Princess Anne (UMES); and Wicomico County at Salisbury (Salisbury State University). University College, from its headquarters in the Center of Adult Education at College Park, administers adult and continuing education courses and programs at sites across Maryland and in Europe and Asia. The University of Maryland System is developing an academic and research center at Shady Grove.

The University of Maryland System is governed by the seventeen-member Board of Regents. The Board may issue revenue bonds to finance the building of dormitories and other student housing facilities. The Board issues such bonds directly, with the payments of principal and interest made from revenues realized from the use of the building. With Senate advice and consent, the Governor appoints sixteen of the Board's members. Fifteen serve five-year terms and one, a student member, is appointed for a one-year term. The Secretary of Agriculture serves *ex officio* (Code Education Article, sec. 12-102).

The University's System Administration (UMSA) directs and coordinates the eleven-campus system. Located in Adelphi, the Administration includes the offices of the chancellor, the deputy chancellor, and six vice-chancellors. The Administration also is responsible for the four major research and public service components: the Agricultural Experiment Station;

the Cooperative Extension Service; the Center for Environmental and Estuarine Studies; and the Maryland Biotechnology Institute, as well as the Maryland Sea Grant College.

Bowie State University evolved from the first school opened in Baltimore by the Baltimore Association for the Moral and Educational Improvement of Colored People in 1865. The school was reorganized in 1893 as the Baltimore Normal School for the training of teachers. In 1908, the General Assembly designated it as Normal School No. 3, a State institution (Chapter 599, Acts of

1908). After relocation to Prince George's County, the School by 1914 was known as the Maryland Normal and Industrial School at Bowie. It was renamed the Maryland Teachers College at Bowie in 1935 and Bowie State College in 1963. On July 1, 1988, the College became Bowie State University (Chapter 293, Acts of 1988). In 1988, the University also became part of the University of Maryland System (Chapter 246, Acts of 1988).

Today, Bowie State University is a fully accredited liberal arts institution with the full-time equivalent of over 3,000 students. Twenty-nine majors are offered, including master's degrees in computer science, management information systems, human resources development, Adlerian psychology, and administrative management. The University also offers an honors program, an Army ROTC program, and an athletic program that fields eight intercollegiate sports in the Central Intercollegiate Athletic Association (CIAA) and the National Collegiate Athletic Association (NCAA). In addition, the University's cooperative education program has an excellent record of placing students after graduation.

Towson State University originated in 1865 as the State Normal School (Chapter 160, Acts of 1865). Opened in Baltimore City in 1866, the School was the first and, at that time, only institution devoted exclusively to the preparation of teachers for the public schools of Maryland. The School occupied four different sites in Baltimore City before moving to its present suburban location in 1915. The Bachelor of Science degree in education was established in 1935 when the school was renamed the Maryland State Teachers College at Towson (Chapter 554, Acts of 1935). In 1946, an arts and sciences program was introduced. The College increased its offerings in the arts and sciences and became Towson State College in 1963. Two years later, it began expanding its graduate program. The College was designated as Towson State University in 1976. The University became part of the University of Maryland System in 1988 (Chapter 246, Acts of 1988).

Towson State University is a liberal arts-based university serving the Baltimore metropolitan region. On a campus of over 300 acres, the school lies just north of Baltimore City. The University offers programs for the preparation and continuing education of teachers, business undergraduates, and other professionals, as well as programs in the fine arts and continuing education.

The Eastern Shore campus at Princess Anne had diverse affiliations and several names before becoming the University of Maryland Eastern Shore (UMES) in 1970. The institution was founded in 1886 as the Delaware Conference Academy for Negroes, under the general control of what became known as Morgan College, then a private institution in Baltimore. By the Morrill Act of 1890, the Academy received federal funds and was renamed the Princess Anne Academy. This funding created a relationship with the then Maryland Agricultural College, although the campus continued to be a part of Morgan College. College level work began at Princess Anne in 1927. The State authorized purchase of the Academy in 1935 (Chapter 548, Acts of 1935) and, in 1936, Princess Anne Academy became part of the University of Maryland, bearing the name of Maryland State College from 1948 until 1970. In 1970, the College was renamed University of Maryland Eastern Shore.

With 2,637 students enrolled in 1993, the University of Maryland Eastern Shore offers curricula in the arts and sciences, business, agriculture, and other areas;

preprofessional training; extension education; and marine, estuarine and environmental sciences. Research and public service centers at the University include the Cooperative Extension Service, Agricultural Experiment Station, Institute for Eastern Shore Studies, and the Soybean Research Institute.

The origins of Coppin State College date back to 1900. In that year, the Baltimore City School Board initiated a one-year course for the training of black elementary school teachers at Douglass High School on Pennsylvania Avenue. In 1902, the program was expanded to a two-year Normal Department within the high school. The Department became a separate institution with its own principal in 1909. This facility for teacher training in 1926 was named the Coppin Normal School in honor of Fannie Jackson Coppin, an outstanding black pioneer in teacher education. In 1938, the School was renamed Coppin Teachers College with a four-year curriculum and authority to grant the Bachelor of Science degree. The College became Coppin State Teachers College at its present location in 1952 and was renamed Coppin State College in 1963 when the Board of Trustees decided to extend the institution's degree-granting authority beyond teacher education. In 1988, the College became part of the University of Maryland System (Chapter 246, Acts of 1988).

Coppin State College provides to over 3,200 students an academic program which includes Divisions of Arts and Sciences; Education; Nursing; Graduate Studies; and Continuing Education.

The University of Baltimore was founded in 1925 as a private coeducational institution. To serve working adults, the University initially offered evening programs and in 1927 added day courses as well. In 1970, Eastern College and the Mt. Vernon School of Law merged with the University of Baltimore and in 1973, the former Baltimore College of Commerce became affiliated with it. The University of Baltimore joined the Maryland State system of higher education in 1975. At that time, it was designated an upper-division (junior-senior level) and graduate university. In 1988, the University became part of the University of Maryland System (Chapter 246, Acts of 1988).

University programs are administered through the Yale Gordon College of Liberal Arts, the Robert G. Merrick School of Business, and the School of Law.

The University houses the William Donald Schaefer Center for Public Policy, the Hofferger Center for Professional Ethics, and the Jacob France Center.

Career-oriented students are drawn to the University. Half of its 5,500 students are undergraduates and half are graduate students. More than 80 percent of the students work full- or part-time. University services and programs are designed to support working students with a strong cooperative education program for undergraduates, convenient student service hours, and flexible scheduling of classes and programs.

Origins of Salisbury State University began in 1922, when the General Assembly established a commission to determine a location on the Eastern Shore for a two-year teachers' college. A site was selected and the institution opened as the State Normal School at Salisbury in September 1925. The School was renamed as the State Teachers College at Salisbury in 1935, and as Salisbury State College in 1963. The College became Salisbury State University in 1988 (Chapter 366, Acts of 1988). That same year, the University became part of the University of Maryland System (Chapter 246, Acts of 1988).

Nationally accredited, Salisbury State University is a four-year liberal arts university. It offers 36 undergraduate and graduate degree programs to over 5,900 students. University courses include four-year undergraduate programs in liberal arts and sciences; and in the professional fields of business administration, education, medical technology, nursing, respiratory therapy, and social work. In addition, the University's graduate division offers master's degree programs in business administration, education, English, history, nursing, and psychology.

University College evolved from the evening courses that were offered by the University of Maryland from the 1920s through World War II. In 1947, the College of Special and Continuation Studies was established to administer the off-campus evening programs. Its principal officer was the

dean. In 1959, it was renamed University College. In 1970, the College was designated as one of five major University of Maryland campuses headed by a chancellor.

University College extends the resources of the University of Maryland System to over 14,300 adult, part-time students throughout the State and around the world. It offers programs for the bachelor's and master's degrees, and noncredit professional development. The curriculum, class schedules, registration procedures, and comprehensive student services all have been designed to create an academic environment that supports and encourages the educational goals of working adults.

Evening and weekend classes meet at more than 25 locations throughout Maryland, the District of Columbia, and Virginia. The European and Asian divisions conduct degree programs for U.S. military personnel and their families at over 200 locations in twenty-two countries.

In 1963, legislation authorized the University of Maryland to establish a campus at Catonsville in Baltimore County (Code Education Article, sec. 13-104(f)). The University of Maryland Baltimore County (UMBC) opened to its first freshmen in September 1966.

For the greater Baltimore region, the University of Maryland Baltimore County is the doctoral research institution. To some 10,600 students, the University offers undergraduate and graduate programs in the arts, sciences, social sciences, humanities, and engineering.

The Maryland Agricultural Experiment Station was established in 1888 following passage of the federal Hatch Act in 1887. The Act made grants-in-aid available to the states for agricultural research. Now, both State and federal funds support this work, as well as research in food science, nutrition, aquaculture, rural sociology, and natural resources.

Within the University of Maryland System, the Agricultural Experiment Station was placed under the Maryland Institute for Agriculture and Natural Resources in 1990. When the Institute was abolished in 1993, the Station was transferred to the College of Agriculture.

At the University of Maryland College Park, the Agricultural Experiment Station has laboratories for research in the animal and plant sciences, agricultural engineering, agricultural and resource economics, rural sociology, human ecology, and social sciences.

The Station conducts field research at ten off-campus sites. They are organized into four regional research and education centers:

Western Maryland (Keedysville)
 Central Maryland (Clarksville, Ellicott City,
 Cherry Hill, Beltsville, Upper Marlboro)
 Upper Eastern Shore (Wye Mills)
 Lower Eastern Shore (Salisbury, Princess Anne)

Although research programs throughout the State are diverse, the Station gives priority to programs that: 1) assist in sustaining competitive and profitable agriculture in Maryland; 2) develop technology for new and changing agriculture, aquaculture, and related industries; 3) increase the fundamental understanding of the principles and practices important to agriculture; 4) develop scientific criteria and increase the knowledge base for dealing with environmental and natural resource issues; 5) enhance the role of biotechnology in accelerating agricultural production efficiency, environmental quality, and natural resource management; 6) improve food quality and human nutrition; and 7) provide research leadership in human resource development and community vitality.

The University of Maryland Cooperative Extension Service was established by federal and State laws in 1914 (Chapter 247, Acts of 1914). It is supported by federal, State and county funds.

In 1990, the Service was placed under the Maryland Institute for Agriculture and Natural Resources. Since 1993, the Service has been overseen by the College of Agriculture at the University of Maryland College Park.

The Service informs and educates Marylanders about agricultural matters and brings to the attention of scientists the needs and problems of people for further research. As the statewide, out-of-the classroom component of the University of Maryland System, the Service is based in every county and in

The Center for Environmental and Estuarine Studies (CEES) was established by the Board of Regents of the University of Maryland in 1973. The Center's origins, however, date to 1925 when a research facility was started on Solomons Island by Dr. Reginald V. Truitt. That facility became the Chesapeake Biological Laboratory which affiliated formally with the University of Maryland's Natural Resources Institute in 1961. The Institute assembled a federation of laboratories that were relocated and reorganized in 1973 as the Center for Environmental and Estuarine Studies. In 1975, the Institute was abolished and the Center designated to assume the duties of the Institute (Chapter 526, Acts of 1975).

The Center is the lead institution for environmental studies within the University of Maryland System. Its three laboratories—Appalachian Environmental Laboratory in western Maryland, Chesapeake Biological Laboratory in southern Maryland, and Horn Point Environmental Laboratory on the Eastern Shore—are strategically located to provide access to Maryland's principal environments and their natural resources.

Center programs feature research on natural and disturbed ecosystems and their living resources; direct service to the public and State government agencies; introductory and technical environmental education; and, with other University institutions, graduate-level instruction through University-wide programs, such as the Marine-Estuarine-Environmental Sciences Program.

Much of the research at the Center focuses on the Chesapeake Bay and its watershed, but study also is concerned with worldwide environmental issues, such as global warming, biodiversity, and ecological economics. Additional research areas include watershed ecology (lakes, streams, forests, and animals); fisheries science; environmental policy; environmental chemistry and toxicology; oceanography; aquaculture; and wetlands. Educational emphasis is placed on ecology of coastal systems; resource analysis; the process of public decision-making in matters that affect environmental quality; and environmental education in cooperation with other public agencies and groups.

At the Horn Point Environmental Laboratory, the Center has administrative offices and facilities on a 721-acre site by the Choptank River near Cambridge. This property originally was given to the City of Cambridge by the late Francis P. Du Pont. In 1971, it was conveyed by Cambridge to the State for use by the University of Maryland. Here, hatcheries are maintained for shellfish and finfish propagation, and research focuses on biological and physical oceanography, aquaculture and seafood science, and wetlands and submerged aquatic vegetation.

The Chesapeake Biological Laboratory, at Solomons Island on the Patuxent River, holds the Center's fleet of research vessels and conducts research on fisheries science, environmental policy, and environmental chemistry and toxicology. On the Frostburg

State University campus, the Appalachian Environmental Laboratory studies the ecology of lakes and streams, animal behavior and evolutionary biology, and forest ecology.

RESEARCH

The General Assembly in 1985 established the Maryland Biotechnology Institute (MBI) at the University of Maryland. The Institute unites diverse research disciplines across the broad spectrum of biotechnology within the University of Maryland System. Administered by the University of Maryland System Administration, the Institute provides a core of expertise and state-of-the-art facilities dedicated to advancing research, training, and economic development in biotechnology.

Biotechnology is any technique that uses living organisms or substances from those organisms to make or modify a product and perform services; improve plants or animals; or develop microorganisms for specific uses. These techniques include the use of novel technologies, such as recombinant deoxyribonucleic acid (DNA), cell fusion, and other new bioprocesses.

The Institute consists of five centers: the Center for Advanced Research in Biotechnology; the Center of Marine Biotechnology; the Medical Biotechnology Center; the Center for Agricultural Biotechnology; and the Center for Public Issues in Biotechnology. In research and academic activities, each center works closely with governmental agencies and with the State's growing biotechnology business community. The Maryland Sea Grant College, though not an official Institute center, is administered by the Institute and collaborates with the Center of Marine Biotechnology.

In 1977, the University of Maryland was selected as the site of a sea grant program by the National Oceanic and Atmospheric Administration. In recognition of the program's accomplishments in estuarine research and public education,

the Administration designated the program a national sea grant college in 1982.

The Maryland Sea Grant College focuses its research and education efforts on the Chesapeake Bay, with particular emphasis on important commercial fisheries. Located at the University of Maryland College Park, the College sponsors projects throughout the University System as well as at other agencies and educational institutions.

The University of Maryland Medical System was established in 1984 as a private, nonprofit corporation (Chapter 288, Acts of 1984). The System is responsible for patient care, medical education, community health services, and emergency medical treatment provided by the medical systems of the University of Maryland. These systems include the University of Maryland Hospital; the R Adams Cowley Shock Trauma Center; the University of Maryland Cancer Center; the James Lawrence Kernan Hospital, Inc.; and the Montebello Rehabilitation Center, Inc.

R Adams Cowley Shock Trauma Center was founded in 1961 as the clinical hub of the Maryland Institute of Emergency Medical Services Systems. Following the reorganization of the Institute in 1993, the Center continues under the management of the University of Maryland Medical System.

University of Maryland Cancer Center was formed in 1981. The Center is the focus of cancer-related work within the School of Medicine of the University of Maryland at Baltimore, and the University of Maryland Medical System.

The James Lawrence Kernan Hospital, Inc., serves orthopedic, plastic surgery, neurosurgery, dental and medical patients. It originated in 1895 as the Hospital for Crippled and Deformed Children and became affiliated in 1986 with the University of Maryland Medical System.

Montebello Rehabilitation Center, Inc., is a comprehensive-care rehabilitation hospital. Authorized as a State institution in 1951, the Center opened in 1953 (Chapter 412, Acts of 1951). Funded through the Department of Health and Mental Hygiene, the Center was administered by the University of Maryland Medical System from 1986 to 1992. The Center was transferred from the Department to the University of Maryland Medical System in 1992 (Chapter 598, Acts of 1992).

The University of Maryland Medical System is governed by the Board of Directors. The Board consists of twenty-eight members. Seven are non-voting, ex officio members. Twenty-one are voting members appointed to five-year terms by the Governor. Appointed members include minority representatives, three regents of the University of Maryland System, one senator and one delegate, at

least one person knowledgeable in the administration of hospitals, and at least one member of the Community Advisory Council. The Board elects the Chief Executive Officer of the Corporation.

COMMUNITY ADVISORY COUNCIL

The Chairperson of the Board of Directors appoints a Community Advisory Council (known as the Farmer-Mitchell Community Advisory Council), whose members serve three-year terms. The Committee advises the Board on services offered by the Corporation that are of importance to the community (Code Education Article, secs. 13-1B-01 through 13-1B-13).

MARYLAND VENTURE CAPITAL TRUST

BOARD OF TRUSTEES

Harvey D. Kushner, *Chairperson*, 1994

Appointed by Governor (who names chair) with Senate advice & consent: R. Carol Casey, 1994; Lt. Michael S. Panos, 1994; Dorothy E. Brunson, 1996; Ernest J. Glinka, 1996; Walter H. Plosila, Ph.D., 1996; one vacancy.

John C. Weiss III, *Managing Director*

Baltimore, MD 21202 (410) 333-4492

The Maryland Venture Capital Trust was formed in 1990 (Chapter 222, Acts of 1990). The Trust provides an opportunity for Maryland State and local public pension funds and the State of Maryland and its political subdivisions to invest a portion of their funds in venture capital investments. The Trust has \$19.1 million consisting of \$15 million from the Maryland State Retirement and Pension Systems; \$2.1 million from the Fire and Police Employees' Retirement System of the City of Baltimore, and the Employees' Retirement System of the City of Baltimore; and \$2 million from the State of Maryland.

As a limited partner, the Trust invests in newly formed and existing venture capital funds which, as part of their overall investment strategy, will ensure that a majority of Trust funds are invested in Maryland business enterprises that are in the initial stages of development. The Trust, in its role as a "fund-of-funds," has committed \$9 million since July 1992 in four venture capital partnerships: Catalyst Ventures (\$3 million); Oxford Bioscience Partners (\$3 million); TDH III (\$2 million); and Calvert Social Venture Partners (\$1 million).

The Trust is composed of seven members. They are appointed to four-year terms by the Governor with Senate advice and consent (Code 1957, Art. 83A, secs. 5-1A-01 through 5-1A-09).

Origins of the Maryland Veterans Commission trace to 1924, when the State created a relief fund for disabled veterans of World War I (Chapter 344, Acts of 1924). From 1929, the Veterans Relief Commission administered the fund (Chapter 134, Acts of 1929). The Commission was renamed the Maryland Veterans Commission in 1935 (Chapter 481, Acts of 1935). In 1971, the Commission became part of the Department of Employment and Social Services, which became the Department of Human Resources in 1975 (Chapters 370 and 617, Acts of 1971). In 1977, the Commission was made an independent agency (Chapter 895, Acts of 1977).

The Commission serves Maryland veterans and their dependents. It works through three programs: Veterans Service, conducted through veterans service centers across the State; Veterans Cemetery, in five counties, and a Civil War cemetery; and Veterans Memorials and Monuments, in Baltimore City. The Commission also provides staff support and assistance to the Maryland Veterans Home Commission and the War Memorial Commission.

The Commission prepares and issues booklets, brochures, and flyers on federal, State and local benefits available to veterans. These publications are distributed to the public by selected State agencies and by all State veterans organizations.

Composed of twenty-five Maryland veterans, the Commission is appointed to seven-year terms by the Governor. The chairperson of the Maryland Veterans Home Commission serves as a member, each congressional district is represented by one member, and one member serves at large. Of the remaining members, one each is appointed from the following: American Ex-Prisoners of War, Inc.; American Legion; AM-VETS; Catholic War Veterans; Disabled American Veterans; Fleet Reserve Association; Jewish War Veterans; Korean War Veterans Association; Veterans of Foreign Wars; Veterans of World War I; Maryland Retired Officers Association; Marine Corps League; Polish-American War Veterans; Military Order of the Purple Heart; and Vietnam Veterans of America. The Governor designates the chairperson. The Commission appoints the Director (Code State Government Article, secs. 9-904 through 9-914).

In 1982, the Washington Cemetery Board of Trustees was transferred from the Department of General Services to the Maryland Veterans Commission (Chapter 269, Acts of 1982). The Washington Cemetery Board of Trustees oversees the maintenance of Washington Cemetery, Hagerstown, where the Confederate dead of the battles of Antietam and South Mountain are buried. At the Cemetery, 2,468 bodies are interred. Of this number, 346 have been identified.

The Board of Trustees was chartered in 1870 (Chapter 213, Acts of 1870). Originally the Board was composed of five members: three from Maryland and one representative each from Virginia and West Virginia. Virginia and West Virginia initially contributed to the cost for funding and maintaining the Cemetery and so were given a place on the Board. In over one hundred years, however, neither Virginia nor West Virginia has appointed a representative. Presently, the Board has only three active members, all from Maryland. They are appointed by the Governor to serve three-year terms.

Through its Service Program, The Maryland Veterans Commission advises, assists, and represents Maryland veterans, their dependents, and survivors seeking federal, State and local veteran

benefits. It helps them develop, prepare, submit, and approve claims for veterans' benefits enumerated by federal, State and local law. Veteran benefits include compensation for service-related disabilities, pension, education, home loans, and insurance, as well as benefits for health care, burial, and surviving family members. To achieve these purposes, the Program operates veterans service centers throughout the State.

Trained in veteran laws and regulations, Veterans Service officers present and prosecute claims before the U.S. Department of Veterans Affairs. They represent claimants by power-of-attorney through the adjudication and appellate processes.

In 1973, the Maryland Veterans Commission was authorized to acquire cemetery sites for Maryland veterans honorably discharged from the Armed Forces of the United States and their immediate families (Chapter 504, Acts of 1973). Since State land would be used, funds were authorized in 1974 to develop cemeteries rather than to acquire sites (Chapter 775, Acts of 1974).

Through its Cemetery Program, the Commission acquires, establishes, supervises, and controls cemeteries. It sets eligibility requirements for burial. The Commission also maintains a permanent registry of graves of all persons who served in the military or naval forces of the country in time of war and who are buried in Maryland. The five veterans' cemeteries located in Maryland are in Allegany, Anne Arundel, Baltimore, Dorchester and Prince George's counties (Code State Government Article, secs. 9-913 through 9-914).

The Veterans Memorials and Monuments Program was established in 1989 (Chapter 790, Acts of 1989). At that time, responsibility for administration of the Maryland Vietnam Veterans Memorial was transferred from the Maryland Vietnam Veterans Memorial Commission to the Maryland Veterans Com-

mission. Responsibility for administration of the Maryland Korean War Memorial also was reassigned from the Korean War Memorial Commission to the Maryland Veterans Commission in 1989.

The Maryland Vietnam Veterans Memorial (dedicated May 28, 1989) and the Maryland Korean War Memorial (dedicated May 27, 1990) are open to the public 365 days a year. They are operated and cared for by the Maryland Veterans Commission (Code State Government Article, sec. 9-915). The Maryland Veterans Commission operates, maintains, and provides security for these memorials.

State agencies involved with geographic information systems (GIS) began to meet informally in July 1992. These included the more established users and managers of geographic information systems from the Department of Natural Resources; the Office of Planning; the State Highway Administration of the Department of Transportation; the Department of Housing and Community Development; the Department of the Environment; and the State Archives. The Maryland State Government Geographic Information Coordinating Committee was organized formally by the Governor in January 1993.

The Committee provides a formal mechanism for users and managers of geographic information systems to address issues, such as spatial data standards, data sharing, documentation, and maintenance. The Committee recognizes the need for compatibility and transferability of spatial data between systems that can be achieved only by the cooperation of users of geographic information systems as they design or modify their data collection programs. To avoid duplication of effort, the Committee also seeks to integrate disparate spatial data sets for display or analysis.

The Governor created the Maryland Greenways Commission in March 1990. The Commission is to analyze the feasibility of integrating a new system of interconnecting recreational trails and wildlife corridors to the existing framework of protective buffers along Maryland's waterways. These greenways would be corridors of open space that follow streams, ridgetops, rivers, or other linear features for recreation and conservation purposes.

Maryland has the framework in place for a greenways network. The Chesapeake and Ohio (C&O) Canal, the Appalachian Trail, Patapsco Valley State Park, and the lower Pocomoke River are all greenways. Trail systems like the Northern Central Railroad Trail and Anne Arundel County's Baltimore and Annapolis (B&A) Trail are recreational greenway connectors. Greenways can be publicly owned to provide recreation opportunities or privately owned to provide wildlife habitat and water quality enhancement.

The Commission has developed a blueprint for a network of greenways in urban and rural areas throughout the State. The Commission also is implementing a model project along the Patapsco River.

In June 1990, the Commission submitted a preliminary report of findings and recommendations to the Governor. In December 1992, the Commission published *Maryland Greenways Atlas*, which shows protected lands and greenway corridors in each county.

Appointed by the Governor, the Commission consists of up to thirty members who represent State and local government, conservation and community groups, and business. Members serve two-year terms. The Commission is assisted by a local liaison from each county and Baltimore City.

The program is a cooperative effort of the Commission, state records coordinators, state advisory boards, and institutions and organizations throughout the country concerned with the records of the nation.

The National Historical Publications and Records Commission encourages government and private organizations to preserve and make available for use those records that further an appreciation and understanding of American history. In addition to supporting projects that directly relate to a body of records, the Commission also may support projects to promote cooperative efforts among institutions and organizations and improve the knowledge, performance, and professional skills of those who work with historical records.

In Maryland, the Commission funded a records assessment and reporting project to evaluate how institutions care for and provide access to the State's historical records. Those assessments, with recommendations, were published as *Maryland's Record Heritage: Assessing Needs and Opportunities* (1991).

Guidelines and Procedures: Applications and Grants, a pamphlet describing the program, is available upon request.

Appointed by the Governor, the Maryland Advisory Board consists of at least seven members, including the State Historical Records Coordinator who serves as chairperson. The Governor created the Governor's Drug and Alcohol Abuse Commission in February 1989 within the Executive Office of the Governor (Executive Order 01.01.1989.04). In August and October 1991, the Governor reorganized the Commission (Executive Orders 01.01.1991.27; 01.01.1991.31).

The Commission, in October 1989, submitted to the Governor a comprehensive and integrated plan for reducing illegal drug-related activities and drug and alcohol abuse in Maryland. Annually, the Commission updates the plan for the Governor, the General Assembly, and the public. The plan provides for a central information center on drug and alcohol abuse where data is collected, stored, analyzed, and distributed to federal, State and local government agencies. The plan also indicates how best to formulate policy to prevent and control illegal drug activities and drug and alcohol abuse.

On a continuing basis, the Commission consults with representatives of local governments and the private sector to assure that State, local and private resources are effectively used in preparation of the comprehensive plan. Regional and county core groups help coordinate efforts. Each group consists of the local superintendent of schools, local health officer, and local chief of police or sheriff.

The Commission compiles an inventory of available drug and alcohol abuse services, both public and private, and annually reports to the Governor on the status of efforts to reduce illegal drug-related activities and drug and alcohol abuse in Maryland. The Commission also consults with the Maryland Juvenile Justice Advisory Council; Governor's Advisory Board for Justice Assistance; Drug and Alcohol Abuse Prevention and Education Program Advisory Council of the State Department of Education; Governor's Executive Advisory Council; State Advisory Council on Drug and Alcohol Abuse; Governor's Office of Justice Administration; and the Governor's Youth Drug and Alcohol Abuse Commission. In March 1993, the Governor by letter created the U.S. 301 South Corridor Transportation Study Task Force. The Task Force brings together citizens and representatives of State and local government agencies to develop transportation strategies for southern Maryland. The Task Force is to study transit needs for U.S. Route 301 south of Bowie from U.S. Route 50 south to the Potomac River. The road runs through Prince George's and Charles counties but affects the transportation patterns of neighboring Anne Arundel, Calvert and St. Mary's counties as well. Recommendations of the Task Force will integrate land use and open space planning, local community design, and environmental protection into the transportation planning process.

The Mass Transit Administration and the State Highway Administration of the Department of Transportation provide technical support to the Task Force.

The Commission conducted research and made recommendations on the effectiveness and safety of commercially produced anti-theft devices, including those on new vehicles; and insurance incentives to encourage the use of anti-theft devices. In addition, the Commission recommended ways to stop the theft of watercraft, and farm and construction equipment.

The Governor established the Governor's Commission on Welfare Policy in August 1992 (Executive Order 01.01.1992.17). The Commission is developing a proposal to implement, operate, and evaluate a comprehensive federal research and demonstration project that will reform federal and State programs of public assistance. Where heads of families are employable, the Commission will consider the feasibility of limiting the period of economic support while training for employment. After examining the "minimum living level" and "standard of need," as defined by the Department of Human Resources, the Commission will review all benefits and services available to recipients of public assistance, including federal and State programs for Aid to Families with Dependent Children, and General Public Assistance.

The Commission is to propose systems that reward work and other efforts to promote self-sufficiency; strengthen families and parental responsibility; highlight the reciprocal obligations citizens have to one another; and improve the way government serves families and individuals. These comprehensive systems are to modify, consolidate, or replace all forms of means-tested benefits currently given to families. While screening out those who are not in need, the systems also must ensure ease of access.

The Commission is reviewing the following publicly financed programs: Aid to Families with Dependent Children; Energy Assistance; Food Stamps; and other nutrition assistance, such as the Women, Infants, and Children Program, and the School Lunch Program. The Commission also is evaluating Housing Assistance; Emergency Assis-

tance; Child Support Payments and Enforcement Services; Refugee Assistance; Homeless Cash Assistance; Child Care Assistance; Medical Assistance; and all other forms of cash and noncash aid

In October 1993, the Commission issued an initial report entitled *A Family Investment System: Making Welfare Work*. The Commission is to submit a final report by June 1994.

EXECUTIVE DIRECTOR

James E. Callahan (410) 333-5606

The Work Force Investment Board originated as the Governor's Employment and Training Council in March 1983. The Governor created the Council by Executive Order to be Maryland's job training coordinating council under the federal Job Training Partnership Act (P.L. 97-300). Later in 1983, the Council was established by statute (Chapter 268,

Acts of 1983). In 1985, the Governor gave additional responsibilities to the Council as a unit within the Executive Department (Executive Order 01.01.1985.14). In 1987, the Council became part of the Department of Economic and Employment Development (Executive Order 01.01.1987.24). The Council was renamed the Work Force Investment Board in 1992 (Chapter 412, Acts of 1992).

The Board assumed duties of the State Council on Vocational-Technical Education in 1993 and began to serve as Maryland's human resource investment council as provided for by the federal Job Training Partner-

ship Act (Chapter 463, Acts of 1993). Later that year, the Board became an independent agency of State government (Executive Order 01.01.1993.30). The Board helps plan, coordinate, and monitor State programs and services for work force investment in accordance with federal law.

The Board consists of not more than forty members appointed by the Governor for initial terms of from one to three years. The Governor designates the chairperson, who may not be an elected official or an employee of State or local government (Code 1957, Art. 100, sec. 121).

The Commission submitted a preliminary report on September 1, 1992, and a final report on December 1, 1992, to the Governor. Commission recommendations were embodied in two pieces of legislation to revise the Administrative Procedure Act: 1) House Bill 877, concerning contested cases, enacted in 1993 (Chapter 59, Acts of 1993); and 2) House Bill 748, concerning regulations adoption, failed to pass in 1993.

REDISTRICTING ADVISORY COMMITTEEBenjamin L. Brown, *Chairperson*

c/o Office of Planning
301 West Preston St., Room 1101
Baltimore, MD 21201—2365 (410) 225-4500

In May 1991, the Governor formed the Redistricting Advisory Committee. The Committee made recommendations to the Governor and General Assembly on boundary changes for legislative and Congressional election districts. The changes reflected shifts in Maryland's population as recorded in the federal census of 1990. The Office of Planning provided staff for the Committee, and the Office of the Attorney General provided legal advice and assistance.

Congressional Redistricting. The Redistricting Advisory Committee held 15 public hearings across the State and received numerous recommended plans before announcing a proposal in August. Those hearings showed a public consensus for: 1) creating a minority district in the Washington suburbs; and 2) keeping intact three regions—Western Maryland, Southern Maryland and the Eastern Shore.

The plan proposed by the Committee on August 20, 1991, contained certain features common to all plans that were to pass either house of the General Assembly. Those features were a minority district in the Washington suburbs that did not have an incumbent; a district that included all three Southern Maryland counties; a district that included Garrett, Allegany and Washington counties, and at least part of Frederick County; and a Baltimore City district with a minority population of over 70 percent.

After a public hearing on September 3, 1991, the Committee approved a second plan that month. Introduced as House Bill 7, the plan passed the House of Delegates on September 25, 1991, the first day of the Special Session. On the same day, the Senate passed Senate Bill 13 which was based on the Committee's August proposal. On the next day, the Senate amended House Bill 7 to be identical to Senate Bill 13 and passed it. The House took no action on Senate Bill 13, but recessed until October 21, 1991—three days before the Special Session would have been required by law to end.

On September 30, 1991, while the House of Delegates was still in recess, the Senate passed Senate Bill 14. On October 3, 1991, the House returned and passed House Bill 10. A week later, a conference committee was appointed on House Bill 10. The conference committee, consisting of Senators Pica, Blount, and Miller, and Delegates Kopp, Arnick, and

Mitchell, reached an agreement on October 21, 1991. The Senate adopted the conference committee report. On October 22, 1991, the House adopted the conference committee report.

House Bill 10 satisfied the Legislature's goals of creating a viable minority district in the Washington suburbs and keeping intact the three major regions that surround the center of the State. The bill was signed by the Governor on October 23, 1991 (Chapter 4, Acts of Special Session of 1991).

Legislative Redistricting. The Redistricting Advisory Committee developed a legislative districting plan for the Governor. In June 1991, the Committee adopted the publicly announced legal guidelines setting forth the criteria that were to guide its work. The Committee also scheduled a series of public hearings in the summer of 1991, and one in December 1991. Approximately 300 persons testified at the summer public hearings and another one hundred in December.

The Committee invited the public to make written submissions and proposed plans. The Committee considered over 42 proposed plans and extensive other submissions. The Committee incorporated many of these suggestions in its plan considered at the December 10 public hearing and in its final recommendation to the Governor on December 17, 1991. On January 8, 1992, the Governor submitted to the General Assembly the Legislative Districting Plan of 1992. That plan became law as Joint Resolution nos. 9 and 10 on February 21, 1992, when the General Assembly failed to enact a plan of its own.

ORIGIN & FUNCTIONS

Functions of the Court of Appeals began in the colonial period. Then, the Upper House of Maryland's Assembly consisted of the Governor and Council, who in 1664 first reviewed writs of error appealing judgments of the Provincial Court. In 1694, the Governor and Council were authorized by statute to consider appeals from the Provincial Court (Chapter 18, Acts of 1694). The four-member court of Governor and Council first sat in May 1695 in Annapolis.

As the highest tribunal in Maryland, the Court of Appeals was created by the Constitution of 1776 (Art. 56). The Court was to be "composed of persons of integrity and sound judgment in the law, whose judgment shall be final and conclusive in all cases of appeal, from the general court, court of chancery, and court of admiralty . . ." Five judges were commissioned in 1778, and that number reduced to three in 1801. The Court was restructured in 1806 by dividing the State into six judicial districts with a chief judge and two associate judges for each district appointed by the Governor and Council. Together these six chief judges constituted the Court of Appeals which began to sit on the Eastern Shore at Easton as well as on the Western Shore at the State capital.

The Constitution of 1851 divided the State into four judicial districts. Voters of each district elected a judge to the Court of Appeals for a ten-year term. The Court became responsible solely for appellate duties and sat only at Annapolis (Art. IV, secs. 2, 4). Five judges each elected from one of five judicial districts were prescribed by the Constitution of 1864 (Art. IV, sec. 17).

The Constitution of 1867 returned to the older form of requiring Court of Appeals judges to assume trial court and appellate duties. In seven judicial circuits, the Governor, with Senate advice and consent, designated a chief judge. In the eighth judicial circuit (Baltimore City), the voters elected the chief judge. These eight chief judges then constituted the Court of Appeals (Art. IV, sec. 14).

Judicial reorganization in 1943 provided for a five-member Court of Appeals elected for terms of fifteen years (Chapter 772, Acts of 1943, ratified Nov. 1944). The five judges included two from Baltimore City; one each from: the 1st Appellate Judicial Circuit (Eastern Shore—Cecil, Kent, Queen Anne's, Caroline, Talbot, Dorchester, Wicomico, Worcester and Somerset counties); the 2nd Appellate Judicial Circuit (Central and Southern Maryland—Harford, Baltimore, Anne Arundel, Prince George's, Charles, Calvert and St. Mary's counties); and the 3rd Appellate Judicial Circuit (North and Western Maryland—Carroll, Howard, Montgomery, Frederick, Washington, Allegany and Garrett counties). In 1960, the number of judges was increased to seven (Chapter 11, Acts of 1960, ratified Nov. 1960).

The Court of Appeals hears cases almost exclusively by way of *certiorari* (i.e., on review). The Court may review a case decided by the Court of Special Appeals or may bring up for review cases filed in that court before they are decided there. The Court of Appeals also may review certain decisions rendered by the Circuit Court if that court acted in an appellate capacity with respect to an appeal from the District Court. The Court may adopt rules of judicial administration, practice, and procedure which have the force of law. It also reviews recommendations of the State Board of Law Examiners and conducts disciplinary proceedings involving members of the bench and bar.

Throughout the year, the Court of Appeals holds hearings on the adoption or amendment of rules of practice and procedure. It also supervises the Attorney Grievance Commission and admits persons to the practice of law (Code Courts and Judicial Proceedings Article, secs. 12-301 through 12-307). The term of the Court begins the second Monday of September.

The Court is composed of seven members, one from each of the first five Appellate Judicial Circuits and two from the Sixth Appellate Judicial Circuit (Baltimore City).

1st Appellate Judicial Circuit: Cecil, Kent, Queen Anne's, Caroline, Talbot, Dorchester, Wicomico, Worcester and Somerset Counties.

2nd Appellate Judicial Circuit: Baltimore County and Harford County.

3rd Appellate Judicial Circuit: Allegany, Frederick, Garrett, Montgomery and Washington Counties.

4th Appellate Judicial Circuit: Prince George's, Calvert, Charles and St. Mary's Counties.

5th Appellate Judicial Circuit: Anne Arundel, Carroll and Howard Counties.

6th Appellate Judicial Circuit: Baltimore City.

After initial appointment by the Governor and confirmation by the Senate, members of the Court run for office on their records without opposition. If the voters reject the retention in office of a judge, or the vote is tied, the office becomes vacant. Otherwise, the incumbent judge is retained in office for a ten-year term. The Chief Judge of the Court of Appeals, designated by the Governor, is the constitutional administrative head of the Maryland judicial system (Const., Art. IV, secs. 5A, 18(b)).

The clerk of the Court of Appeals is appointed by the Court. The clerk maintains the docket, receives briefs and transcripts of cases filed with the Court, and maintains official custody of Court decisions, Acts of the General Assembly, and other records required to be filed with the Court (Const., Art. IV, sec. 17).

The Court of Appeals Standing Committee on
Rules of Practice and Procedure, known also as the
Rules Committee, was appointed by order of the
Court of Appeals in 1946. The Committee suc-
ceeded an ad hoc committee on rules appointed by
the Court in 1940.

The Court of Appeals is responsible for making
the rules that govern the practice and procedure of
law and judicial administration in Maryland. The
Standing Committee on Rules of Practice and Pro-
cedure assists the Court in developing these rules.

Appointed by the Court of Appeals, Committee
members serve three-year terms. They include law-
yers, judges, and others competent in judicial prac-
tice, procedure, or administration. The Chairperson
of the Judicial Proceedings Committee of the Sen-
ate and the Chairperson of the Judiciary Committee
of the House of Delegates are ex officio members
(Code Courts and Judicial Proceedings Article, sec.
13-301; Md. Rule 1225).

ORIGIN & FUNCTIONS

The Court of Special Appeals, Maryland's intermediate appellate court, was created in 1966 to alleviate a substantial backlog of cases in the Court of Appeals (Chapters 10, 11, Acts of 1966, ratified Nov. 8, 1966, and implemented by Chapters 11, 12, Acts of 1966; Const., Art. IV, sec. 14A). The Court of Special Appeals sits in Annapolis.

An earlier intermediate appellate court, the General Court, had been formed during the Revolutionary War by the Constitution of 1776. Hearing appeals from the county courts, the court was organized into the General Court of the Western Shore which sat in Annapolis and the General Court of the Eastern Shore which sat at Easton. After the General Court was abolished in 1806, the Court of Appeals served as the State's only appellate court until the Court of Special Appeals was established in 1966.

Except as otherwise provided by law, the Court of Special Appeals has exclusive initial appellate jurisdiction over any reviewable judgment, decree, order, or other action of a circuit court or an orphans' court and generally hears cases appealed from the circuit courts (Code Courts and Judicial Proceedings Article, sec. 12-308). Judges of the Court of Special Appeals are empowered to sit in panels of three. A hearing or rehearing of a case before the whole Court may be ordered in any case by a majority of the Court's incumbent judges. The Court also considers applications for leave to appeal in such areas as post-conviction, *habeas corpus* matters involving denial of or excessive bail, and inmate grievances (Code Courts and Judicial Proceedings Article, secs. 1-401 through 1-403).

The Court of Special Appeals is composed of thirteen judges. Initially, judges are appointed by the Governor and confirmed by the Senate. Thereafter, they run on their records without formal opposition for a ten-year term. One judge is elected from each of the first five Appellate Judicial Circuits and two are elected from the Sixth Appellate Judicial Circuit (Baltimore City).

1st Appellate Judicial Circuit: Cecil, Kent, Queen Anne's, Caroline, Talbot, Dorchester, Wicomico, Worcester and Somerset Counties.

2nd Appellate Judicial Circuit: Baltimore County and Harford County.

3rd Appellate Judicial Circuit: Allegany, Frederick, Garrett, Montgomery and Washington Counties.

4th Appellate Judicial Circuit: Prince George's, Calvert, Charles and St. Mary's Counties.

5th Appellate Judicial Circuit: Anne Arundel, Carroll and Howard Counties.

6th Appellate Judicial Circuit: Baltimore City.

The remaining six judges are elected from the State at large. The Chief Judge of the Court of Special Appeals is designated by the Governor.

The clerk is appointed by the Court of Special Appeals. The clerk maintains the docket, receives the records and briefs of all appeals filed with the Court, and maintains official custody of Court decisions.

ORIGIN & FUNCTIONS

The Circuit Courts originated in the colonial period as County Courts. In 1775, just before the Revolutionary War, their functions were suspended. After Maryland adopted its first State Constitution in 1776, the County Courts were reopened and justices were appointed for every county in April 1777.

For the counties, the Constitution of 1851 established the Circuit Courts to succeed the County Courts (Art. IV, secs. 8, 9). The present Baltimore City Circuit Court, however, evolved out of a more complex judicial system.

From 1789 to 1816, a court of oyer and terminer and gaol delivery heard criminal cases for Baltimore City. Its jurisdiction was assumed in 1817 by the Baltimore City Court. The Constitution of 1851 provided Baltimore City with the Court of Common Pleas, the Superior Court, and the Criminal Court (Art. IV, secs. 10-13). The Circuit Court of Baltimore City was established by statute in 1853 and further mandated by the Constitution of 1864 (Chapter 122, Acts of 1853; Art. IV, secs. 31, 35). The Constitution of 1867 authorized the Baltimore City Court (for civil proceedings) and placed all of these City courts under the jurisdiction of the Supreme Bench of Baltimore City (Art. IV, secs. 27, 28). In 1888, Baltimore City Circuit Court no. 2 also was placed under the Supreme Bench (Chapter 194, Acts of 1888). By constitutional amendments ratified by the voters in November 1980, the six courts of the Supreme Bench were consolidated. They became the Circuit Court for Baltimore City on January 1, 1983.

The Circuit Courts are the highest common law and equity courts of record exercising original jurisdiction within Maryland. Each has full common law and equity powers and jurisdiction in all civil and criminal cases within its county, and all the additional powers and jurisdiction conferred by the Constitution and by law, except where jurisdiction has been limited or conferred exclusively upon another tribunal by law (Code Courts and Judicial Proceedings Article, sec. 1-501).

The Circuit Court is a trial court of general jurisdiction. Its jurisdiction is very broad but generally covers major civil cases and more serious criminal matters. Circuit Courts also may decide appeals from the District Court and certain administrative agencies. These courts are grouped into eight geographical circuits. The first seven circuits each contain two or more counties; the eighth consists of Baltimore City (Const., Art. IV, sec. 19).

1st Judicial Circuit: Dorchester, Somerset, Wicomico and Worcester counties.

2nd Judicial Circuit: Caroline, Cecil, Kent, Queen Anne's and Talbot counties.

3rd Judicial Circuit: Baltimore County and Harford County.

4th Judicial Circuit: Allegany, Garrett and Washington counties.

5th Judicial Circuit: Anne Arundel, Carroll and Howard counties.

6th Judicial Circuit: Frederick and Montgomery counties.

7th Judicial Circuit: Calvert, Charles, Prince George's and St. Mary's counties.

8th Judicial Circuit: Baltimore City.

Presently, there are 125 Circuit Court judges, with at least one judge for each county and at least four judges for each judicial circuit. Unlike other Maryland courts, the Circuit Court has no chief judge. Instead, eight circuit administrative judges perform administrative duties in each of their respective circuits. Appointed by the Chief Judge of the Court of Appeals, circuit administrative judges are aided by county administrative judges. Within each circuit, the judge who has served longest on the court is designated chief judge of the circuit (Const., Art. IV, sec. 21).

Each Circuit Court judge is appointed by the Governor and then must stand for election. The judge's name is placed on the ballot in the first general election that occurs at least one year following the vacancy the judge was appointed to fill. The judge may be opposed formally by one or more qualified members of the bar, with the successful candidate being elected to a fifteen-year term (Const., Art. IV, secs. 19-26).

The Conference of Circuit Judges originated as the Conference of Circuit Administrative Judges, which was formed on March 14, 1972 by rule of the Court of Appeals (Maryland Rules, Rule 1207). At that time, the Conference was composed solely of the eight administrative judges of the judicial circuits. On November 28, 1978, the Conference was reorganized as the Conference of Circuit Judges.

The Conference of Circuit Judges meets periodically to consider and make recommendations concerning the administration of justice and the circuit courts. The Conference also may initiate complaints to the Commission on Judicial Disabilities concerning alleged judicial misconduct or disability.

The Conference consists of sixteen members. Eight are the administrative judges of the eight judicial circuits. From each of the eight judicial circuits, the judges of each circuit elect a fellow judge to represent them at the Conference. The chairperson is elected by the Conference for a two-year term. The Administrative Office of the Courts serves as secretariat to the Conference.

ORIGIN & FUNCTIONS

The District Court of Maryland was created by constitutional amendment ratified in 1970 (Chapter 789, Acts of 1969; Const., Art. IV, secs. 41A through 41-1). The Court began operating in July 1971 as a court of record. With statewide jurisdiction, the Court functions in every county and Baltimore City. It replaced the theretofore existing justices of the peace, the county trial magistrates, the People's Courts in certain counties, the People's Court of Baltimore City, and the Municipal Court of Baltimore City.

The District Court has jurisdiction in both criminal (including motor vehicle) and civil areas. It has little equity jurisdiction and has jurisdiction over juvenile cases only in Montgomery County. The exclusive jurisdiction of the District Court generally includes all landlord/tenant cases; replevin actions; motor vehicle violations; criminal cases if the penalty is less than three years imprisonment or does not exceed a fine of \$2,500, or both; and civil cases involving amounts not exceeding \$2,500. It has concurrent jurisdiction with the circuit courts in civil cases over \$2,500 (but not exceeding \$10,000) and concurrent jurisdiction in misdemeanors and certain enumerated felonies. Since the District Court provides no juries, a person entitled to and electing a jury trial must proceed to the circuit court (Code 1957, Art. 27, secs. 586, 594D, 616 1/2, 643A; Code Courts and Judicial Proceedings Article, secs. 1-601 through 1-608, 2-601 through 2-607, 4-101 through 4-405, 6-403, 7-301, 7-302, 9-201, 11-402, 11-701 through 11-703, 12-401 through 12-404; Code Family Law Article, secs. 4-501 through 4-510).

The District Court is divided into twelve geographical districts, each containing one or more political subdivisions, with at least one judge in each subdivision.

District 1: Baltimore City.

District 2: Dorchester, Somerset, Wicomico and Worcester counties.

District 3: Caroline, Cecil, Kent, Queen Anne's and Talbot counties.

District 4: Calvert, Charles and St. Mary's counties.

District 5: Prince George's County.

District 6: Montgomery County.

District 7: Anne Arundel County.

District 8: Baltimore County.

District 9: Harford County.

District 10: Carroll and Howard counties

District 11: Frederick and Washington counties.

District 12: Allegany and Garrett counties.

The District Court of Maryland is administered centrally and is funded fully by the State. Presently, there are 97 judges on the Court, including the Chief Judge. The Chief Judge is the administrative head of the Court and appoints administrative judges for each of the twelve districts, subject to the approval of the Chief Judge of the Court of Appeals. A chief clerk of the Court is appointed by the Chief Judge as are administrative clerks for each district, and district commissioners who issue arrest warrants and set bail or collateral.

District Court judges are appointed by the Governor to ten-year terms, subject to Senate confirmation. They do not stand for election. The Chief Judge is appointed by the Chief Judge of the Court of Appeals.

**ADMINISTRATIVE JUDGES
COMMITTEE**

Chairperson: Robert F. Sweeney, Chief Judge,
District Court of Maryland
(410) 974-2412

The Administrative Judges Committee of the District Court of Maryland was formed by the Chief Judge of the District Court of Maryland when the Court began in 1971. At that time, the Committee

included the Chief Judge, as chairperson, and the twelve district administrative judges. In 1978, the Chief Judge extended membership to add five trial judges of the District Court elected at large biennially by written ballot of the administrative and trial judges of the District Court.

The Maryland Judicial Conference was organized in 1945 and presently operates under the provisions of Maryland Rule 1226. The Conference considers the status of judicial business in the various courts, devises means for relieving congestion of dockets, and considers improvements of practice and procedure in the courts. It also considers and recommends legislation and discusses proposals for improving the administration of justice and the judicial system in Maryland. Annually, the Conference meets in plenary session.

The Conference consists of all judges of the Court of Appeals, the Court of Special Appeals, the Circuit Courts, and the District Court of Maryland. The Chief Judge of the Court of Appeals serves as chairperson, and the State Court Administrator as executive secretary.

EXECUTIVE COMMITTEE

Andre M. Davis, *Chairperson*, 1995

Between annual sessions, the work of the Maryland Judicial Conference is conducted by an Executive Committee and by a number of other committees, as established by the Executive Committee in consultation with the Chief Judge of the Court of Appeals. Committees of the Conference receive staff support from the Administrative Office of the Courts.

The Executive Committee consists of seventeen judges elected by their peers from all court levels in the State. Serving as ex officio nonvoting members are the Chief Judge of the Court of Appeals, the Chairperson of the Conference of Circuit Judges, and the Chief Judge of the District Court of Maryland.

JUDICIAL INSTITUTE OF MARYLAND

BOARD OF DIRECTORS

Lawrence F. Rodowsky, *Chairperson*, 1995

Staff: Deborah A. Unitus (410) 974-2475

In 1981, the Judicial Institute of Maryland was formed by administrative order of the Chief Judge of the Court of Appeals. The Institute was established to provide comprehensive, relevant, diverse and cost-effective continuing legal education to the judges of Maryland. A program of in-State continuing education for all Maryland judges is developed, implemented, and evaluated by the Institute, which is responsible to the Maryland Judicial Conference for all judicial education and training.

The Institute is governed by the thirteen-member Board of Directors, whose chairperson and judicial members are appointed by the Chairperson of the Executive Committee of the Maryland Judicial Conference in consultation with the Chairperson of the Maryland Judicial Conference. Judicial members of the Board include one judge from each of the appellate courts; four judges from the circuit courts; and four judges from the District Court of Maryland. In addition, the dean of the University of Maryland School of Law, the dean of the University of Baltimore School of Law, and the Board of Directors of the Maryland Institute for Continuing Education for Lawyers (MICPEL) each select a representative to serve on the Board.

In 1944, administrative direction for the courts became the responsibility of the Chief Judge of the Court of Appeals as "the administrative head of the judicial system of the State" (Const., present Art. IV, sec. 18(b)). Not until 1955, however, did the General Assembly take steps to provide professional administrative staff to assist the Chief Judge in carrying out administrative duties. In that year, the General Assembly created the Administrative Office of the Courts (Chapter 343, Acts of 1955).

The Administrative Office is headed by the State Court Administrator appointed by and serving at the pleasure of the Chief Judge of the Court of Appeals. The State Court Administrator and the Administrative Office provide the Chief Judge with advice, information, facilities, and staff to facilitate administration and implement court administrative policies established by the Chief Judge, the Court of Appeals, and the General Assembly.

The Administrative Office engages in planning and research; provides staff support for the education and training of judges and nonjudicial personnel; and prepares and administers the Judiciary budget. The Office serves as liaison with the legislative and executive branches; provides staff support for the Maryland Judicial Conference and the Conference of Circuit Judges; operates information systems; and gathers and analyzes statistics and other management information. The Office also assists the Chief Judge in the assignment of judges to cope with temporary backlogs or to address shortages of judicial personnel (Code Courts and Judicial Proceedings Article, sec. 13-101).

The staffs of the circuit administrators in the First, Second and Fourth Judicial Circuits are also attached to the Administrative Office.

In 1970, the Governor by executive order established a statewide judicial nominating commission to propose nominees for appointment to the appellate courts, and regional trial court nominating commissions to perform the same function for trial court vacancies. The commissions began operation in 1971. The commissions were reconstituted by

the Governor in 1991 (Executive Order 01.01.1991.05). Each judicial vacancy filled pursuant to the Governor's appointing power must be filled from a list of nominees submitted by one of these nominating commissions.

When a judicial vacancy occurs or is about to occur, the Administrative Office of the Courts notifies the appropriate commission and then solicits applications from interested persons through announcements in the press and by contacting interested bar associations. Applications received are distributed to the commission members.

After the filing deadline for a vacancy has passed, the commission meets to consider applications and relevant information, such as recommendations from bar associations or individual citizens. Each candidate is interviewed by the full commission or by commission panels. The commission then prepares a list of those candidates deemed legally and professionally most fully qualified for judicial office. This list is prepared by secret written ballot. No applicant may be added to the list unless that applicant has the affirmative vote of a majority of the commission members present at a voting session. The list is forwarded to the Governor, who must make an appointment from the commission list.

The Commission on Judicial Disabilities was established in 1966 by constitutional amendment (Chapter 773, Acts of 1965; Const., Art. IV, sec. 4A). The Commission is empowered to investigate complaints against members of the Maryland Judiciary. It conducts hearings or takes informal action as it deems necessary, provided that the judge involved has been properly notified.

To determine whether to initiate formal proceedings, the Commission conducts a preliminary investigation after which a hearing may be held regarding the judge's alleged misconduct or disability. If, as a result of these hearings, the Commission, by majority vote, decides that a judge should be retired, removed, censured, or publicly reprimanded, it recommends that course of action to the Court of Appeals. The Court of Appeals may order a more severe discipline of the judge than the Commission recommends. The Commission also has the power, in limited situations, to issue a private reprimand.

The Commission's primary function is to receive, investigate, and hear complaints against Maryland judges. Formal complaints must be in writing and notarized, but no particular form is required. Individuals also may write or call the Commission to express dissatisfaction concerning the outcome of a case or some judicial ruling.

The Commission also supplies judicial nominating commissions with confidential information con-

cerning reprimands to or pending charges against those judges seeking nomination to judicial offices (Md. Rule 1227).

The Commission consists of seven members appointed by the Governor. Members include four judges presently serving on the bench, two members of the bar who have been engaged in legal practice for at least fifteen years, and one lay person representing the public (Code Courts and Judicial Proceedings Article, secs. 13-401 through 13-403; Md. Rule 1227).

STATE BOARD OF LAW EXAMINERS

Charles H. Dorsey, Jr., Esq., *Chairperson*, 1993

Appointed by Court of Appeals: Christopher B. Kehoe, Esq., 1994; Robert H. Reinhart, Esq., 1995; Pamela J. White, Esq., 1995; William F. Abell, Jr., Esq., 1996; Jonathan A. Azrael, Esq., 1996; John F. Mudd, Esq., 1997.

CLERK

Originally, the various local courts were authorized to examine persons seeking to be admitted to the practice of law in Maryland. Examination of attorneys remained a function of local courts until 1898, when the State Board of Law Examiners was created (Chapter 139, Laws of 1898).

The Board and its staff administer bar examinations twice annually in February and July. Each is a two-day examination of between nine and twelve hours of writing time.

Since 1972, the Board has used the Multistate Bar Examination (MBE) as part of the overall examination. The MBE is the nationally recognized law examination consisting of multiple-choice questions, prepared and graded under the direction of the National Conference of Bar Examiners. The MBE test covers six subjects: contracts, criminal

law, evidence, real property, torts, and constitutional law. The MBE test usually is given on the second day of the examination. The first day usually is devoted to the traditional essay examination, prepared and graded by the Board.

Pursuant to the Rules Governing Admission to the Bar, adopted by the Court of Appeals, June 28, 1990 (effective August 1, 1990) and Rules of the Board adopted October 8, 1990, the subjects covered by the Board's essay examination encompass but need not include all of the following subject areas: agency, business associations, commercial transactions, constitutional law, contracts, criminal law and procedure, evidence, Maryland civil procedure, property, professional conduct, and torts. Single questions may encompass more than one subject area and subjects are not specifically labeled on the examination paper.

The Board also processes applications for admission filed under Rule 13, which permits out-of-State attorneys who have practiced law for a total of ten years or at least five years of the ten years preceding application to apply for admission to the Maryland bar. The lawyers' examination is an essay test limited in scope and subject matter to Maryland's Rules of Practice and Procedure and Rules of Professional Conduct. The test is three hours long and is administered on the first day of the regularly scheduled bar examination.

The requirement that all applicants to practice law in Maryland be domiciled in the State when admitted to the bar was abolished in 1982.

The Board is composed of seven lawyers appointed to five-year terms by the Court of Appeals. Authorization for the Board continues until July 1, 1999 (Code Business Occupations and Professions Article, secs. 10-201 through 10-218).

By Rule of the Court of Appeals, the Attorney Grievance Commission was created in 1975 to administer discipline and supervise the inactive status of lawyers. The Commission appoints, subject to

approval of the Court of Appeals, a lawyer to serve as bar counsel and principal executive officer of the disciplinary system. The bar counsel and staff investigate all matters involving possible misconduct, prosecute disciplinary proceedings, and investigate petitions for reinstatement (Md. Rules, Chapter 1100, subtitle BV). By the same Rule of Court, the Court of Appeals also established a disciplinary fund to cover expenses of the Commission and provided for an Inquiry Committee and a Review Board to act upon disciplinary cases.

The Commission consists of eight lawyers and two lay persons appointed by the Court of Appeals for four-year terms. The chairperson is designated by the Court.

The State Law Library originally was established as the State Library in 1827. At that time, the Library was an agency of the executive branch (Chapter 53, Acts of 1827). Its primary purpose was to serve the legal and general reference needs of the legislative and judicial branches of State government. The Library operated under this organizational structure until 1978, when it was placed under the Judiciary and renamed the State Law Library (Chapter 128, Laws of 1978).

Besides meeting the legal information needs of the State's appellate courts and other branches of State government and serving as a resource center for circuit court libraries throughout the State, the Library is open to the public and encourages the use of its extremely valuable reference resources, including laws, general reference materials, State and federal government documents, and State and local histories and genealogies. With a total collection of close to 300,000 volumes, the Library offers the researcher access to a unique information resource. The collection, basically composed of reference material, does not circulate, except to State agency personnel. Much of the collection, however, is available on interlibrary loan and photocopy facilities are available to patrons.

Legal materials constitute the major part of the collection. They include reported court decisions from all appellate jurisdictions across the country and Great Britain. Legislative enactments, both in session law form and as statutory compilations, also are filed in the Library from almost every state, as are all federal and some foreign statutes. The Library's legal periodical holdings include 500 current subscriptions from all major law schools and many bar associations and commercial publishers. In addition, there is a strong and growing collection of legal texts and topical loose-leaf reporting services, briefs and record extracts from the U.S. Supreme Court and Maryland's appellate courts, along with the other legal reference materials found in most law libraries.

The State and federal government document collection is a vast trove of valuable information. The Library has been a select U.S. government depository for federal agency and congressional publications for many years. As a result, it has collected and indexed thousands of reference publications in the areas of social sciences, economics, law enforcement, legislative histories, and numerous other disciplines. The Library also is a depository for all Maryland State agency publications and contains one of the most complete retrospective collections of State government information in Maryland. In addition, all county governments must file copies of their codes with the State Law Library.

A third distinct subject collection and a much used resource is the local history and genealogy

collection. This resource, developed over two centuries, complements much of the original source material available for research at the State Archives and Maryland Historical Society. Included in the collection are Maryland census schedules from 1776 through 1920 with name indexes through 1850; a complete run of the *Baltimore Sun* (1837 to date); and numerous county histories, family genealogies, and research guides.

Additional items of interest are the Library's holdings of rare books and early Maryland maps and documents, including the subscription edition of James Audubon's four-volume elephant folio, *Birds of America*. Also on display in the Library are the classic lithograph prints of each of the official state birds for thirty-five states and the American Bald Eagle, commissioned by the Nature Society and painted by Richard Sloane. The State Law Library was designated as the official depository for these prints by the Governor in 1970.

The Library publishes a monthly list entitled *Recent Acquisitions*, as well as miscellaneous bibliographies and a descriptive brochure on the Library.

The Library Committee, which acts as the governing board of the Library, is composed of at least three members, appointed by the Court of Appeals. The Committee's powers include appointment of a director of the Library, appropriate rule-making, and purchase authorization for new titles (Code Courts and Judicial Proceedings Article, secs. 13-502, 13-503).

INTERCOUNTY AGENCIES

For much of Maryland, local government most typically is county government. Intercounty agencies enable governments of the counties to join together in solving regional problems.

BALTIMORE METROPOLITAN COUNCIL

Baltimore, MD 21201—4585 (410) 333-1750

The Baltimore Metropolitan Council was created in 1992 as the regional planning agency for metropolitan Baltimore (Chapter 201, Acts of 1992). Replacing the Baltimore Regional Council of Governments, the Council promotes cooperation among local governments in the Baltimore metropolitan area to share information, collect data, and solve common problems. It also anticipates future needs in infrastructure, the environment, and economic development. Under formal agreements among its members, the Council provides regional planning for solid waste management and transportation.

The Council is composed of the chief elected officials of Baltimore City and Anne Arundel, Baltimore, Carroll, Harford and Howard counties.

MANDATED REPORTS

Certified Annual Financial Report to be made available for distribution to public.

Created in 1927, the Maryland-National Capital Park and Planning Commission has jurisdiction over parks and planning in Montgomery and Prince George's counties (Chapter 448, Acts of 1927). This authority covers all of the two counties except for certain incorporated municipalities.

Within the Maryland-Washington Metropolitan District, the Commission is empowered to acquire, develop, maintain, and operate parks systems. In all areas except Laurel, the Commission may spend public funds to acquire park land. Subject to county government approval, it also may sell general obligation bonds to fund park acquisition and development. All other expenses, including debt service, are paid from a separate park tax levied within the District. Since 1970, the Commission also has operated the Prince George's County recreation program, funded by a separate countywide recreation tax. The Commission provides services and educational programs relating to conservation and nature, recreation classes, local history, and the arts. Informational brochures and publications are available upon request.

Taking into account all factors of urban, suburban, rural and regional planning, the Commission prepares and administers a General Plan for the physical development of the Maryland-Washington Regional District. The District includes all of Prince George's County (except Laurel) and all of Montgomery County (except Rockville, Gaithersburg, and several small municipalities). For the portion of the District within their county, each planning board makes zoning recommendations to its county council. To enact zoning ordinances and change the zoning map, the planning boards have exclusive responsibility for subdivision approval, location and grades of streets, location of public buildings and utilities, and street naming and house numbering. Administration and operating expenses of the Commission are financed by property taxes levied by the two counties.

The Commission is composed of ten members. Five are residents of Montgomery County, and five are from Prince George's. The five members from each county make up the county's planning board.

Commission members serve four-year terms. In Montgomery County, three members are appointed by the County Council and confirmed by the County Executive, and two members are appointed by the County Executive and confirmed by the County Council. In Prince George's County, the County Executive appoints all five members subject to County Council confirmation. No more than three members from each county's planning board may be members of the same political party. The

appointing authority designates the chairperson of the Planning Board. Chairing of the Commission alternates each calendar year between the two planning board chairpersons. The alternate becomes vice-chairperson.

The Commission appoints the executive director, general counsel, and secretary-treasurer. The parks director and planning director for each county are appointed by the planning boards (Code 1957, Art. 28, secs. 1-101 through 8-125).

The Regional Education Service Agency of Appalachian Maryland (RESA) works to raise the educational level of residents in Appalachian Maryland (Allegany, Garrett, and Washington counties). The Agency originated in 1967 as the Educational Subcommittee of the Appalachian Regional Commission. A formal organization by 1970, it became a separate administrative unit of government in 1973, authorized by statute and by the Attorney General's approval of a joint agreement by the eight member institutions (Chapter 533, Acts of 1973).

The Agency fosters cooperation among educational institutions and organizations and establishes goals, policies, and procedures for regional education projects, which it plans, coordinates, and implements. It also promotes the improvement of educational, scientific, and literary facilities and programs at and among participating schools.

The Agency helps member institutions identify needs that could be met by regional programs or services. Agency staff provides direct support and leadership for interagency and institutional liaison, project development and implementation, and project review and evaluation.

The Agency also provides technical assistance and recommendations to the Governor concerning education's role in the development of the region. These recommendations are the basis for education programs funded by the Appalachian Regional Commission through the Department of Housing and Community Development.

In Allegany County, member institutions include Allegany Community College, Frostburg

State University, and the Allegany County Board of Education. In Garrett County, they include Garrett Community College and the Garrett County Board of Education. In Washington County, Hagerstown Junior College and the Washington County Board of Education are member institutions. The University of Maryland System also is a member. Operations and programs of the Agency are supported by budget allocations of the member institutions and from grants and contracts with local, State and federal agencies.

Chief executives of the signatory members serve ex officio as voting members of the Agency's Board of Directors. The Board establishes policies for programs, operations, and fiscal affairs. The chair rotates each July 1st.

Formed on December 6, 1964, the Tri-County Council for Southern Maryland fosters the economic and social development of the southern Maryland

counties (Calvert, Charles, and St. Mary's). In 1965, the Governor recognized the Council as the cooperative planning and development agency for Southern Maryland. The Council was established by statute in 1966 and became a tax-exempt corporation in 1970 (Chapter 586, Acts of 1966; Chapter 573, Acts of 1970). The Council's enabling law was reenacted as State general legislation in 1976 (Chapter 708, Acts of 1976). In 1984, the status of the Council as an independent agency was confirmed (Chapter 373, Acts of 1984).

The Council brings together local, State and federal resources to address issues in economic development; environmental protection; and regional resource management, which includes transportation, utilities, urban growth and development, housing, and public facilities and services. The Council, in 1979, was empowered to reevaluate the General Development Plan for Southern Maryland at least every four years, following the election of State and local officials (Chapter 36, Acts of 1979).

Annually, the Council submits its proposed work programs and operating budget for the next fiscal year to the Department of Economic and Employment Development.

The Council consists of thirty-seven members. Twenty-seven are voting members. They include the State senators and delegates representing Calvert, Charles and St. Mary's counties; the county commissioners from those counties; one member appointed by the Southern Maryland Municipal Association; and one member at large from each county. The ten nonvoting members represent each county planning commission and economic development commission; the Office of Planning; the Department of Economic and Employment Development; the Department of Housing and Community Development; and the Department of Natural Resources (Code 1957, Art. 20).

Washington County members: Leroy Burtner; William McLean, Sr.; Fred Papa; Steven Sager; Earl Smith; Barry Teach.

State Senators from Tri-County area: John J. Hafer; Donald F. Munson.

House of Delegates members representing Allegany, Garrett and Washington counties: Peter G. Callas; John P. Donoghue; George C. Edwards; Kevin Kelly; D. Bruce Poole; Casper R. Taylor, Jr.; Betty Workman.

Michael J. Wagoner, *Director*

111 South George St.
Cumberland, MD 21502 (301) 777-2158

Functions of the Tri-County Council for Western Maryland originated with the formation of the Governor's Council for Appalachian Maryland in 1968. The Governor's Council was replaced in 1971, when the Tri-County Council for Western Maryland was chartered as a nonprofit corporation to serve Maryland's western counties of Allegany, Garrett, and Washington. Formerly under the Department of Economic and Community Development, the Council became an independent agency in 1986 (Chapter 861, Acts of 1986).

An association of the governments of Allegany, Garrett and Washington counties, the Council serves as a regional planning and development agency for the tri-county area. Using State aid, the Council fosters the physical, economic and social development of Western Maryland.

The Council receives planning assistance funds from the federal Economic Development Administration and the Appalachian Regional Commission. The Council uses these funds for administrative expenses to support regional economic development programs. These programs create or retain full-time permanent jobs and improve income characteristics, particularly for the unemployed and underemployed in the most distressed areas of the region. To facilitate planning, the Council may prepare studies of the region's resources; gather and analyze social and economic data; and join with other government agencies, educational institutions, and private organizations in coordinating research. The Council's work program enhances the quality of economic development activities in the region and strengthens relationships among the various local units of government.

The Council's program for direct business assistance and enterprise development includes a Revolving Loan Fund program, Procurement and Export Assistance, and Data Center Services. The program for local government assistance focuses on grantsmanship and data base resource capabilities as well as facilitating intergovernmental cooperation.

Annually, the Council submits its proposed work program and operating budget for the next fiscal year to the Department of Economic and Employment Development.

The Council is comprised of twenty-seven members. Twenty-three are voting members and four are nonvoting. From each county, the Council has three representatives of county government appointed by the county commissioners; one elected municipal official chosen by the respective municipal governments of the county; the county economic develop-

ment director; and a private sector representative. The House of Delegates members who represent Allegany, Garrett and Washington counties and the two State Senators for the tri-county area also serve on the Council (Code 1957, Art. 20A, secs. 1-101 through 3-102).

The Washington Suburban Sanitary Commission, the governing body of the Washington Suburban Sanitary District, was created in 1918 (Chapter 122, Acts of 1918). It provides for the

construction, maintenance, and operation of water supply and sewerage systems in Prince George's and Montgomery counties and regulates and inspects plumbing and gas-fitting installations in both counties. The Commission also administers, maintains, and operates the Anacostia River Flood Control and Navigation Project.

The two major sources of water supply for the Commission system are the Patuxent River, through the Patuxent Filtration Plant, and the Potomac River, through the Potomac River Filtration Plant. The Commission also stores about 12 billion gallons of raw water at Rocky Gorge Reservoir, in Prince George's and Montgomery counties, and at Triadelphia Lake, in Montgomery County. Little Seneca Lake, in Montgomery County, and the Jennings-Randolph Reservoir, in West Virginia, provide storage for an additional 17 billion gallons of water.

Much of the sewage from the Commission service area is transported through trunk sewers into the District of Columbia and is treated at the regional Blue Plains Pollution Control Plant in Washington, DC. Other sewage disposal plants operated by the Commission are near Laurel, at Piscataway Bay; on the western branch of the Patuxent River, at Seneca Creek Basin; and in northern Montgomery County. The Commission also runs several smaller waste water plants and, in eastern Montgomery County, a 116-acre composting facility that processes the Commission's proportionate share of Blue Plains sludge.

Ten-Year Water and Sewer Plans for Montgomery and Prince George's counties, formerly drafted by the Washington Suburban Sanitary Commission, now are prepared by the respective county governments. The Commission's annual budget is subject to joint approval by the governing bodies of the two counties. The Commission sets customer rates for its suburban Maryland service area.

Through its Office of Communications, the Commission distributes free information on all facets of its operation. The Plumbing and Gas-Fitting Regulations are available for a fee. An active speakers' bureau also is managed by the Office.

The Commission consists of six members: three from Montgomery County and three from Prince George's County. Each county's members are appointed to four-year terms by the County Executive with County Council consent. The Chairperson and Vice-Chairperson are chosen annually by the Commission (Code 1957, Art. 29).

The Washington Suburban Transit Commission was created in 1965 (Chapter 870, Acts of 1965). The Commission administers the Washington Suburban Transit District and has powers to develop, on a bi-county basis, a transportation system, including mass transit facilities, for Montgomery and Prince George's counties.

The Commission acts as the financial conduit for funding of mass transportation projects within Montgomery and Prince George's counties. It coordinates mass transit programs for the two counties with the two county governments, the Washington Metropolitan Area Transit Authority, and the Maryland Department of Transportation.

The Commission and the Washington Metropolitan Area Transit Authority (WMATA), work together to develop a regional rapid rail transit system. The Commission appoints two of its members and two alternates to the Authority's Board of Directors. The Authority is the interstate agency that plans, finances, and operates the regional rapid rail and bus transit systems for the Washington metropolitan area.

The Commission consists of seven members. Three are appointed by the Montgomery County Executive, and three by the Prince George's County Executive. The Secretary of Transportation (or designee) serves *ex officio*. Commissioners who are appointed from among the members of the elected governing bodies serve at the pleasure of the County Executive, while others serve three-year terms. The position of chairperson alternates annually between Montgomery and Prince George's counties.

CHARLES COUNTY

Charles County was created in 1658 by an Order in Council. It is not to be confused with an earlier Charles County (1650-1653) known as Old Charles County. The County was named for Charles Calvert (1637-1715), 3rd Lord Baltimore. Calvert lived in Maryland from 1661 until he returned to England in 1684. He was Proprietor of the Maryland colony from 1675 to 1689, when he lost his right to govern. From 1692 until Calvert's death in 1715, Maryland was governed as a royal colony.

QUEEN ANNE'S COUNTY

Queen Anne's was erected in 1706 (Chapter 3, Acts of 1706). The County was named for Queen Anne (1665-1714), who ruled Great Britain and Ireland from 1702 to 1714. During Queen Anne's reign, Maryland was governed as a royal colony rather than as a proprietary province.

ST. MARY'S COUNTY

What was to become St. Mary's County was land where the Conoy Indians lived. Here, the English settlement of Lord Baltimore's Maryland began with the arrival of the passengers who had set sail on the *Ark* and the *Dove* from the Isle of Wight on November 22, 1633. They landed at St. Clement's Island in the Potomac River on the southwestern side of present-day St. Mary's County on March 25, 1634. Now, the date of their landing is commemorated annually as Maryland Day.

St. Mary's, the first Maryland county, was established in 1637, probably by an order of the Governor. The County was named in honor of Mary, the mother of Jesus.

TALBOT COUNTY

The form of Talbot County's creation though not known was probably by virtue of an order of the Governor in Council. The County was in existence by February 18, 1661/62, when a writ was issued to the sheriff. The County was named after Lady Grace Talbot, sister of Cecilius Calvert, Second Lord Baltimore, and wife of Sir Robert Talbot, Irish statesman.

Form of Government: Charter since 1973

WICOMICO COUNTY

Wicomico was created from Somerset and Worcester counties in 1867 (Const., Art. XIII, secs. 2-6). The County was named after the Wicomico River from the Indian words "wicko" and "mekee" meaning "a place where houses are built," apparently referring to an Indian town on the river banks.

MUNICIPAL GOVERNMENT

Incorporated cities and towns have their own government and defined municipal boundaries. In Maryland, most are governed by a mayor and council, though many elect town commissioners instead, and a few choose a council that appoints a city or town manager. The executive officer's term and date of election are specified in each municipal charter and differ from town to town. Many provide that the mayor shall be elected in May of every second odd-numbered year.

For each municipality, we note: the original incorporation date (by chapter and year of Act of General Assembly or by referendum); 1990 population; executive officer; street address; ZIP code; and telephone number. The list was compiled in part from information furnished by the Maryland Municipal League.

INTERSTATE AGENCIES

Interstate agencies enable states to work together for common purposes. Often, these agencies are created from interstate compacts approved by the U.S. Congress. The authority for interstate compacts is found in the U.S. Constitution (Article I, sec. 10).

APPALACHIAN REGIONAL COMMISSION

Federal Co-Chairperson: Jesse L. White, Jr.
States' Co-Chairperson: Zell B. Miller, Governor of Georgia

Maryland member appointed by Secretary of Housing & Community Development with Governor's approval:
 William Donald Schaefer, Governor (Ronald M. Kreitner, Director of Planning, alternate).

Francis E. Moravitz, *Executive Director*

1666 Connecticut Ave., N.W.
 Washington, DC 20235 (202) 884-7799

The Appalachian Regional Commission was created by the federal Appalachian Regional Development Act of 1965 (P.L. 89-4). The Commission supports economic development of the Appalachian region through allocation of federal funds to member states. The Commission can act only on proposals submitted to it by state members.

The thirteen-state Appalachian region includes the Western Maryland counties of Washington, Allegany, and Garrett. To develop the region, the Commission plans and coordinates programs to construct a highway system, access roads, health centers, vocational schools, and sewage treatment works. The Commission also works to develop land, timber and water resources; rehabilitate areas damaged by strip and surface mining; and establish local development districts to support local economic development.

With the approval of the Governor, the Secretary of Housing and Community Development appoints the Maryland member and alternate (Code 1957, Art. 83B, secs. 4-501 through 4-505).

APPALACHIAN STATES LOW-LEVEL RADIOACTIVE WASTE COMMISSION

Maryland members appointed by Governor: David A. C. Carroll, Secretary of the Environment, 1995 (Ronald Nelson, alternate); Nelson J. Sabatini, Secretary of Health & Mental Hygiene, 1995 (Robert W. Eastridge, alternate).

In 1986, Maryland ratified the Appalachian States Low-Level Radioactive Waste Compact (Chapter 33, Acts of 1986). Delaware, Pennsylvania, and West Virginia also have ratified the Compact. The Compact established the Appalachian States Low-Level Radioactive Waste Commission to assure interstate cooperation for the proper packaging and transportation of low-level radioactive wastes. The Commission identifies a host state (based on the volume and curie content of radioactive waste generated) to receive and dispose of radioactive waste from party states. Costs and benefits are distributed equitably among party states. After establishment of a regional facility, the Commission may ban wastes generated outside the region.

The Commission designates as a host state any party state that generates 25 percent or more of Pennsylvania's volume or total curie content of low-level radioactive waste, based on a comparison of averages over three successive years. A host state must begin immediate development of a regional facility designed to serve at least thirty years. Party states exempt from host state responsibilities continue as party states provided they generate less than the threshold amount of low-level radioactive waste over successive three-year periods.

The Commission conducts research and establishes regulations to reduce the volume of low-level radioactive waste. The Commission also prepares contingency plans in the event the regional facility is closed; collects fees from party states until the regional facility becomes available; and enters into temporary agreements for emergency disposal.

Appointed by the governor, two members from each party state serve on the Commission, as do four members from each host state. After the host state has selected a site for a regional facility, the governor from that state appoints to the Commission an additional member who is a resident of the county or municipality where the facility will be located. Based in Harrisburg, Pennsylvania, the Commission provides for its own organization and

procedures, by-laws, rules, and regulations (Code Environment Article, secs. 7-301 through 7-306).

ATLANTIC STATES MARINE FISHERIES COMMISSION

Chairperson: William Hogarth, North Carolina

Maryland representatives: W. Peter Jensen, Director, Tidal Fisheries Division, Department of Natural Resources; James E. McClellan, House of Delegates; Frederick W. Meers, Governor's appointee, 1995.

Washington, DC 20036 (202) 452-8700

The Atlantic States Marine Fisheries Commission is an outgrowth of the Eastern Conservation Conference begun in 1937. Seven states, including Maryland, ratified a compact in 1941 (Chapter 435, Acts of 1941). This compact, approved by the U.S. Congress and signed by the President in 1942, is the legal basis of the Atlantic States Marine Fisheries Commission.

The Commission develops joint fishery management programs which may lead to uniform laws or varying but coordinated measures. It also adopts cooperative interstate management plans for particular species of fish or bodies of water common to two or more states. Each state must implement the management plan or the Commission may recommend to the Secretary of Commerce that a federal moratorium on fishing be imposed on the noncomplying state. Each participating state pays dues for the support of the Commission in proportion to the value of its marine fisheries catch.

The Commission issues annual reports and minutes of meetings which are on file with the Department of Natural Resources. The Commission also publishes and distributes several other fisheries-related reports, as well as fishery management plans for Atlantic coast species, which are available from the Commission.

The Commission has a membership of fifteen Atlantic seaboard states. Each state is represented by three commissioners. One commissioner represents the state agency charged with conservation of fisheries resources, one is a legislator, and one is selected by the governor for a three-year term (Code Natural Resources Article, secs. 4-301 through 4-305).

CHESAPEAKE BAY COMMISSION

Chairperson: Jeffrey W. Coy, Pennsylvania

Vice-Chairperson: C. Bernard Fowler, Maryland

Vice-Chairperson: S. Wallace Stieffen, Virginia

Ann Pesiri Swanson, *Executive Director*

60 West St., Suite 200
Annapolis, MD 21401 (410) 263-3420

Originally founded on a bi-state agreement between Maryland and Virginia, the Chesapeake Bay Commission was created in 1980 (Chapter 674, Acts of 1980). Its formation stemmed from recommendations of the Chesapeake Bay Legislative Advisory Commission on the need for improved interstate coordination of Bay-wide management. In 1985, Pennsylvania became a member of the Commission.

The Commission helps the legislatures of Maryland, Virginia, and Pennsylvania evaluate and respond to problems relating to Chesapeake Bay. The Commission also encourages coordinated resource planning and action among the executive agencies of the three member states.

The Commission publishes an annual report, occasional issue papers, and an annual legislative progress report that summarizes Bay-related legislative concerns of the member states. These publications are available upon request.

The Commission consists of twenty-one members, seven from each signatory state. Five members from each state are state legislators. Of the five Maryland legislative members, two are senators designated by the Senate President and three are delegates designated by the Speaker of the House of Delegates. The Governor or designee serves as a member. Another member, who is neither a legislator nor a member of the Executive branch, is selected jointly by the Senate President and the House Speaker. Legislative members serve terms coterminous with their current terms of office. Nonlegislative members serve at the pleasure of their respective appointing authorities, but no longer than four years unless reappointed. The chairperson and vice-chairperson are selected by the members, with each position alternating annually among the delegations from the three states. Each state contributes equally to the annual budget which is \$330,000 for Fiscal Year 1994 (Code Natural Resources Article, secs. 8-302 through 8-304).

Established by federal law in 1940 (amended in 1970; P.L. 91-407), the Commission operates under the Potomac Valley Conservancy District Compact. Maryland ratified the Compact in 1939 (Chapter 320, Acts of 1939; Chapter 29, Acts of 1960).

The Commission has jurisdiction over the Potomac Valley Conservancy District, created by the enabling act. A nonregulatory agency, the Commission makes recommendations concerning stream pollution and the use and conservation of water and associated land resources in the District. The Commission's Cooperative Water Supply Operations Section provides technical and managerial services to coordinate drought-related operations of the major public water supply utilities of Maryland, Virginia, and the District of Columbia in the Washington Metropolitan Area (Water Supply Coordination Agreement of July 22, 1982).

The Commission issues a newsletter, *The Potomac Basin Reporter*. Other technical and general information reports and publications also are available on request.

The Commission is composed of representatives of the five signatory jurisdictions: Maryland, Pennsylvania, Virginia, West Virginia, and the District of Columbia. While the United States government participates in the Commission, it is not a signatory member. The representatives from Maryland include the Governor and two residents of the Potomac Valley Conservancy District, who are appointed by the Governor for two-year terms (Code Natural Resources Article, secs. 8-303, 8-304). The Commission is a semi-autonomous agency, but its work and policies are coordinated closely with the Tidewater Administration of the Maryland Department of Natural Resources and the Marine Resources Commission of Virginia. Fishery agencies of both states provide law enforcement on the Potomac River for the Commission.

The Potomac River Fisheries Commission works to conserve and improve seafood resources of the Potomac River. The Commission regulates and licenses fisheries and the dredging of soft-shell clams

in the Potomac River. The Commission receives proceeds from the sale of crab, oyster, fish and clam licenses, and an oyster inspection tax. Annually, each state appropriates \$150,000 to Commission work.

The Commission's six members include three from each state. Maryland members are the Secretary of Natural Resources or designee and two persons appointed to four-year terms by the Governor. For chairperson, the Commission elects a Maryland representative in odd-numbered years and a Virginia representative in even-numbered years (Code Natural Resources Article, sec. 4-306).

The Southern Regional Education Board is the nation's oldest interstate compact for higher education. The Board plans for the use of educational programs and facilities by its members states. The Board operates under the Southern Regional Education Compact of 1949, which Maryland ratified in 1949 (Chapter 282, Acts of 1949). Fourteen other states have ratified the Compact: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, and West Virginia.

Created at the request of southern governors, the Board brings together educators, government officials, and other regional leaders to advance education and thereby improve the social and economic life of the South. Working directly with state governments, academic institutions, and other agencies, the Board conducts research and reports on needs, problems, and developments in education; coordinates cooperative programs to upgrade training in undergraduate, graduate, professional and technical education; and serves as fiscal agent and administrator in interstate arrangements for regional educational services and institutions. These reciprocal agreements provide quality education while lessening the need to develop expensive specialized programs in each state.

Board publications, including a wide variety of research reports, are available to the public.

The Board's governing body consists of the governor of each member state and four other individuals from the state, one of whom must be a state legislator and one an educator. All are appointed by the governor for four-year terms (Code Education Article, secs. 25-201 through 25-205).

The Southern States Energy Board originated as the Southern Interstate Nuclear Board, created in 1962 by the Southern Interstate Nuclear Compact. The Compact has been approved by sixteen southern states, the Commonwealth of Puerto Rico, and Congress (P.L. 87-563). Maryland ratified the Compact in 1963 (Chapter 680, Acts of 1963). The Board adopted its present name in 1977.

The Southern States Energy Board seeks to improve the economy of the South and the welfare of its people by cooperative efforts to ensure proper use and conservation of energy, and energy-related facilities, materials, and products with due regard for the environment.

Member jurisdictions include Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, Oklahoma, Puerto Rico, South Carolina, Tennessee, Texas, Virginia, and West Virginia. Each supports the Board through an annual appropriation based on a formula outlined in the Compact.

Each member state is represented on the Board by three members. For Maryland, the Director of the Maryland Energy Administration appoints one member with the Governor's approval; the Senate President appoints a senator; and the House Speaker chooses a delegate (Code 1957, Art. 41, secs. 16-101 through 16-114).

NATIONAL CONFERENCE OF COMMISSIONERS ON UNIFORM STATE LAWS

676 North St. Clair St., Suite 1700
Chicago, IL 60611 (312) 915-0195

The National Conference of Commissioners on Uniform State Laws was created by interstate compact in 1892. The Conference promotes uniform legislation designed to solve problems common to all states. Commissioners representing state government and the legal profession draft proposals, then work for their adoption by the states. When uniformity is neither practical nor necessary, the Conference also designs model acts to provide states with a concisely structured legislative framework adaptable to particular needs and problems.

The Washington Metropolitan Area Transit Authority was created by interstate compact of the State of Maryland, the Commonwealth of Virginia, and the District of Columbia with the consent of Congress. Maryland ratified the Compact in 1965 (Chapter 869, Acts of 1965). The Authority was formed to plan, finance, and develop a regional

rapid transit system for the national capital area. That metrorail system, known as Metro, opened in 1976 with a single line less than five miles long. In December 1993, a new four-station segment opened to Greenbelt, Maryland. Now, Metro is an 89.5-mile rail system of five lines, serving 74 stations linking Maryland, Washington, DC, and Virginia. Upon completion, the system will be 103 miles long.

Congress, the General Assemblies of Maryland and Virginia, and the City Council of the District of Columbia have authorized the Authority to acquire and operate all mass transit bus facilities in the Washington, DC, region. The Authority also maintains a regular police force to protect patrons, personnel, and property.

The Authority is governed by a six-member Board of Directors (and six alternate directors). Each Compact signatory appoints two members. Board members and alternates serve terms coterminous with their service as members of their appointing bodies. The Authority's chief administrative officer is the General Manager (Code Transportation Article, secs. 10-202 through 10-204).

The Washington Metropolitan Area Transit Commission was established in 1961 to regulate the commercial transportation of passengers in the Washington, DC, Metropolitan District. The Commission was created by the Washington Metropolitan Area Transit Regulation Compact, an agreement among Maryland, the District of Columbia, and Virginia. Maryland ratified the Compact in 1959 (Chapter 613, Acts of 1959). Amended by Maryland in its entirety in 1988, the revised compact became effective in February 1991 after ratification by Virginia and the District of Columbia (Chapter 273, Acts of 1988).

The Commission prescribes fares, regulations, and practices of transportation companies and interstate taxicabs in the Washington Metropolitan Area Transit District. The District, created by the Compact, embraces the District of Columbia; the cities of Alexandria and Falls Church, Virginia; Arlington and Fairfax counties, Virginia; and Montgomery and Prince George's counties, Maryland.

Expenses of the Commission are allocated annually in proportion to the population of each signatory in the Metropolitan District. Maryland's share in Fiscal Year 1994 is 46.11 percent.

The Commission has three members. One is appointed by the Governor of Maryland from the Maryland Public Service Commission. The Governor of Virginia appoints one from the Virginia State Corporation Commission. One is appointed by the Mayor of the District of Columbia from the District Public Service Commission. Each member's term coincides with the term of office in the agency from which the member is selected (Code Transportation Article, sec. 10-203).

CONGRESSIONAL ELECTION DISTRICTS

After each federal census, Congress determines the number of representatives for each state based on population (U.S. Constitution, Art. 1, sec. 2). Maryland retained eight seats in the U.S. House of Representatives following the 1990 federal census. Every two years, voters elect one representative from each of Maryland's eight congressional districts.

Boundaries of Maryland's congressional districts are defined by legislation enacted by the General Assembly. These boundaries have changed over time, and they continue to change. Local boards of election supervisors are empowered to redefine precinct boundaries but cannot alter the election districts or wards designated by the legislature. Consequently, boundaries defined by law for some congressional districts may have undergone changes at the precinct level between enactments of the General Assembly (Code 1957, Art. 33, sec. 2-12).

In the description of congressional district boundaries, all references to election districts, wards, and precincts are to the geographical boundaries as they existed on April 1, 1990. Precinct boundaries are dynamic. Changes are made to reflect population shifts and to ensure convenient polling places for all voters. Local boards of supervisors of elections can provide current information on precincts encompassed within each congressional district. Maryland's present congressional districts were enacted by the General Assembly in 1991 (Chapter 4, Acts of 2nd Special Session of 1991).

The United States Courts of Appeals are intermediate appellate courts created in 1891 to relieve overcrowding of the U.S. Supreme Court docket. The appeals courts are empowered to review all decisions of federal district courts, certain special courts, and administrative bodies, except in those few instances where direct review by the U.S. Supreme Court is mandated. Judges of the United States Courts of Appeals are appointed by the President of the United States with the advice and consent of the U.S. Senate.

The United States is divided into thirteen judicial circuits. Maryland is in the fourth circuit, which also includes Virginia, West Virginia, North Carolina, and South Carolina. The United States Court of Appeals for the Fourth Circuit has thirteen judges. Two judges are from Maryland, three from Virginia, two from West Virginia, two from North Carolina, and four from South Carolina. Maryland's two members of the Court maintain chambers at the Federal Courthouse in Baltimore.

The United States District Courts are trial courts with general federal jurisdiction. Each state has at least one federal district court.

The United States District Court for the District of Maryland was established in 1789 by the federal Judiciary Act of 1789. The Court convened for the first time in 1790 at Baltimore and alternated sessions between Baltimore and Easton until 1822, when the Court moved to the New Masonic Hall on St. Paul Street, Baltimore. The Court moved to its present site in 1976.

Under the jurisdiction of the U.S. District Court are the U.S. Bankruptcy Judges, the U.S. Magistrate Judges, probation officers, court reporters, and their staffs.

Judges of the U.S. District Court are appointed by the President of the United States with the advice and consent of the U.S. Senate. Presently, sixteen judges sit on the Court. The Chief Judge and nine associate judges serve full-time. Seven senior judges still hear cases but no longer assume full-time duties.

The United States Bankruptcy Court for the District of Maryland is part of the United States District Court for the District of Maryland. With separate clerks' offices and court dockets, the judges administer debtors' estates and decide controversies between debtors and creditors.

Although Congress enacted emergency bankruptcy laws in 1800, 1841, and 1867, the National Bankruptcy Act of 1898 was the first comprehensive statute and governed bankruptcy cases for almost 80 years. Under the act, the U.S. District Court appointed "referees in bankruptcy" to handle these cases. The federal Bankruptcy Reform Act of 1978 established independent bankruptcy courts and judges, a move declared unconstitutional in 1982 by the U.S. Supreme Court. The Bankruptcy Amendments and Federal Judgeship Act of 1984 (P. L. 98-353) remedied the jurisdictional problems of the 1978 act by designating bankruptcy courts as units of the federal district courts.

The U.S. Court of Appeals for the Fourth Circuit appoints the bankruptcy judges to fourteen-year terms. The bankruptcy judges appoint the bankruptcy clerk.

United States Magistrate Judges for the District of Maryland may conduct initial proceedings in criminal cases, that is, issue search warrants, arrest warrants, and summonses; review bail; and set initial appearances. Upon written consent of the defendant, they may try and dispose of federal criminal misdemeanor cases, with or without a jury. With consent of the litigants, they also may try any civil case pending in their U.S. District Court. The U.S. Magistrate Judges oversee pretrial matters and procedures such as motions, pretrial conferences, prisoner cases, Social Security cases, and evidentiary hearings.

U.S. Magistrate Judges trace their origins to the federal Judiciary Act of 1789 which authorized magistrates to set bail in federal criminal cases. In 1812, federal circuit courts were authorized to appoint such persons to take affidavits, set bail, and receive fees for those services. As their duties expanded, these court officials became known as commissioners by 1817. Commissioners could try petty offenses committed in certain national parks in 1894, and, in 1896, a system of U.S. Commissioners was formally established. Appointed to four-year terms by the

U.S. District Courts, commissioners exercised the same powers and duties of their predecessors but were compensated according to a uniform fee schedule. After 1940, commissioners could try all petty offenses committed on federal property if so designated by the appointing U.S. District Court and with written consent of the defendant.

The Federal Magistrates Act of 1968 replaced the commissioner system with federal magistrates overseen by the Judicial Conference of the United States. The act required magistrates to be attorneys. Magistrates retained all the powers and duties of commissioners, could try and dispose of minor criminal offenses, and could be assigned additional duties to expedite the work of U.S. District Court judges. Since 1968, the pretrial, civil and criminal jurisdiction of federal magistrates expanded. On December 1, 1990, magistrates were designated U.S. Magistrate Judges.

For Maryland, the U.S. Magistrate Judges are appointed to eight-year terms by the U.S. District Court for the District of Maryland.

UNITED STATES MARSHAL

William Kammer, *Chief Deputy U.S. Marshal*

Garmatz Federal Courthouse, Room 605

Baltimore, MD 21201 (410) 962-2220

Under the U.S. Department of Justice, the United States Marshals Service is the nation's oldest federal law enforcement agency. It is responsible for the custody, care, and transportation of federal offenders; apprehension of federal criminals who jump bail, violate parole or escape from prison; and protection of the federal courts, judges, attorneys, and witnesses. The Service enforces court orders and manages assets seized or forfeited as a result of their having been acquired from the profits of certain crimes.

The office of U.S. Marshal was established in each federal judicial district by the federal Judiciary Act of 1789. As Presidential appointees, Marshals functioned independently within their districts until 1969, when the U.S. Marshals Service was formed. By 1972, a headquarters in Washington, DC, supervised budgets and the hiring and training of deputies nationwide. The federal Marshals Service Act of 1988 further defined the role of U.S. Marshals.

The U.S. Marshal for each district still is appointed to a four-year term by the President of the United States with the advice and consent of the U.S. Senate.

The Office of the Federal Public Defender for the District of Maryland was created in 1974 according to the Criminal Justice Act of 1964 (18 U.S.C., sec. 3006A). That law allows a federal district court to establish a defender organization in a district in which at least two hundred persons annually require the appointment of counsel.

The Office of the Federal Public Defender for the District of Maryland provides representation to any person financially unable to obtain adequate representation in actions within the jurisdiction of the U.S. District Court for the District of Maryland. Representation includes counsel and investigative, expert and other services necessary for an adequate defense.

The Office includes the Federal Public Defender, the Chief Assistant Federal Public Defender, two Supervisory Assistant Federal Public Defenders, and twelve staff attorneys known as Assistant Federal Public Defenders. They handle caseloads composed of federal misdemeanors, felonies, parole and probation violations, habeas corpus, grand jury representation, direct appeals to the U.S. Court of Appeals for the Fourth Circuit, and petitions for a writ of certiorari to the U.S. Supreme Court.

Annually, a report covering activities, financial position, and proposed budget is submitted by the Maryland Federal Public Defender to the Director of the Administrative Office of the U.S. Courts.

The Federal Public Defender for the District of Maryland is appointed to a four-year term by the U.S. Court of Appeals for the Fourth Circuit, after consideration of recommendations made by the U.S. District Court for the District of Maryland. The Federal Public Defender appoints as many attorneys as the U.S. Court of Appeals for the Fourth Circuit approves and other personnel as approved by the Director of the Administrative Office of the U.S. Courts.

The governing body of the Maryland Democratic Party is the Democratic State Central Committee. Committee members are elected from their respective county or legislative district or are honorary (nonvoting) members designated by the Committee. Honorary members may include elected Democratic officials such as the Governor, Lieutenant Governor, Attorney General, Comptroller of the Treasury, U.S. Senator, or U.S. Representative. Honorary memberships also may be extended to former Democratic governors and representatives of the Young Democrats of Maryland, the United Democratic Women's Clubs of Maryland, Maryland members of the Democratic National Committee, and any others designated by the State Central Committee.

In each gubernatorial primary election, Democratic central committees are elected locally by voters in each county and Baltimore City. Members serve four-year terms. A member of a local Democratic central committee must be a registered Democratic voter and a bona fide resident of the county or legislative district represented. Any qualified person may run for the office by filing a candidacy with the local Board of Supervisors of Elections.

**MARYLAND DELEGATES TO
DEMOCRATIC PARTY NATIONAL
CONVENTION, NEW YORK CITY,
JULY 13-16, 1992**

Nathan Landow, *Delegation Chairperson*

Maryland was allocated seventy-nine delegates
and eleven alternates for the 1992 Democratic Na-
tional Convention. In addition, six members of
Congress were chosen by the U.S. House of Rep-
resentatives Democratic Caucus and the U.S. Sen-
ate Democratic Conference as delegates from
Maryland. The delegation was composed of equal
numbers of men and women with consideration
also given to minority representation. Four cate-
gories of delegates were selected: delegates elected by
voters; unpledged party and elected officials;

pledged party and elected officials; and pledged at-large delegates.

Delegates Elected by Voters. Forty-four delegates and eight alternates were elected directly by the registered Democratic voters in the March 3, 1992 primary election. The delegates and alternates were apportioned among Maryland's eight congressional districts according to a formula based on population and the average of the Democratic vote in the last two presidential elections. In the selection process, any registered Democratic voter who is a bona fide resident of a congressional district is eligible to run for election as a convention delegate. Pledged delegates to the convention were allocated in proportion to the percentage of the primary vote in the district won by each candidate.

Unpledged Party & Elected Officials. In 1992, ten persons were designated as delegates by virtue of their office. They included the Governor and nine members of the Democratic National Committee residing in Maryland (state party chairperson, vice-chairperson, four state party representatives, and three at-large members). Two additional delegates were selected by the State Central Committee at its May 14, 1992 meeting.

Pledged Party & Elected Officials. Nine pledged party leader and elected official delegates were chosen by the Democratic State Central Committee on May 14, 1992. In this selection, priority was given to city mayors, State legislative leaders and legislators, members of Congress not previously selected, and other State, county and local elected officials and party leaders.

Pledged At-Large Delegates. Also selected by the Democratic State Central Committee on May 14, 1992, were fourteen at-large delegates and three at-large alternates. Here, priority was given to minority groups, political subdivisions not represented, and an equitable balance of men and women. Delegates selected by the State Central Committee were allocated to presidential candidates according to the percentage of the vote a candidate received in the statewide presidential primary.

CONSTITUTION OF MARYLAND

ADOPTED BY THE CONVENTION

Which Assembled at the City of Annapolis on the Eighth Day of May, Eighteen Hundred and Sixty-seven, and Adjourned on the Seventeenth Day of August, Eighteen Hundred and Sixty-seven, and was Ratified by the People on the Eighteenth Day of September, Eighteen Hundred and Sixty-seven, with Amendments through Nineteen Hundred and Ninety-two.¹

DECLARATION OF RIGHTS.

We, the People of the State of Maryland, grateful to Almighty God for our civil and religious liberty, and taking into our serious consideration the best means of establishing a good Constitution in this State for the sure foundation and more permanent security thereof, declare:

Article 1. That all Government of right originates from the People, is founded in compact only, and instituted solely for the good of the whole; and they have, at all times, the inalienable right to alter, reform or abolish their Form of Government in such manner as they may deem expedient.

Art. 2. The Constitution of the United States, and the Laws made, or which shall be made, in pursuance thereof, and all Treaties made, or which shall be made, under the authority of the United States, are, and shall be the Supreme Law of the State; and the Judges of this State, and all the People of this State, are, and shall be bound thereby; anything in the Constitution or Law of this State to the contrary notwithstanding.

Art. 3. The powers not delegated to the United States by the Constitution thereof, nor prohibited by it to the States, are reserved to the States respectively, or to the people thereof.

Art. 4. That the People of this State have the sole and exclusive right of regulating the internal government and police thereof, as a free, sovereign and independent State.

Art. 5.²(a) That the Inhabitants of Maryland are entitled to the Common Law of England, and the trial by Jury, according to the course of that Law, and to the benefit of such of the English statutes as existed on the Fourth day of July, seventeen hundred and seventy-six; and which, by experience, have been found applicable to their local and other circumstances, and have been introduced, used and practiced by the Courts of Law or Equity; and also of all Acts of Assembly in force on the first day of June, eighteen hundred and sixty-seven; except such as may have since expired, or may be inconsistent with the provisions of this Constitution; subject, nevertheless, to the revision of, and amendment or repeal by, the Legislature of this State. And the Inhabitants of Maryland are also entitled to all property derived to them from, or under the Charter granted by His Majesty Charles the First to Cæcilius Calvert, Baron of Baltimore.

(b) The parties to any civil proceeding in which the right to a jury trial is preserved are entitled to a trial by jury of at least 6 jurors.

(c) That notwithstanding the Common Law of England, nothing in this Constitution prohibits trial by jury of less than 12 jurors in any civil proceeding in which the right to a jury trial is preserved.

Art. 6. That all persons invested with the Legislative or Executive powers of Government are the Trustees of the Public, and, as such, accountable for their conduct: Wherefore, whenever the ends of Government are perverted, and public liberty manifestly endangered, and all other means of redress are ineffectual, the People may, and of right ought, to reform the old, or establish a new Government; the doctrine of non-resistance against arbitrary power and oppression is absurd, slavish and destructive of the good and happiness of mankind.

Art. 7.³ That the right of the People to participate in the Legislature is the best security of liberty and the foundation of all free Government; for this purpose, elections ought to be free and frequent; and every citizen having the qualifications prescribed by the Constitution, ought to have the right of suffrage.

Art. 8. That the Legislative, Executive and Judicial powers of Government ought to be forever separate and distinct from each other; and no person exercising the functions of one of said Departments shall assume or discharge the duties of any other.

Art. 9. That no power of suspending Laws or the execution of Laws, unless by, or derived from the Legislature, ought to be exercised, or allowed.

Art. 10. That freedom of speech and debate, or proceedings in the Legislature, ought not to be impeached in any Court of Judicature.

Art. 11. That Annapolis be the place of meeting of the Legislature; and the Legislature ought not to be convened, or held at any other place but from evident necessity.

Art. 12. That for redress of grievances, and for amending, strengthening and preserving the Laws, the Legislature ought to be frequently convened.

Art. 13. That every man hath a right to petition the Legislature for the redress of grievances in a peaceable and orderly manner.

Art. 14. That no aid, charge, tax, burthen or fees ought to be rated or levied, under any pretense, without the consent of the Legislature.

Art. 15.⁴ That the levying of taxes by the poll is grievous and oppressive, and ought to be prohibited; that paupers ought not to be assessed for the support of the government;

that the General Assembly shall, by uniform rules, provide for the separate assessment, classification and sub-classification of land, improvements on land and personal property, as it may deem proper; and all taxes thereafter provided to be levied by the State for the support of the general State Government, and by the Counties and by the City of Baltimore for their respective purposes, shall be uniform within each class or sub-class of land, improvements on land and personal property which the respective taxing powers may have directed to be subjected to the tax levy; yet fines, duties or taxes may properly and justly be imposed, or laid with a political view for the good government and benefit of the community.

Art. 16. That sanguinary Laws ought to be avoided as far as it is consistent with the safety of the State; and no Law to inflict cruel and unusual pains and penalties ought to be made in any case, or at any time, hereafter.

Art. 17. That retrospective Laws, punishing acts committed before the existence of such Laws, and by them only declared criminal are oppressive, unjust and incompatible with liberty; wherefore, no *ex post facto* Law ought to be made; nor any retrospective oath or restriction be imposed, or required.

Art. 18. That no Law to attain particular persons of treason or felony, ought to be made in any case, or at any time, hereafter.

Art. 19. That every man, for any injury done to him in his person or property, ought to have remedy by the course of the Law of the Land, and ought to have justice and right, freely without sale, fully without any denial, and speedily without delay, according to the Law of the Land.

Art. 20. That the trial of facts, where they arise, is one of the greatest securities of the lives, liberties and estate of the People.

Art. 21. That in all criminal prosecutions, every man hath a right to be informed of the accusation against him; to have a copy of the Indictment, or charge, in due time (if required) to prepare for his defence; to be allowed counsel; to be confronted with the witnesses against him; to have process for his witnesses; to examine the witnesses for and against him on oath; and to a speedy trial by an impartial jury, without whose unanimous consent he ought not to be found guilty.

Art. 22. That no man ought to be compelled to give evidence against himself in a criminal case.

Art. 23.⁵ In the trial of all criminal cases, the Jury shall be the Judges of Law, as well as of fact, except that the Court may pass upon the sufficiency of the evidence to sustain a conviction.

The right of trial by Jury of all issues of fact in civil proceedings in the several Courts of Law in this State, where the amount in controversy exceeds the sum of five thousand dollars, shall be inviolably preserved.

Art. 24.⁶ That no man ought to be taken or imprisoned or disseized of his freehold, liberties or privileges, or out-

lawed, or exiled, or, in any manner, destroyed, or deprived of his life, liberty or property, but by the judgment of his peers, or by the Law of the land.

Art. 25. That excessive bail ought not to be required, nor excessive fines imposed, nor cruel or unusual punishment inflicted, by the Courts of Law.

Art. 26. That all warrants, without oath or affirmation, to search suspected places, or to seize any person or property, are grievous and oppressive; and all general warrants to search suspected places, or to apprehend suspected persons, without naming or describing the place, or the person in special, are illegal, and ought not to be granted.

Art. 27. That no conviction shall work corruption of blood or forfeiture of estate.

Art. 28. That a well regulated Militia is the proper and natural defence of a free Government.

Art. 29. That Standing Armies are dangerous to liberty, and ought not to be raised, or kept up, without the consent of the Legislature.

Art. 30. That in all cases, and at all times, the military ought to be under strict subordination to, and control of, the civil power.

Art. 31. That no soldier shall, in time of peace, be quartered in any house, without the consent of the owner, nor in time of war, except in the manner prescribed by Law.

Art. 32. That no person except regular soldiers, marines, and mariners in the service of this State, or militia, when in actual service, ought, in any case, to be subject to, or punishable by Martial Law.

Art. 33.⁷ That the independency and uprightness of Judges are essential to the impartial administration of Justice, and a great security to the rights and liberties of the People: Wherefore, the Judges shall not be removed, except in the manner, and for the causes provided in this Constitution. If the Governor approves he shall sign it, but if not he shall return it with his objections to the House in which it originated, which House shall enter the objections at large on its Journal and proceed to reconsider the Bill. (c) Any Bill presented to the Governor within six days (Sundays excepted), prior to adjournment of any session of the General Assembly, or after such adjournment, shall become law without the Governor's signature unless it is vetoed by the Governor within 30 days after its presentment.

(d) Any Bill vetoed by the Governor shall be returned to the House in which it originated immediately after the House has organized at the next regular or special session of the General Assembly. The Bill may then be reconsidered according to the procedure specified in this section. Any Bill enacted over the veto of the Governor, or any Bill which shall become law as the result of the failure of the Governor to act within the time specified, shall take effect 30 days after the Governor's veto is over-ridden, or on the date specified in the Bill, whichever is later. If the Bill is an emergency measure, it shall take effect when enacted. No such vetoed Bill shall be returned to the Legislature when a new General Assembly of Maryland has been elected and sworn since the passage of the vetoed Bill.

(d) The recommendation shall be introduced as a joint resolution in each house of the General Assembly not later than the fifteenth day of the session. The General Assembly may amend the joint resolution to decrease the recommended salaries, but may not amend the joint resolution to increase the recommended salaries. If the General Assembly fails to adopt a joint resolution in accordance with this section within 50 days after its introduction, the salaries recommended by the Commission shall apply. If the General Assembly amends the joint resolution in accordance with this section, the salaries specified in the joint resolution, as amended, shall apply. Where these changes are inconsistent with existing law, or create new governmental programs they shall be set forth in executive orders in statutory form which shall be submitted to the General Assembly within the first ten days of a regular session. An executive order that has been submitted shall

become effective and have the force of law on the date designated in the Order unless specifically disapproved, within fifty days after submission, by a resolution of disapproval concurred in by a majority vote of all members of either House of the General Assembly. No executive order reorganizing the Executive Branch shall abolish any office established by this Constitution or shall change the powers and duties delegated to particular officers or departments by this Constitution.

SEC. 14.⁵⁵ The General Assembly shall meet on the second Wednesday of January, nineteen hundred and seventy-one, and on the same day in every year thereafter, and at no other time, unless convened by Proclamation of the Governor. (3) Within 15 days after the beginning of the regular session of the General Assembly in 1974 and within 15 days after the beginning of the regular session in each fourth year thereafter, the Commission by formal resolution shall submit its determinations for compensation and allowances to the

SEC. 24. The House of Delegates may inquire, on the oath of witnesses, into all complaints, grievances and offences, as the grand inquest of the State, and may commit any person, for any crime, to the public jail, there to remain, until discharged by due course of Law. SEC. 27.⁵⁸ (a) Any bill may originate in either House of the General Assembly and be altered, amended or rejected by the other. No bill shall originate in either House during the last thirty-five calendar days of a regular session, unless two-thirds of the members elected thereto shall so determine by yeas and nays, and in addition the two Houses by joint and similar rule may further regulate the right to introduce bills during this period. A Bill may not become a law until it is read on three different days of the session in each House, unless two-thirds of the members elected to the House where such bill is pending determine by yeas and nays, and no bill shall be read a third time until it shall have been actually engrossed or printed for a third reading.

(b) Each House may adopt by rule a "consent calendar" procedure permitting bills to be read and voted upon as a single group on first, second and third readings, provided that the members of each House are afforded reasonable notice of the bills to be placed upon each "consent calendar." Upon the objection of any member, any bill in question shall be removed from the "consent calendar."

SEC. 28.⁵⁹ No bill, nor single group of bills placed on the "consent calendar," shall become a Law unless it be

ARTICLE IV.

JUDICIARY DEPARTMENT.

Part I—General Provisions.

SECTION 1.⁹⁶ The Judicial power of this State is vested in a Court of Appeals, such intermediate courts of appeal as the General Assembly may create by law, Circuit Courts, Orphans' Courts, and a District Court. These Courts shall be Courts of Record, and each shall have a seal to be used in the authentication of all process issuing from it.

SEC. 1A.⁹⁷ The several Courts existing in this State at the time of the adoption of this Constitution shall, until superseded under its provisions, continue with like powers and jurisdiction, and in the exercise thereof, both at Law and in Equity, in all respects, as if this Constitution had not been adopted; and when said Courts shall be so superseded, all causes, then depending in said Courts shall pass into the jurisdiction of the several Courts, by which they may, respectively, be superseded.

SEC. 2.⁹⁸ The Judges of all of the said Courts shall be citizens of the State of Maryland, and qualified voters under this Constitution, and shall have resided therein not less than five years, and not less than six months next preceding their election, or appointment, as the case may be, in the city, county, district, judicial circuit, intermediate appellate judicial circuit or appellate judicial circuit for which they may be, respectively, elected, or appointed. They shall be not less than thirty years of age at the time of their election, or appointment, and shall be selected from those who have been admitted to practice Law in this State, and who are most distinguished for integrity, wisdom and sound legal knowledge.

SEC. 3.⁹⁹ Except for Judges of the District Court, the Judges of the several Courts other than the Court of Appeals or any intermediate courts of appeal shall, subject to the provisions of Section 5 of this Article of the Constitution, be elected in Baltimore City and in each county, by the qualified voters of the city and of each county, respectively, all of the said Judges to be elected at the general election to be held on the Tuesday after the first Monday in November, as now provided for in the Constitution. Each of the said Judges shall

hold his office for the term of fifteen years from the time of his election, and until his successor is elected and qualified, or until he shall have attained the age of seventy years, whichever may first happen, and be re-eligible thereto until he shall have attained the age of seventy years, and not after. In case of the inability of any of said Judges to discharge his duties with efficiency, by reason of continued sickness, or of physical or mental infirmity, it shall be in the power of the General Assembly, two-thirds of the members of each House concurring, with the approval of the Governor to retire said Judge from office.

SEC. 3A.¹⁰⁰ (a) Any former judge, except a former judge of the Orphans' Court, may be assigned by the Chief Judge of the Court of Appeals, upon approval of a majority of the court, to sit temporarily in any court of this State, except an Orphans' Court, as provided by law.

(b) The provisions of this section apply, notwithstanding provisions appearing elsewhere in this Article pertaining to retirement of judges upon attaining age 70.

SEC. 4. Any Judge shall be removed from office by the Governor, on conviction in a Court of Law, of incompetency, of wilful neglect of duty, misbehavior in office, or any other crime, or on impeachment, according to this Constitution, or the Laws of the State; or on the address of the General Assembly, two-thirds of each House concurring in such address, and the accused having been notified of the charges against him, and having had opportunity of making his defence.

SEC. 4A.¹⁰¹ There is created a Commission on Judicial Disabilities composed of seven persons appointed by the Governor of Maryland. The members of the Commission shall be citizens and residents of this State. Four members of the Commission shall be appointed from among the judges of the appellate courts, the Circuit Courts, and the District Court; two members shall be appointed from among those persons who are admitted to practice of law in the State, who have been so engaged for at least fifteen years, and who are not judges of any court; and one member shall represent the public, who shall not be a judge, active or retired, and who is not admitted to the practice of law in this State. The term of office of each member shall be for four years commencing on January 1 following the expiration of his predecessor's term. Whenever any member of the Commission appointed from among judges in the State ceases to be a judge, when any member appointed from among those admitted to practice law becomes a judge, when any member representing the public becomes a judge or is admitted to the practice of law in this State, or when any member ceases to be a resident of the State, in such case the membership of this member shall forthwith terminate. Any vacancies on the Commission shall be filled for the unexpired term by the Governor in the same manner as for making of appointments to the Commission and subject to the same qualifications which were applicable to the person causing the vacancy. and detail as he shall determine or as may be prescribed by law; and the presiding officer of each House shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The Governor may, with the consent of the General Assembly, before final action thereon by the General Assembly, amend or supplement said Budget to correct an oversight, provide funds contingent on passage of pending legislation or, in case of an emergency, by delivering such an amendment or supplement to the presiding officers of both Houses; and such amendment or supplement shall thereby become a part of said Budget Bill as an addition to the items of said bill or as a modification of or a substitute for any item of said bill such amendment or supplement may affect.

(5a)⁸⁴ The Budget and the Budget Bill as submitted by the Governor to the General Assembly shall have a figure for the total of all proposed appropriations and a figure for the total of all estimated revenues available to pay the appropriations, and the figure for total proposed appropriations shall not exceed the figure for total estimated revenues. Neither the Governor in submitting an amendment or supplement to the Budget Bill nor the General Assembly in amending the Budget Bill shall thereby cause the figure for total proposed appropriations to exceed the figure for total estimated revenues, including any revisions, and in the Budget Bill as enacted the figure for total estimated revenues always shall be equal to or exceed the figure for total appropriations.

(6)⁸⁵ The General Assembly shall not amend the Budget Bill so as to affect either the obligations of the State under Section 34 of Article 3 of the Constitution, or the provisions made by the laws of the State for the establishment and maintenance of a system of public schools or the payment of any salaries required to be paid by the State of Maryland by the Constitution thereof; and the General Assembly may amend the bill by increasing or diminishing the items therein relating to the General Assembly, and by increasing or diminishing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein, provided, however, that the salary or compensation of any public officer shall not be decreased during his term of office; and such bill, when and as passed by both Houses, shall be a law immediately without further action by the Governor.

(7) The Governor and such representatives of the executive departments, boards, officers and commissions of the State expending or applying for State's moneys, as have been designated by the Governor for this purpose, shall have the right, and when requested by either House of the General Assembly, it shall be their duty to appear and be heard with respect to any Budget Bill during the consideration thereof, and to answer inquiries relative thereto.

(8)⁸⁶ Supplementary Appropriation Bill. Either House may consider other appropriations but both Houses shall not finally act upon such appropriations until after the Budget Bill has been finally acted upon by both Houses, and no such other appropriation shall be valid except in accordance with the provisions following: (a) Every such appropriation shall be embodied in a separate bill limited

to some single work, object or purpose therein stated and called herein a Supplementary Appropriation Bill; (b) Each Supplementary Appropriation Bill shall provide the revenue necessary to pay the appropriation thereby made by a tax, direct or indirect, to be levied and collected as shall be directed in said bill; (c) No Supplementary Appropriation Bill shall become a law unless it be passed in each House by a vote of a majority of the whole number of the members elected, and the yeas and nays recorded on its final passage; (d) Each Supplementary Appropriation Bill shall be presented to the Governor of the State as provided in Section 17 of Article 2 of the Constitution and thereafter all the provisions of said section shall apply.

(9) Nothing in this section shall be construed as preventing the General Assembly from passing at any time, in accordance with the provisions of Section 28 of Article 3 of the Constitution and subject to the Governor's power of approval as provided in Section 17 of Article 2 of the Constitution, an appropriation bill to provide for the payment of any obligation of the State within the protection of Section 10 of Article 1 of the Constitution of the United States.

(10)⁸⁷ If the Budget Bill shall not have been finally acted upon by the Legislature seven days before the expiration of the regular session, the Governor shall issue a proclamation extending the session for some further period as may, in his judgment, be necessary for the passage of such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

(11)⁸⁸ For the purpose of making up the Budget, the Governor shall require from the proper State officials (including all executive departments, all executive and administrative offices, bureaus, boards, commissions and agencies that expend or supervise the expenditure of, and all institutions applying for State moneys and appropriations) such itemized estimates and other information, in such form and at such times as directed by the Governor. An estimate for a program required to be funded by a law which will be in effect during the fiscal year covered by the Budget and which was enacted before July 1 of the fiscal year prior to that date shall provide a level of funding not less than that prescribed in the law. The estimates for the Legislative Department, certified by the presiding officer of each House, of the Judiciary, as provided by law, certified by the Chief Judge of the Court of Appeals, and for the public schools, as provided by law, shall be transmitted to the Governor, in such form and at such times as directed by the Governor, and shall be included in the Budget without revision.

(12)⁸⁹ The Governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and for all institutions applying for State moneys. ARTICLE IV.

JUDICIARY DEPARTMENT.

Part I—General Provisions.

SECTION 1.⁹⁶ The Judicial power of this State is vested in a Court of Appeals, such intermediate courts of appeal as the General Assembly may create by law, Circuit Courts, Orphans' Courts, and a District Court. These Courts shall be Courts of Record, and each shall have a seal to be used in the authentication of all process issuing from it.

SEC. 1A.⁹⁷ The several Courts existing in this State at the time of the adoption of this Constitution shall, until superseded under its provisions, continue with like powers and jurisdiction, and in the exercise thereof, both at Law and in Equity, in all respects, as if this Constitution had not been adopted; and when said Courts shall be so superseded, all causes, then depending in said Courts shall pass into the jurisdiction of the several Courts, by which they may, respectively, be superseded.

SEC. 2.⁹⁸ The Judges of all of the said Courts shall be citizens of the State of Maryland, and qualified voters under this Constitution, and shall have resided therein not less than five years, and not less than six months next preceding their election, or appointment, as the case may be, in the city, county, district, judicial circuit, intermediate appellate judicial circuit or appellate judicial circuit for which they may be, respectively, elected, or appointed. They shall be not less than thirty years of age at the time of their election, or appointment, and shall be selected from those who have been admitted to practice Law in this State, and who are most distinguished for integrity, wisdom and sound legal knowledge.

SEC. 3.⁹⁹ Except for Judges of the District Court, the Judges of the several Courts other than the Court of Appeals or any intermediate courts of appeal shall, subject to the provisions of Section 5 of this Article of the Constitution, be elected in Baltimore City and in each county, by the qualified voters of the city and of each county, respectively, all of the said Judges to be elected at the general election to be held on the Tuesday after the first Monday in November, as now provided for in the Constitution. Each of the said Judges shall

hold his office for the term of fifteen years from the time of his election, and until his successor is elected and qualified, or until he shall have attained the age of seventy years, whichever may first happen, and be re-eligible thereto until he shall have attained the age of seventy years, and not after. In case of the inability of any of said Judges to discharge his duties with efficiency, by reason of continued sickness, or of physical or mental infirmity, it shall be in the power of the General Assembly, two-thirds of the members of each House concurring, with the approval of the Governor to retire said Judge from office.

SEC. 3A.¹⁰⁰ (a) Any former judge, except a former judge of the Orphans' Court, may be assigned by the Chief Judge of the Court of Appeals, upon approval of a majority of the court, to sit temporarily in any court of this State, except an Orphans' Court, as provided by law.

(b) The provisions of this section apply, notwithstanding provisions appearing elsewhere in this Article pertaining to retirement of judges upon attaining age 70.

SEC. 4. Any Judge shall be removed from office by the Governor, on conviction in a Court of Law, of incompetency, of wilful neglect of duty, misbehavior in office, or any other crime, or on impeachment, according to this Constitution, or the Laws of the State; or on the address of the General Assembly, two-thirds of each House concurring in such address, and the accused having been notified of the charges against him, and having had opportunity of making his defence.

The term of office of each member shall be for four years commencing on January 1 following the expiration of his predecessor's term. Whenever any member of the Commission appointed from among judges in the State ceases to be a judge, when any member appointed from among those admitted to practice law becomes a judge, when any member representing the public becomes a judge or is admitted to the practice of law in this State, or when any member ceases to be a resident of the State, in such case the membership of this member shall forthwith terminate. Any vacancies on the Commission shall be filled for the unexpired term by the Governor in the same manner as for making of appointments to the Commission and subject to the same qualifications which were applicable to the person causing the vacancy. The power of courts other than the Court of Appeals to make rules of practice and procedure, or administrative rules, shall be subject to the rules and regulations adopted by the Court of Appeals or otherwise by law.

(b)¹¹⁹ The Chief Judge of the Court of Appeals shall be the administrative head of the Judicial system of the State. petition bearing the signatures of not less than 20% of the registered voters of said City or any County (Provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition), the Board of Election Supervisors of said City or County shall provide at the next general or congressional election, occurring after such demand or the filing of such petition, for the election of a charter board of eleven registered voters of said City or five registered voters in any such Counties. Nominations for members for said charter board may be made not less than forty days prior to said election by the Mayor of Baltimore and City Council of the City of Baltimore or the County Commissioners of such County, or not less than twenty days prior to said election by petition bearing the signatures written in their own handwriting (and not by their mark) of not less than 5% of the registered voters of the said City of Baltimore or said County; provided, that in any case two thousand signatures of registered voters shall be sufficient to complete any such nominating petition, and if not more than eleven registered voters of the City of Baltimore or not more than five registered voters in any such County are so nominated their names shall not be printed on the ballot, but said eleven registered voters in the City of Baltimore or five in such County shall constitute said charter board from and after the date of said election. At said election the ballot shall contain the names of said nominees in alphabetical order without any indication of the source of their nomination, and shall also be so arranged as to permit the voter to vote for or against the creation of said charter board, but the vote cast against said creation shall not be held to bar the voter from expressing his choice among the nominees for said board, and if the majority of the votes cast for and against the creation of said charter board shall be against said creation the election of the members of said charter board shall be void; but if such majority shall be in favor of the creation of said charter board, then and in that event the eleven nominees of the City of Baltimore or five nominees in the County receiving the largest number of votes shall constitute the charter board, and said charter board, or a majority thereof, shall prepare within twelve months from the date of said election a charter or form of government for said city or such county and present the same to the Mayor of Baltimore or President of the Board of County Commissioners of such county, who shall publish the same in at least two newspapers of general circulation published in the City of Baltimore or County within thirty days after it shall be reported to him. Such charter shall be submitted to the voters of said City or County at the next general or Congressional election after the report of said charter to said Mayor of Baltimore or President of the Board of County Commissioners; and if a majority of the votes cast for and against the adoption of said charter shall be in favor of such adoption, the said charter from and after the thirtieth day from the date of such election shall become the law of said City or County, subject only to the Constitution and Public General Laws of this State, and any public local laws inconsistent with the provisions of said charter and any former charter of the City of Baltimore or County shall be thereby repealed.

SEC. 1A.¹⁸⁰ The procedure provided in this section for adoption of a charter may be used in any county in lieu of the procedures provided in Section 1 of this Article, and a charter adopted pursuant to this section has the effect of a charter adopted in accordance with the provisions of Section 1. The board of county commissioners of any county at any time may appoint a charter board. Said

charter board shall be registered voters and shall consist of an uneven number of members, not fewer than five or more than nine. The board of county commissioners shall appoint a charter board within thirty days after receiving a petition signed by five percent of the registered voters of the county or by ten thousand voters of the county, whichever is the lesser number. If additional charter board members are nominated by petitions signed by three percent of the registered voters of the county or by two thousand registered voters, whichever is the lesser number, delivered to the board of county commissioners within sixty days after the charter board is appointed, the board of county commissioners shall call a special election not less than thirty or more than ninety days after receiving petitions, unless a regular election falls within the designated period. The appointees of the board of county commissioners and those nominated by petitions shall be placed on the ballot in alphabetical order without party designation. The voters may cast votes for, and elect a number of nominees equal to the number of charter board members originally selected by the board of county commissioners, and those so elected are the charter board. The charter board, within 18 months from the date of its appointment, or if there was an election for some of its members, within 18 months from the date of the election, shall present a proposed charter for the county to the board of county commissioners, which shall publish it at least twice in one or more newspapers of general circulation in the county within thirty days after it is presented. The charter shall be submitted to the voters of the county at a special or regular election held not earlier than thirty days or later than ninety days after publication of the charter. If a majority of the votes cast for and against the adoption of the charter are in favor of its adoption, the charter shall become effective as the charter of the county on the thirtieth day after the election or such later date as shall be specified in the charter.

SEC. 2.¹⁸¹ The General Assembly shall by public general law provide a grant of express powers for such County or Counties as may thereafter form a charter under the provisions of this Article. Such express powers granted to the Counties and the powers heretofore granted to the City of Baltimore, as set forth in Article 4, Section 6, Public Local Laws of Maryland, shall not be enlarged or extended by any charter formed under the provisions of this Article, but such powers may be extended, modified, amended or repealed by the General Assembly.

SEC. 3.¹⁸² Every charter so formed shall provide for an elective legislative body in which shall be vested the lawmaking power of said City or County. Such legislative body in the City of Baltimore shall be known as the City Council of the City of Baltimore, and in any county shall be known as the County Council of the County. The chief executive officer, if any such charter shall provide for the election of such executive officer, or the presiding officer of said legislative body, if such charter shall not provide for the election of a chief executive officer, shall be known in the City of Baltimore as Mayor of Baltimore, and in any County as the President or Chairman of the County Council of the County, and all references in the Constitution and laws of this State to the Mayor of Baltimore and City Council of the City of Baltimore or to the County Commissioners of the Counties, shall be construed to refer to the Mayor of Baltimore and City Council of the City of

Baltimore and to the President or Chairman and County Council herein provided for whenever such construction would be reasonable. From and after the adoption of a charter by the City of Baltimore, or any County of this State, as hereinbefore provided, the Mayor of Baltimore and City Council of the City of Baltimore or the County Council of said County, subject to the Constitution and Public General Laws of this State, shall have full power to enact local laws of said City or County including the power to repeal or amend local laws of said City or County enacted by the General Assembly, upon all matters covered by the express powers granted as above provided; provided that nothing herein contained shall be construed to authorize or empower the County Council of any County in this State to enact laws or regulations for any incorporated town, village, or municipality in said County, on any matter covered by the powers granted to said town, village, or municipality by the Act incorporating it, or any subsequent Act or Acts amendatory thereto. Provided, however, that the charters for the various Counties shall specify the number of days, not to exceed forty-five, which may but need not be consecutive, that the County Council of the Counties may sit in each year for the purpose of enacting legislation for such Counties, and all legislation shall be enacted at the times so designated for that purpose in the charter, and the title or a summary of all laws and ordinances proposed shall be published once a week for two successive weeks prior to enactment followed by publication once after enactment in at least one newspaper of general circulation in the county, so that the taxpayers and citizens may have notice thereof. SEC. 3A.¹⁸³ (a) The charter for the government of any county governed by the provisions of this Article may provide for the election of members of the county council by the voters of councilmanic districts therein established, or by the voters of the entire county, or by a combination of these methods of election.

(d) Notwithstanding any other provision of this Constitution, the Charter for the government of Harford County under the provisions of this Article, either as adopted, or by amendment, shall provide for the election of members of the County Council by the voters of the entire county.

SEC. 4. From and after the adoption of a charter under the provisions of this Article by the City of Baltimore or any County of this State, no public local law shall be

enacted by the General Assembly for said City or County on any subject covered by the express powers granted as above provided. Any law so drawn as to apply to two or more of the geographical sub-divisions of this State shall not be deemed a Local Law, within the meaning of this Act. The term "geographical sub-division" herein used shall be taken to mean the City of Baltimore or any of the Counties of this State.

SEC. 5.¹⁸⁶ Amendments to any charter adopted by the City of Baltimore or by any County of this State under the provisions of this Article may be proposed by a resolution of the Mayor of Baltimore and the City Council of the City of Baltimore, or the Council of the County, or by a petition signed by not less than 20% of the registered voters of the City or County, provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition. A petition shall be filed with the Mayor of Baltimore or the President of the County Council. An amendment so proposed shall be submitted to the voters of the City or County at the next general or congressional election occurring after the passage of the resolution or the filing of the petition. If at the election the majority of the votes cast for and against the amendment shall be in favor thereof, the amendment shall be adopted and become a part of the charter of the City or County from and after the thirtieth day after said election. The amendments shall be published by the Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to the election in at least one newspaper published in said City or County.

SEC. 6. The power heretofore conferred upon the General Assembly to prescribe the number, compensation, powers and duties of the County Commissioners in each county, and the power to make changes in Sections 1 to 6 inclusive, Article XI of this Constitution, when expressly granted as hereinbefore provided, are hereby transferred to the voters of each County and the voters of City of Baltimore, respectively, provided that said powers so transferred shall be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said Counties or City as this Article sets forth.

SEC. 7.¹⁸⁷ The word "Petition" as used in this Article means one or more sheets written or printed, or partly written and partly printed. There shall be attached to each paper of signatures filed with a petition an affidavit of the person procuring those signatures that the signatures were affixed in his presence and that, based upon the person's best knowledge and belief, every signature on the paper is genuine and bona fide and that the signers are registered voters at the address set opposite or below their names. The General Assembly shall prescribe by law the form of the petition, the manner for verifying its authenticity, and other administrative procedures which facilitate the petition process and which are not in conflict with this Article. The false signing of any name, or the signing of any fictitious name to said petition shall be forgery, and the making of any false affidavit in connection with said petition shall be perjury.

SECTION 1. It shall be the duty of the General Assembly to provide by law the method by which new municipal corporations shall be formed.

SEC. 2. The General Assembly, by law, shall classify all such municipal corporations by grouping them into not more than four classes based on populations as determined by the most recent census made under the authority of the United States or the State of Maryland. No more than one

such grouping of municipal corporations into four (or fewer) classes shall be in effect at any time, and the enactment of any such grouping of municipal corporations into four (or fewer) classes shall repeal any such grouping of municipal corporations into four (or fewer) classes then in effect. Municipal corporations shall be classified only as provided in this section and not otherwise.

SEC. 3. Any such municipal corporation, now existing or hereafter created, shall have the power and authority, (a) to amend or repeal an existing charter or local laws relating to the incorporation, organization, government, or affairs of said municipal corporation heretofore enacted by the General Assembly of Maryland, and (b) to adopt a new charter, and to amend or repeal any charter adopted under the provisions of this Article.

SEC. 4. The adoption of a new charter, the amendment of any charter or local laws, or the repeal of any part of a charter or local laws shall be proposed either by a resolution of the legislative body of any such municipal corporation or by a petition containing the signatures of at least five per cent of the registered voters of a municipal corporation and filed with the legislative body of said municipal corporation. The General Assembly shall amplify the provisions of this section by general law in any manner not inconsistent with this Article.

SEC. 5. Notwithstanding any other provision in this Article, the General Assembly may enact, amend, or repeal local laws placing a maximum limit on the rate at which property taxes may be imposed by any such municipal corporation and regulating the maximum amount of debt which may be incurred by any municipal corporation. However, no such local law shall become effective in regard to a municipal corporation until and unless it shall have been approved at a regular or special municipal election by a majority of the voters of that municipal corporation voting on the question. No such municipal corporation shall levy any type of tax, license fee, franchise tax or fee which was not in effect in such municipal corporation on January 1, 1954, unless it shall receive the express authorization of the General Assembly for such purpose, by a general law which in its terms and its effect applies alike to all municipal corporations in one or more of the classes provided for in Section 2 of this Article. All charter provisions enacted under the authority of Section 3 of this Article shall be subject to any local laws enacted by the General Assembly and approved by the municipal voters under the provisions of this section.

SEC. 6. All charter provisions, or amendments thereto, adopted under the provisions of this Article, shall be subject to all applicable laws enacted by the General Assembly; except that any local laws, or amendments thereto, relating to the incorporation, organization, government, or affairs of any municipal corporation and enacted before this Article becomes effective, shall be subject to any charter provisions, or amendments thereto, adopted under the provisions of this Article. Any local law, or amendments thereto, relating to the incorporation, organization, government, or affairs of any municipal corporation and in effect at the time this Article becomes effective, shall be subject to any applicable State law enacted after this Article becomes effective. All laws enacted by the General Assembly and in effect at the time this Article becomes effective, shall remain in effect until amended or repealed in accordance with the provisions of this Constitution. Nothing in this Article shall be construed to authorize any municipal corporation by any amendment or addition to its charter, to permit any act which is prohibited by the laws of this

State concerning the observance of the Sabbath Day or the manufacture, licensing or sale of alcoholic beverages.

ARTICLE XI-E¹⁹⁹

HOME RULE FOR CODE COUNTIES.

SECTION 1. For the purposes of this Article, (1) "code county" means a county which is not a charter county under Article 11A of this Constitution and has adopted the optional powers of home rule provided under this Article; and (2) "public local law" means a law applicable to the incorporation, organization, or government of a code county and contained in the county's code of public local laws; but this latter term specifically does not include (i) the charters of municipal corporations under Article 11E of this Constitution, (ii) the laws or charters of counties under Article 11A of this Constitution, (iii) laws, whether or not Statewide in application, in the code of public general laws, (iv) laws which apply to more than one county, and (v) ordinances and resolutions of the county government enacted under public local laws.

SEC. 2. The governing body of any county, by a vote of at least two-thirds of the members elected thereto, may propose by resolution that the county become a code county and be governed by the provisions of this Article. Upon the adoption of such a resolution, it shall be certified to the Board of Supervisors of Elections in the county, which Board (pursuant to the election laws of the State) shall submit to the voters of the county at the next ensuing general election the question whether the resolution shall be approved or rejected. If in the referendum a majority of those persons voting on this question vote for the resolution, the resolution is approved, and the county shall become a code county under the provisions of this Article, on the thirtieth day after the election. If in the referendum a majority of those persons voting on this question vote against the resolution, the resolution is rejected, and of no further effect.

Provided that if at the next ensuing general election there shall be submitted to the voters of the county a proposed charter under Article 11A of this Constitution, the proposed charter only shall be submitted to the voters at that next ensuing general election. If the proposed charter is adopted by the voters, this particular resolution to become a code county shall not be submitted to the voters and shall have no further effect. If the proposed charter is rejected by the voters, the code question under this Article shall be submitted to the voters at the general election two years later, and no charter question under Article 11A shall be submitted to the voters at that general election.

SEC. 3. Except as otherwise provided in this Article, a code county may enact, amend, or repeal a public local law of that county, following the procedure in this Article.

SEC. 4. Except as otherwise provided in this Article, the General Assembly shall not enact, amend, or repeal a public local law which is special or local in its terms or effect within a code county. The General Assembly may enact, amend, or repeal public local laws applicable to code counties only by general enactments which in term and effect apply alike to all code counties in one or more of the classes provided for in Section 5 of this Article.

SEC. 5. The General Assembly, by law, shall classify all code counties by grouping them into not more than four classes based either upon population as determined in the most recent Federal or State census or upon such other criteria as determined by the General Assembly to be

appropriate. Not more than one such grouping of code counties into four (or fewer) classes may be in effect at any one time, and the enactment of any grouping of code counties into four (or fewer) classes repeals any other such grouping then in effect. Code counties may be classified only as provided in this section.

SEC. 6. A code county may enact, amend, or repeal a public local law of that county by a resolution of the board of county commissioners. The General Assembly may amplify the provisions of this section by general law in any manner not inconsistent with this Article.

SEC. 7. Any action of a code county in the enactment, amendment, or repeal of a public local law is subject to a referendum of the voters in the county, as in this section provided. The enactment, amendment, or repeal shall be effective unless a petition of the registered voters of the county requires that it be submitted to a referendum of the voters in the county. The General Assembly shall amplify the provisions of this section by general law in any manner not inconsistent with this Article, except that in any event the number of signatures required on such a petition shall not be fewer than five percentum (5%) of the voters in a county registered for county and State elections.

SEC. 8. Notwithstanding any other provisions of this Article, the General Assembly has exclusive power to enact, amend, or repeal any local law for a code county which (1) authorizes or places a maximum limit upon the rate of property taxes which may be imposed by the code county; or (2) authorizes or regulates the maximum amount of indebtedness which may be incurred by the code county. Public local laws enacted by the General Assembly under this section prevail over any public local laws enacted by the code county under other sections in this Article.

SEC. 9. A code county shall not levy any type of tax, license fee, franchise tax, or fee which was not in effect or authorized in the code county at the time it came under the provisions of this Article, until an express authorization of the General Assembly has been enacted for this purpose by a general law which in its terms and effect applies alike to all code counties in one or more of the classes provided for in Section 5 of this Article.

SEC. 10. All laws enacted by the General Assembly and in effect when this Article was added to the Constitution shall remain in effect until amended or repealed under this Constitution. Every public local law enacted, amended, or repealed by a county under the provisions of this Article prevails over the previous public local law, except to the extent it is subject to an applicable law enacted by the General Assembly.

ARTICLE XIV.

AMENDMENTS TO THE CONSTITUTION.

SEC. 1.²⁰⁹ The General Assembly may propose amendments to this Constitution; provided that each amendment shall be embraced in a separate bill, embodying the Article or Section, as the same will stand when amended and passed by three-fifths of all the members elected to each of the two Houses, by yeas and nays, to be entered on the Journals with the proposed amendment. The requirement in this section that an amendment proposed by the General Assembly shall be embraced in a separate bill shall not be construed or applied to prevent the General Assembly from (1) proposing in one bill a series of amendments to the Constitution of Maryland for the general purpose of removing or correcting constitutional provisions which are obsolete, inaccurate, invalid, unconstitutional, or duplicative; or (2) embodying in a single Constitutional amendment one or more Articles of the Constitution so long as that Constitutional amendment embraces only a single subject. The bill or bills proposing amendment or amendments shall be publicized, either by publishing, by order of the Governor, in at least two newspapers, in each County, where so many may be published, and where not more than one may be published, then in that newspaper, and in three newspapers published in the City of Baltimore, once a week for four weeks, or as otherwise ordered by the Governor in a manner provided by law, immediately preceding the next ensuing general election, at which the proposed amendment or amendments shall be submitted, in a form to be prescribed by the General Assembly, to the qualified voters of the State for adoption or rejection. The votes cast for and against said proposed amendment or amendments, severally, shall be returned to the Governor, in the manner prescribed in other cases, and if it shall appear to the Governor that a majority of the votes cast at said election on said amendment or amendments, severally, were cast in favor thereof, the Governor shall, by his proclamation, declare the said amendment or amendments having received said majority of votes, to have been adopted by the people of Maryland as part of the Constitution thereof, and thenceforth said amendment or amendments shall be part of the said Constitution. If the General Assembly determines that a proposed Constitutional amendment affects only one county or the City of Baltimore,

206 Amended by Chapter 362, Acts of 1890, ratified Nov. 3, 1891.

207 Amended by Chapter 618, Acts of 1947, ratified Nov. 2, 1948; Chapter 550, Acts of 1976, ratified Nov. 2, 1976; Chapter 681, Acts of 1977, ratified Nov. 7, 1978.

208 Originally Article XIII, sec. 6, this section was renumbered with the repeal of sections 2 through 5 by Chapter 681, Acts of 1977, ratified Nov. 7, 1978.

209 Amended by Chapter 476, Acts of 1943, ratified Nov. 7, 1944; Chapter 367, Acts of 1972, ratified Nov. 7, 1972; Chapter 679, Acts of 1977, and Chapter 975, Acts of 1978, ratified Nov. 7, 1978.

the proposed amendment shall be part of the Constitution if it receives a majority of the votes cast in the State and in the affected county or City of Baltimore, as the case may be. When two or more amendments shall be submitted to the voters of this State at the same election, they shall be so submitted as that each amendment shall be voted on separately.

SEC. 1A.²¹⁰ A proposed Constitutional amendment which, by provisions that are of limited duration, provides for a period of transition, or a unique schedule under which the terms of the amendment are to become effective, shall set forth those provisions in the amendment as a section or sections of a separate article, to be known as "provisions of limited duration", and state the date upon which or the circumstances under which those provisions shall expire. If the Constitutional amendment is adopted, those provisions of limited duration shall have the same force and effect as any other part of the Constitution, except that they shall remain a part of the Constitution only so long as their terms require. Each new section of the article known as "provisions of limited duration" shall refer to the title and section of the other article of the Constitution of which it, temporarily, is a part.

SEC. 2.²¹¹ It shall be the duty of the General Assembly to provide by Law for taking, at the general election to be held in the year nineteen hundred and seventy, and every twenty years thereafter, the sense of the People in regard to calling a Convention for altering this Constitution; and if a majority of voters at such election or elections shall vote for a Convention, the General Assembly, at its next session, shall provide by Law for the assembling of such convention, and for the election of Delegates thereto. Each County, and Legislative District of the City of Baltimore, shall have in such Convention a number of Delegates equal to its representation in both Houses at the time at which the Convention is called. But any Constitution, or change, or amendment of the existing Constitution, which may be adopted by such Convention, shall be submitted to the voters of this State, and shall have no effect unless the same shall have been adopted by a majority of the voters voting thereon.

ARTICLE XV.

MISCELLANEOUS.

SECTION 1.²¹² Every person holding any office created by, or existing under the Constitution, or Laws of the State, or holding any appointment under any Court of this State, whose pay, or compensation is derived from fees, or moneys coming into his hands for the discharge of his official duties, or, in any way, growing out of, or connected with his office, shall keep a book in which shall be entered every sum, or sums of money, received by him, or on his account, as a payment or compensation for his performance of official duties, a copy of which entries in said book, verified by the oath of the officer, by whom it is directed to be kept, shall be returned yearly to the Comptroller of the State for his

inspection, and that of the General Assembly of the State, to which the Comptroller shall, at each regular session thereof, make a report showing what officers have complied with this Section; and each of the said officers, when the amount received by him for the year shall exceed the sum which he is by Law entitled to retain, as his salary or compensation for the discharge of his duties, and for the expenses of his office, shall yearly pay over to the Treasurer of the State the amount of such excess, subject to such disposition thereof as the General Assembly may direct; if any of such officers shall fail to comply with the requisitions of this section for the period of thirty days after the expiration of each and every year of his office, such officer shall be deemed to have vacated his office, and the Governor shall declare the same vacant, and the vacancy therein shall be filled as in the case of vacancy for any other cause, and such officer shall be subject to suit by the State for the amount that ought to be paid into the Treasury.

SEC. 2.²¹³ Any elected official of the State, or of a county or of a municipal corporation who during his term of office is convicted of or enters a plea of *nolo contendere* to any crime which is a felony, or which is a misdemeanor related to his public duties and responsibilities and involves moral turpitude for which the penalty may be incarceration in any penal institution, shall be suspended by operation of law without pay or benefits from the elective office. During and for the period of suspension of the elected official, the appropriate governing body and/or official authorized by law to fill any vacancy in the elective office shall appoint a person to temporarily fill the elective office, provided that if the elective office is one for which automatic succession is provided by law, then in such event the person entitled to succeed to the office shall temporarily fill the elective office. If the conviction becomes final, after judicial review or otherwise, such elected official shall be removed from the elective office by operation of Law and the office shall be deemed vacant. If the conviction of the elected official is reversed or overturned, the elected official shall be reinstated by operation of Law to the elective office for the remainder, if any, of the elective term of office during which he was so suspended or removed, and all pay and benefits shall be restored.

SEC. 3.²¹⁴ No person who is a member of an organization that advocates the overthrow of the Government of the United States or of the State of Maryland through force or violence shall be eligible to hold any office, be it elective or appointive, or any other position of profit or trust in the Government of or in the administration of the business of this State or of any county, municipality or other political subdivision of this State.

SEC. 4.²¹⁵ Vacant.

SEC. 5.²¹⁶ Except as the Constitution provides otherwise for any office, the General Assembly may provide by law for a person to act in place of any elected or appointed officer of the State who is unavailable to perform the duties of his office because he has become unable or is or will be absent.

ARTICLE XVI.²²³

THE REFERENDUM.

SECTION 1. (a) The people reserve to themselves power known as The Referendum, by petition to have submitted to the registered voters of the State, to approve or reject at the polls, any Act, or part of any Act of the General Assembly, if approved by the Governor, or, if passed by the General Assembly over the veto of the Governor;

(b) The provisions of this Article shall be self-executing; provided that additional legislation in furtherance thereof and not in conflict therewith may be enacted.

SEC. 2.²²⁴ No law enacted by the General Assembly shall take effect until the first day of June next after the session at which it may be passed, unless it contains a Section declaring such law an emergency law and necessary for the immediate preservation of the public health or safety and is passed upon a ye and nay vote supported by three-fifths of all the members elected to each of the two Houses of the General Assembly. The effective date of a law other than an emergency law may be extended as provided in Section 3 (b) hereof. If before said first day of June there shall have been filed with the Secretary of the State a petition to refer to a vote of the people any law or part of a law capable of referendum, as in this Article provided, the same shall be referred by the Secretary of State to such vote, and shall not become a law or take effect until thirty days after its approval by a majority of the electors voting thereon at the next ensuing election held throughout the State for Members of the House of Representatives of the United States. An emergency law shall remain in force notwithstanding such petition, but shall stand repealed thirty days after having been rejected by a majority of the qualified electors voting thereon. No measure creating or abolishing any office, or changing the salary, term or duty of any officer, or granting any franchise or special privilege, or creating any vested right or interest, shall be enacted as an emergency law. No law making any appropriation for maintaining the State Government, or for maintaining or aiding any public institution, not exceeding the next previous appropriation for the same purpose, shall be subject to rejection or repeal under this Section. The increase in any such appropriation for maintaining or aiding any public institution shall only take effect as in the case of other laws, and such increase or any part

thereof specified in the petition, may be referred to a vote of the people upon petition.

SEC. 3.²²⁵ (a) The referendum petition against an Act or part of an Act passed by the General Assembly, shall be sufficient if signed by three percent of the qualified voters of the State of Maryland, calculated upon the whole number of votes cast for Governor at the last preceding Gubernatorial election, of whom not more than half are residents of Baltimore City, or of any one County. However, any Public Local Law for any one County or the City of Baltimore, shall be referred by the Secretary of State only to the people of the County or City of Baltimore, upon a referendum petition of ten percent of the qualified voters of the County or City of Baltimore, as the case may be, calculated upon the whole number of votes cast respectively for Governor at the last preceding Gubernatorial election.

(b) If more than one-third, but less than the full number of signatures required to complete any referendum petition against any law passed by the General Assembly, be filed with the Secretary of State before the first day of June, the time for the law to take effect and for filing the remainder of signatures to complete the petition shall be extended to the thirtieth day of the same month, with like effect.

If an Act is passed less than 45 days prior to June 1, it may not become effective sooner than 31 days after its passage. To bring this Act to referendum, the first one-third of the required number of signatures to a petition shall be submitted within 30 days after its passage. If the first one-third of the required number of signatures is submitted to the Secretary of State within 30 days after its passage, the time for the Act to take effect and for filing the remainder of the signatures to complete the petition shall be extended for an additional 30 days.

(c) In this Article, "pass" or "passed" means any final action upon any Act or part of an Act by both Houses of the General Assembly; and "enact" or "enacted" means approval of an Act or part of an Act by the Governor.

(d) Signatures on a petition for referendum on an Act or part of an Act may be signed at any time after the Act or part of an Act is passed.

SEC. 4.²²⁶ A petition may consist of several papers, but each paper shall contain the full text, or an accurate summary approved by the Attorney General, of the Act or part of Act petitioned. There shall be attached to each paper of signatures filed with a petition an affidavit of the person procuring those signatures that the signatures were affixed in his presence and that, based upon the person's best knowledge and belief, every signature on the paper is genuine and bona fide and that the signers are registered voters at the address set opposite or below their names. The General Assembly shall prescribe by law the form of the petition, the manner for verifying its authenticity, and other administrative procedures which facilitate the petition process and which are not in conflict with this Article.

SEC. 5. (a) The General Assembly shall provide for furnishing the voters of the State the text of all measures to be voted upon by the people; provided, that until otherwise provided by law the same shall be published in the manner prescribed by Article XIV of the Constitution for the publication of proposed Constitutional Amendments.

(b) All laws referred under the provisions of this Article shall be submitted separately on the ballots to the voters of the people, but if containing more than two hundred words, the full text shall not be printed on the official ballots, but the Secretary of State shall prepare and submit a ballot title of each such measure in such form as to present the purpose of said measure concisely and intelligently. The ballot title may be distinct from the legislative title, but in any case the legislative title shall be sufficient. Upon each of the ballots, following the ballot title or text, as the case may be, of each such measure, there shall be printed the words "For the referred law" and "Against the referred law," as the case may be. The votes cast for and against any such referred law shall be returned to the Governor in the manner prescribed with respect to proposed amendments to the Constitution under Article XIV of this Constitution, and the Governor shall proclaim the result of the election, and, if it shall appear that the majority of the votes cast on any such measure were cast in favor thereof, the Governor shall by his proclamation declare the same having received a majority of the votes to have been adopted by the people of Maryland as a part of the laws of the State, to take effect thirty days after such election, and in like manner and with like effect the Governor shall proclaim the result of the local election as to any Public Local Law which shall have been submitted to the voters of any County or of the City of Baltimore.

SEC. 1.²²⁹ The purpose of this Article is to reduce the number of elections by providing that all State and county elections shall be held only in every fourth year, and at the time provided by law for holding congressional elections, and to bring the terms of appointive officers into harmony with the changes effected in the time of the beginning of the terms of elective officers. The administrative and judicial officers of the State shall construe the provisions of this Article so as to effectuate that purpose. SEC. 9.²³⁷ In the event of any inconsistency between the provisions of this Article and any of the other provisions of the Constitution, the provisions of this Article shall prevail, and all other provisions shall be repealed or abrogated to the extent of such inconsistency.
